ANNEXURE

In the matter of an industrial dispute existing between Messrs. Hamilton & Co. Private Ltd., 8 Old Court House Street, Calcutta-1 and one of their employees, Shri Surendra Nath Karmakar represented by Hamilton Jewellery Workers' Union, 1/1 Tarak Mitra Lane, Calcutta-26. (Case No. VIII-151 of 1958.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI S. R. GHOSH, *Judge, Third Industrial Tribunal.*

For the Union: Shri H. L. Roy, Advocate.

For the Company: Shri B. K. Chowdhury, Counsel, instructed by Mr. F. J. Coelho.

By order No. 2988-I.R./IR/11L-448/57, dated the 18th July 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Hamilton & Co., Private, Ltd., 8 Old Court House Street, Calcutta-1, and one of their employees, Shri Surendra Nath Karmakar represented by Hamilton Jewellery Workers' Union, 1/1 Tarak Mitra Lane, Calcutta-26, regarding the matter specified in the schedule, to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

2. The reference is in respect of a dispute between Messrs. Hamilton & Co., Private, Ltd., 8 Old Court House Street, Calcutta-1 (hereinafter described as the Company), and one of the employees Shri Surendra Nath Karmakar represented by Hamilton Jewellery Workers' Union (hereinafter described as the Union) regarding the following issue mentioned in the reference:—

> Whether the retrenchment of Shri Surendranath Karmakar is justified? What relief is he entitled?

3. Notices were duly served on the parties and they filed their respective written statements. The case was opened on 10th June 1959. On that date the learned Counsel for the Company raised a preliminary objection as set forth in paragraph 4 of the Company's written statement that the Tribunal has no jurisdiction to adjudicate on this dispute because the dispute referred to is not an industrial dispute. On this point arguments were heard on both sides on 10th June 1959 and 24th June 1959. Award was reserved.

AWARD

The admitted facts are briefly these:

Shri Surendra Nath Karmakar was working as a chaser under the Company for about 7 years and was, according to the Union, a piece-rated worker. He was retrenched for shortage of work for chasers by the Company with effect from 13th November 1957. According to the Union the plea of shortage of work was a myth and that the retrenchment of Shri Surendra Nath Karmakar, a workman under the Company, was not justified.

The preliminary objection taken on behalf of the Company relates to the question of jurisdiction of this Tribunal to adjudicate upon the present dispute. In paragraph 4 of its written statement and as argued on its behalf the objection raised by the Company is that the dispute referred for adjudication to this Tribunal is not an industrial dispute because (i) said Shri Surendra Nath Karmakar is an independent worker and not a workman under the Company, and (ii) the dispute referred for adjudication is an individual dispute and that as such this Tribunal has no jurisdiction to adjudicate upon the said dispute.

So far as the second ground, that is, the contention that the dispute is an individual dispute, is concerned, I must say at once it is not of any substance. If it is found that Shri Surendra Nath Karmakar was an employee, a workman under the Company, the present dispute will be a dispute between the employer and an individual employee represented by Hamilton Jewellery Workers' Union. It is now well-settled by judicial decisions that the case of an individual workman, if espoused by the workers' Union, constitutes an industrial dispute. In this case Shri Surendra Nath Karmakar, who was a workman under the Company according to the Union, though not according to the Company, is represented by the Hamilton Jewellery Workers' Union and as such his cause is espoused by workers' Union. Therefore, it will be an industrial dispute, namely, a collective dispute and not an individual dispute. So everything hinges upon the finding whether Shri Surendra Nath Karmakar was a workman under the Company within the meaning of section 2(s) of the Industrial Disputes Act, 1947, as amended in 1956. If he is not a workman, the dispute referred for adjudication will fall far short of an industrial dispute and this Tribunal will have no jurisdiction to adjudicate upon it because under section 10 of the Act only the industrial dispute can be referred to for adjudication to the Tribunal constituted under the Act. In that case the question whether the dispute is individual or collective will be absolutely immaterial.

Next I turn to the first ground of objection, namely, whether Shri Surendra Nath Karmakar was an independent worker and not a workman under the Company as alleged by the Company or whether he was a workman under the Company as alleged by the Union.

According to the Union Shri Surendra Nath Karmakar was a workman and it is conceded by the learned Lawyer representing him that he was a piece-rated worker. Said Shri Surendra Nath Karmakar had put in seven years of service as a chaser as stated in paragraph 13 of Union's written statement. According to the Company Shri Surendra Nath Karmakar was not a workman under the Company but an independent contractor or artisan working in jobs particularly assigned to him and receiving remuneration for the same. The Company further states that the case of contractors or artisans was decided in a reference before the Fourth Industrial Tribunal, West Bengal, in case No. 109 of 1952 where it was held that the contractors were not workmen within the meaning of the Industrial Disputes Act and that this decision was confirmed by the Hon'ble Labour Appellate Tribunal in Appeal No. Calcutta 74 of 1953 (Ext. B) and also confirmed by the Hon'ble High Court at Calcutta by decision, dated 11th June 1958, in Civil Rule No. 1185 of 1956 (Ext. A). It is found from these two judgment-Exts. A and B that there was an industrial dispute between Messrs. Hamilton & Co., Private, Ltd. and their workmen, namely, 53 piece-rated workers represented by the Union. It has been found by the Hon'ble Appellate Tribunal as well as by the Hon'ble High Court at Calcutta that the 53 piece-rated workers were not workmen within the meaning of workmen as defined in the Industrial Disputes Act. On the basis of these two decisions I cannot but find that Shri Surendra Nath Karmakar, who was a chaser, i.e., a piece-rate worker under the Company, was merely an independent contractor and not a workman within the definition of the term in section 2(s) of the Industrial Disputes Act. The matter is concluded between the parties by these two decisions. In the circumstances I find that Shri Surendra Nath Karmakar was an independent contractor and not a workmen under the Company and, therefore. there was no relationship of employer and employee between the Company and said Shri Surendra Nath Karmakar and as such the dispute concerning retrenchment of Shri Surendra Nath Karmakar, who was not a workman under the Company, is not an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act, 1947.

It has been urged on behalf of the Union that the letter by which the Company retrenched Shri Surendra Nath Karmakar (Annexure A to Union's written statement) clearly shows that Company treated Shri Surendra Nath Karmakar as its workman when the notice was for dispensing with his services. To this Company's reply is that by this letter the Company merely intended to give notice to Shri Surendra Nath Kurmakar that for paucity of work for chaser his services were no longer required and that Shri Surendra Nath Karmakar ceased to be a contractor under the Company. In view of the decisions referred to above I cannot give any importance to the language of the letter in Annexure A. It does not show that Shri Surendra Nath was treated as a workman by the Company.

It has been urged in the second place on behalf of the Union that there may be an industrial dispute between an employer and "any person" other than a workman within the meaning of section 2(k) of the Industrial Disputes Act. Under this Act "Industrial dispute" means "any dispute or difference between employers and employers, or between employers and workmen, or between workmen and workmen, which is connected with the employment or non-employment or terms of employment or with the conditions of labour, of any person." Now the expression "any person" has been interpreted by Their Lordships of the Supreme Court in the case of workmen of Dimakuchi Tea Estate *versus* Management of Dimakuchi Tea Estate (reported in A.I.R. 1958 S.C., page 353). Their Lordships held that the expression "any person" in section 2(k) of the Act must be read "subject to such limitations and qualifications as arising from the context". The two crucial limitations are—(1) The dispute must be a real dispute between the parties to the dispute (as indicated in the first two parts of the definition clause) so as to be capable of settlement or adjudication by one party to the dispute giving necessary relief to the other, and (2) the person regarding the dispute is raised must be one in whose employment, non-employment, terms of employment, or conditions of labour (as the case may be) the workmen as a class have a direct or substantial interest. In the present case Shri Surendra Nath Karmakar being an independent contractor and not a workman, all members of the Hamilton Jewellery Workers' Union will have no direct or substantial interest in the employment, non-employment, terms of employment or conditions of labour of an independent contractor like Shri Surendra Nath. Therefore, in any view of the matter, the dispute regarding retrenchment of Shri Surendra Nath Karmakar, who is not a workman or in whose employment or nonemployment or conditions of service the workers of the Company have no direct or substantial interest cannot be regarded as an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act, 1947. Under section 10 of the Act, the Tribunal has only jurisdiction to adjudicate upon an industrial dispute referred to it for adjudication. In the present case the dispute in question being not an industrial dispute this Tribunal has got no jurisdiction to adjudicate upon the dispute referred to this Tribunal under the present reference.

I, therefore, give effect to the preliminary objection regarding jurisdiction raised on behalf of the Company and find that this Tribunal has no jurisdiction to grant any relief to Shri Surendra Nath Karmakar and as such has no jurisdiction to adjudicate upon the present dispute on merits.

This is my award.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, filed by Shri Jacob Barua against Messrs. Jardine Henderson Ltd., 4 Clive Row, Calcutta-1, in connection with Government order No. 4206-I.R., dated 9th November 1957.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI S. R. GHOSH. *Judge, Third Industrial Tribunal.*

Miscellaneous Case No. 16 of 1959, under section 33A of the Industrial Disputes Act.

Shri Jacob Barua, 4/1D Gope Lane, P.S. Entally, Calcutta—Complainant,

versus

Messrs. Jardine Henderson Ltd., 4 Clive Row, Calcutta-1—Opposite Party.

For the complainant: Shri Tarit Kumar Nag, Advocate.

For the Company: Shri S. R. Zachariah instructed by Shri B. P. Srivastaba.

This is a complaint under section 33A of the Industrial Disputes Act filed by one Jacob Barua, one of the workers under the opposite party Messrs. Jardine Henderson Ltd. The grievance of the complainant is that he was employed as a cook under the opposite party, that during the pendency of an adjudication proceeding between the workers of Messrs. Jardine Henderson Ltd. and Messrs. Jardine Henderson Ltd. before this Tribunal he was dismissed by the opposite party with effect from 23rd June 1958 by a letter, dated 25th June 1958, and that he was dismissed in connection with a matter not connected with the main dispute.

The grounds upon which the complainant seeks to impugn the order of dismissal are: that the opposite party has contravened the provisions of section 33(2)(b) of the Industrial Disputes Act, in not having paid the complainant one month's wages as required by law and not having applied to this Tribunal for approval of the action of dismissal taken by the opposite party against the complainant. The further ground is that the complainant was not given adequate opportunity to meet his case and that the procedure adopted in dismissing the complainant was against the principles of natural justice.

The opposite party Messrs. Jardine Henderson Ltd. resists this complaint on the ground that it is not maintainable as there has been no contravention of the provisions of section 33(2)(b) of the Industrial Disputes Act and that the opposite party submitted an application under the said section before this Tribunal on 28th August 1958 praying for approval of the action taken by the management but that application was withdrawn on the ground that no approval was necessary as the Company had not any standing orders.

The first point for consideration will be: whether the present complaint under section 33A is maintainable under the law.

AWARD

Section 33A of the Industrial Disputes Act comes into operation only when there has been an infringement of the provisions of section 33 by the employer during the pendency of the adjudication on an industrial dispute between the parties before a Tribunal. In the present case, it is admitted on both sides, that the complainant Shri Jacob Barua was an employee under the opposite party and that there was an adjudication proceeding pending before this Tribunal regarding a dispute between the opposite party and its workers. It is also admitted that the complainant was dismissed from service with effect from 23rd June 1958 (vide the letter of dismissal Ext. B2) during

On receipt of the reference, notices were issued on both the sides and both the sides submitted their written statement. On 2nd June 1959, the Union examined two witnesses, viz., Shri K. C. Mukherjee and Shri Ramanand Routh, the workman concerned. The company did not adduce any oral evidence, but they produced their documents which are enclosed in the record as exhibits. The Union also produced their documents which are also enclosed in the record as exhibits.

The Union's case is that the company employ over 1,000 workmen in its office, of which 10 are sweepers including the concerned workman Shri Ramanand Routh. That the sweepers of the company have no fixed working hours nor the Union ever bothered over any fixation of their working hours, since both the employers and sweepers as a class by arrangements amongst themselves were working smoothly. Shri Ramanad Routh was appointed as a sweeper of Messrs. Barry & Company in or about 1925 and had a record of long 32 years' clean meritorious and continuous service. That in the year 1941, when both Messrs. Macneill & Co., and Messrs. Barry & Co., were functioning separately though in the same premises, with full knowledge of the fact of Shri Ramanand's being a sweeper of the latter company he was appointed also by the former company and he was allowed to draw full wages of a sweeper separately from both the aforesaid companies. That in or about 1947, the services of Shri Ramanand under Messrs. Macneill & Co., Ltd., was terminated and since then with full knowledge of his employer Messrs. Barry & Co., Ltd., he accepted the job of a sweeper in Messrs. Turner Morrison & Co., Ltd., a firm in the same locality and his duties under Messrs. Barry & Co., Ltd., were so allotted by the Jamadar and his other office bosses that he could work in both the concerns. Ramanand Routh took four days' casual leave and left for his native home and from there on 13th September 1957, he applied by a letter praying for retirement as he felt physical inabilities. That thereafter company by their letter dated 25th September 1957, advised Ramanand Routh to join without replying to the prayer made as above. That in the meantime Ramanand fell ill and he was not in a position to comply with the direction and on 3rd October 1957, he applied for sick leave with a medical certificate from his native home. Company thereafter asked him to join immediately and to offer satisfactory explanation why he absented himself and on 17th October 1957, Ramanand again applied to the company supported by a medical certificate of his village doctor and further stated that he had no money to come to Calcutta and asked for a sum of Rs. 100 for his treatment and assured in that letter, that, he will resume his duty when physically able to do so. That on 30th October 1957, long 32 years' of services of Ramanand was terminated by the company, without any enquiry, without any charge-sheet, without any scope of defence. That Shri Ramanand on 16th December 1957, again made a representation to the company in connexion with the termination of his service. He thoroughly explained the position in that letter. That thereafter, the Union took up the case of Ramanand to the Labour Commisisoner for conciliation and the conciliation failed and the matter was recommended for adjudication and was sent to this Labour Court. The Union contends that the dismissal of Ramanand Routh was fully unjustified, mala fide, and an instance of unfair labour practice and that he should be given relief by way of reinstatement with full back wages or alternately 4/5ths of the basic salary as pension, being the retiral benefit due to him in terms of the service condition of the company and any other relief which the Tribunal may think fit.

Company in their rejoinder states that on 9th September 1957, the employee concerned Ramanand Routh applied for and was granted casual leave from 10th to 13th September 1957, to attend to his sick wife. On the 13th September 1957, i.e., on the final day of the casual leave granted as aforesaid, Routh sought agreement from the company to his voluntary retirement. That the company by letter dated 25th September 1957, instructed Routh to resume duties immediately pending decision upon the question of his retirement but the employee without resuming duty, by a letter dated 3rd October 1957, requested medical leave from 14th September 1957 to 13th October 1957, and in support thereof attached a medical certificate. That on Routh's failure to resume duties on 14th October 1957, the company by letter dated 17th October 1957, notified him that in the circumstances which had occurred, his employment would be considered to have been terminated with effect from the 14th October 1957, unless Routh immediately rejoined or offered a satisfactory explanation in lieu thereof. By that letter dated 24th October 1957, unsupported by medical or other certificates, Ramanand Routh advised the company that he was unable to rejoin by reason of continued ill-health, whereupon the company being dissatisfied with Routh's conduct and explanation, by letter dated 30th October 1957, informed him of his discharge from service with effect from 14th October 1957. The company submits that the company's action in terminating the services of the employee for his misconduct is just and legal and as such, the employee was not entitled to any relief as claimed.

Appearances of the parties are as follows:—

For the Company: Shri D. Basu Thakur, Solicitor, of Messrs. Orr Dignam & Co., Solicitors.

For the Union: Shri D. L. Sengupta, Advocate.

FINDINGS

The Union contends that Ramanand Routh had every right after completion of 32 years of service to retire from his services and is entitled to 4/5ths of his salary as pension as has been prescribed by the Mercantile Tribunal award of the Government of West Bengal. The Union further contends that by a bipartite settlement the company is bound to grant pension not only to his menials, but to extend the widows' pension scheme to the subordinate staff with effect from 1st July 1957. Company, on the other hand, says that Ramanand adopted some tactics, and he first applied for 4 days' casual leave and then applied for pension from his native home but the company asked him to join, only because they wanted to check up everything before they could decide the question of retirement of the sweeper. The sweeper Ramanand Routh not only flouted the company's order but also did not join and sent letter after letter from home and further he asked for Rs. 100 to be sent to him to his native home in order to enable him to come to Calcutta and to meet his medical expenses. Now, there is no record of age of this menial but it has been admitted by both the sides that he had put in more than 30 years of service. The man appears to me to be over 60 years of age but there is no documentary evidence regarding his age.

In the award made by this Tribunal for quarter ending June 1949, page 268, in the matter of an industrial dispute between the employers and the clerical and subordinate staff of Messrs. Barry & Co. and Macneill & Co. and others, it has been prescribed by the Learned Judges Sarbasree A. Das Gupta and S. Chakraborty, regarding retirement benefits, that the pension scale applies to both clerical and subordinate staff and it has been provided that pension will be granted on the basis, viz., over 30 years of service, 4/5ths of the basic salary at the time of retirement and the pension scale applies both to clerical and subordinate staff. It has been further provided that pension will not be paid to the widows of the menials.

The Union has filed a copy of the letter as an exhibit, a bipartite settlement, in which the company states that they have decided to extend the widows' pension scheme of the subordinate staff with effect from 1st July 1957, but in view of the fact that, it is a bipartite settlement and was not recognised by the Government, its legal value is questionable. Further so far as this case is concerned, we are not concerned with the widows' pension but with the pension of this particular man. Thus the company's case is that the man had bad motive and took 4 days' casual leave and then went home and from there he applied for pension and the company asked him to come down to Calcutta and to join his duties, after which the company will consider his case of pension, but the man persistently refused to join. The company have also filed an exhibit, letter in the shape of charges that was sent to the workman concerned and his reply thereto in the shape of the letter, and also further letter in which the company states that they intend to hold an enquiry into the conduct of this workman and the company requested him to be present and also informed him that if he is not present they will proceed without him, i.e., will hold an ex-parte enquiry, the workman however did not appear. In view of the fact of his insubordination, they have dismissed him from the services without considering the question of pension. The workman, on the other hand contends, that in view of the fact that he has put in more than 30 years of his service, he is entitled to pension and the pension should be sanctioned to him and the company has no right to dismiss him when he applied for leave and thereafter applied for pension, for which he qualified and that he should get pension together with his back wages for the period of unemployment. The learned Solicitor Shri Basu Thakur, on behalf of the company, argued that this menial worked in another company, viz., Messrs. Turner Morrison Company without the knowledge of Macneill & Barry Company in which he was working for many years and he committed thereby gross act of misconduct, for which the company charged him at a very late date, when he applied for pension and went on leave. The workman, on the other hand, stated in his evidence, that Macneill & Barry Company knew that he is doing double employment and he did it with the permission of the Shaheb whose name he does not know and when Macneill & Co., and Barry & Co., were amalgamated, it was decided that he should get only one wage and he is permitted to work in some other company. It was known to both the company that he worked in other places also. I take it, therefore, that the company's plea that the man is employed also in Messrs. Turner & Morrison Company without their knowledge, is not sound, and they have given connivance for work of menials of this nature. Learned Solicitor Shri Basu Thakur had further argued that the company asked him several times to come and join and even charge-sheeted him and asked him to attend an enquiry, but the man did not attend and the man was dismissed from the service. The company has submitted Rules governing the terms and conditions of service of the clerical and subordinate staff (1st July 1954). The Rules provide that no employee may absent himself for more than one day or proceed on leave of any kind without obtaining permission to do so. Regarding the enquiry in absence of the workman when the workman did not participate in the domestic enquiry proceedings, the learned Solicitor Shri Basu Thakur has referred to me a Supreme Court decision between Indian Iron & Steel Company Ltd., and another and their workmen, reported in I, L.L.J., 1958, page 260, where their Lordships have referred therein the Burn & Co.'s case versus their employees (1956 S.C.R. page 781, 798=1957, I, L.L.J., page 226). The Hon'ble Supreme Court observed:

> "We are unable to agree with this decision. The ground of discharge is the continued absence of the employee and his inability to do work, and it is difficult to see what purpose would be served by a formal charge, being delivered to him and what conceivable answer he could give thereto. The order of the Appellate Tribunal is manifestly erroneous and must be set aside".

Hon'ble Supreme Court has also established the principles that "overstay in leave" will be considered as "absence without leave" and on the basis of this principle enunciated, the company has dismissed him. I accepted this principle in my award between Shri Sailendra Kumar Dutta versus Grant Advertising Incorporated, published in the *Calcutta Gazette*, October 3, 1958, which also the Learned Solicitor Shri Basu Thakur referred to me. Considering this aspect of the question, I cannot but hold that the dismissal of Ramanand Routh was not justified. It is in evidence that when the company asked him and sent him letter after letter, he flouted those letters and he did not attend the enquiry and thereafter the company dismissed him. But here, other factors relating to dismissal is to be decided. The dismissal was a post mortem affair, when the man was not in active service and long before, he applied for retirement and I shall have to consider the question from the other angle of vision. The learned Advocate Shri D. L. Sengupta, on behalf of the workman, has argued that the moot question to be considered is, that the employee is entitled to retirement after he qualifies for such. He has further argued that uptil 13th September 1957, when he first applied for retirement, no guilt was committed by the workman and he rendered more than 30 years of service and the company has no right to compell the workman to serve under them after the workman qualifies for retirement. It has been argued by Shri Basu Thakur on behalf of the company that it is not the number of years, which will qualify for pension but that his age is to be taken into consideration. In the Engineering Tribunal however, I find that they have prescribed the retirement benefit for pension on years of service and over 30 years of service, they have prescribed 4/5ths of the basic salary, as pension at the time of retirement. As this workman put in more than 30 years of service and qualifies for pension, in normal course, I should hold that he is entitled to pension which the company cannot and should not refuse to him. The misconduct which was committed by him for overstay without leave was also done, after he sent his first application for retirement on 13th September 1957. So misconduct, if any, and for which he was dismissed was committed after he qualified for pension and in normal course, the company should have given him pension and should have let him go. No victimisation is proved in this case, but natural justice demands that the man who has clean record of service for 32 years and then applied for pension and then overstayed, without leave as a consequence of which, he was dismissed, suffered too harsh a punishment, particularly at a stage, when the man naturally believed that he is no longer in the company's service and has retired from the company's service, for all practical purposes. I should therefore hold that the man is entitled to retirement benefits as has been prescribed by the Engineering Tribunal, where pension scheme applies both to clerical and subordinate staff and in view of the fact that, he has put in more than 30 years of service, he is entitled to 4/5ths of the basic salary as pension at the time of retirement. This is the only relief to which this workman Ramanand Routh is entitled to. Justice will be vindicated if this man is allowed to retire peacefully and is entitled to retirement benefit, as has been prescribed for the menials of the Engineering Firms in the Engineering Tribunal Award of 1949. I should direct that the company should grant him pension as prescribed in the Engineering Tribunal award of 1949, with effect from October 1957.

This is my award.

In the matter of an industrial dispute between Messrs. National Tobacco Co. of India Ltd., Norton Buildings, 1 and 2 Old Court House Corner, Calcutta, and their workmen represented by B. N. Elias & Co. Ltd. Employees' Union, 19 Ramdhone Mitra Lane, Calcutta. (Case No. VIII-C-90/58.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

SHRI N. C. CHATTERJEE, *Judge, First Labour Court.*

Appearances:

For the Union: Shri H. L. Roy, Advocate.

For the Company: Shri P. P. Ginwalla, Counsel.

The Government of West Bengal, in the Department of Labour, by order No. 1718-I.R./IR/11L-165(A)/57, dated 26th April 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. National Tobacco Co. of India Ltd., Norton Buildings, 1 and 2 Old Court House Corner, Calcutta, and their workmen represented by B. N. Elias & Co. Ltd. Employees' Union, 19 Ramdhone Mitra Lane, Calcutta, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Whether the dismissal of Samir Mia, a driver, is justified? To what relief he is entitled?

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of Samir Mia, a driver previously in the employ of Messrs. National Tobacco Co. of India Ltd., Norton Buildings, 1 and 2 Old Court House Corner, Calcutta, hereinafter referred to as the Company for the sake of brevity.

The Union's case in brief is as follows: Messrs. B. N. Elias & Co. Ltd., is the Managing Agents of the Company. The Company is very unkind in its dealings towards the drivers, and made them work beyond scheduled hours. This workman Samir Mia was attached to Mr. B. V. Jacob, one of the Directors of the firm but paid by the head office. As Mr. Jacob detained the said driver on duty up to 9 p.m. he paid Re. 1 as bakshis to the driver, but this payment was stopped arbitrarily in April 1957. The workman was threatened with dismissal when he insisted for the payment of the bakshis. At the instance of Mr. Jacob the driver was transferred to the Company with his headquarters at Burdwan on the plea of engaging a driver-cum-mechanic for the new car of Mr. Jacob. The workman agreed to go to Burdwan and asked for a week's joining time. The workman then protested against the transfer of his headquarters to Burdwan and intimated by his letter, dated the 10th July 1957, that it would not be possible to work overtime with the Salesman continuously for 30 days in a month, but the Company ignored the protest.

The Company issued a charge-sheet on 1st August 1957 with some false allegations and suspended him. The workman denied the charges. The Company held a perfunctory enquiry wherein Samir Mia was not afforded facilities to cross-examine the witnesses, and he protested against the so-called enquiry by his letter, dated 23rd September 1957.

The Union thus impeaches the dismissal as mala fide, arbitrary and unjustified and prays for reinstatement of the workman with full back wages.

The Company in its written statement denies the material allegations of the Union and contends, inter alia, that on 30th July 1957 the workman was driving three of the Company's officials, namely, Mr. Milne Day, Assistant Sales Manager, Mr. A. C. Sen, the Company's Territory Manager, and Mr. S. K. Basu, the Company's Assistant Territory Manager, when they went to Habra in order to work the roadside village markets in that region. As the party reached Habra at about 7 p.m. the driver demanded from the said three officials money for his food on the ground that he had taken no food all day. None of the said officials had any authority to make any payment to him, nor was he entitled to anything extra besides his normal pay and allowances for performing his duty which included the duty of driving with the Sales Personnel on such occasions. The driver not being paid any extra money for food became abusive and started shouting as a result whereof crowd collected on the way and so Mr. Milne Day drove the car himself as Samir became unmanageable and was taken inside the car. While alighting from the car at the crossing of Dharamtolla Street and Moti Seal Street, Samir again became abusive and used threatening language to the said officers. So, a charge-sheet was issued to the workman and a proper enquiry was held by Mr. A. B. Guha, Company's Personnel Officer, wherein the statements of the said three officers were recorded in the presence of Samir Mia, who was also given an opportunity to cross-examine them. The Enquiring Officer found the driver guilty of the charge of gross insubordination, and on his recommendation he was dismissed. Thus the Company resists the Union's prayer for any relief to the workman.

Decision

The issue in this case is a simple one. On one hand there is the uncorroborated statement of the driver workman Samir Mia, and as against this, there is the oral evidence of Shri A. B. Guha, Company's Personnel Officer, who held the enquiry into the charge framed against the driver, supported by the enquiry proceedings (Ext. F) and the statements, Exts. G series, of witnesses examined therein. The Union can succeed in this case if the proceedings of enquiry are wholly disbelieved, fully accepting the Union's criticism that there was a perfunctory enquiry inasmuch as the proceedings were recorded in English which the driver did not know, and that he was not allowed to cross-examine the three officials examined at the enquiry and to examine witnesses on his behalf and that his prayer for being represented by a Union official at the enquiry was turned down, and that the proceedings of enquiry do not bear his signature. All this criticism of the Union is adequately met by recitals in the proceedings of the enquiry which lay down that the statements of witnesses were explained to the driver in Hindi which he understood; he did not examine any witness for himself and his only stand was his explanation (Ext. D) of denial of the charges (Ext. C) and that everything was false and that he refused to sign the proceedings of the enquiry though he was asked to do. If the above endorsements made by the Enquiriing Officer in the proceedings of the enquiry be held to be entirely got-up and imaginary, it may be concluded that there was no proper enquiry at all, and that the workman was prejudiced in his defence resulting in violation of the principles of natural justice and consequent miscarriage of justice. But it is indeed difficult for me to stigmatise the aforesaid endorsements in the proceedings of the enquiry and to accept the version of the driver. There is one admitted stubborn fact that Mr. Milne Day drove back the car himself from Habra with the driver seated inside the car. Unless the driver became unmanageable as alleged for the Company, there was no necessity for Mr. Milne's driving the car on that trip back to Calcutta. It is common ground that the driver asked for money from the officials for his food and that he was not granted any—whatever be the reason may be for want of any authority or because he was not entitled to anything extra as he was being paid his normal salary and all allowances for purposes inclusive of such journeys. If Mr. Jacob to whose car the driver was previously assigned really paid any bakshis for overtime detention for his attending orchestra shows that he paid out of his own pocket, and the Company had nothing to do with it. The driver cannot as of right claim that bakshis from other officers of the Company.

Furthermore, it is admitted by the workman that he had never before any trouble or altercation with the three officials who were driven to Habra on 30th July 1957. So, there can be no conceivable reason for them to fabricate a false charge of insubordination and indiscipline against a poor driver. Assuming all allegations of the Union against Mr. Jacob to be true, namely, that he stopped paying the bakshis and his transfer to Burdwan was ordered at his instance, the fact remains that Mr. Jacob was no occupant of the car on that day, and there is nothing to indicate that there was any sort of collusion between Mr. Jacob and the said three officials. The transfer is Management's function for the sake of internal administration, and the Court cannot interfere in this case, and the driver agreed to abide by the order (Ext. B-3, dated 14th August 1957, and Ext. B-4).

I have carefully perused the proceedings of the domestic enquiry held in this case and find none of the vitiating elements, viz., (1) lack of good faith, (2) victimisation or unfair labour practice, (3) basic error in findings or violation of principles of natural justice, and (4) perverse or baseless findings.

In this case the workman failed in availing himself of the opportunity offered to him to examine his witnesses or to cross-examine Company's witnesses, and for that he is to thank himself and take the consequences. Unless it is provided in the standing orders, it is nowhere laid down that an employee could insist on some Union Official to exercise his right to cross-examine adversary's witnesses (vide the case of Upper Ganges Electric Employees' Union and Upper Ganges Valley Electric Supply Company Ltd., reported in 1957 L.L.J. Vol. II, page 394).

I may refer to the latest case-law on the scope of enquiry by an Industrial Tribunal or Labour Court reported in 1959 L.L.J. Vol. I, page 285 (G. McKenzie & Co., Ltd., and its workmen and others), wherein it is laid down as follows:

> The principles which govern the power of an industrial tribunal to interfere with the decision of the employer following an enquiry made by him have been laid down by the Supreme Court in 1958 I L.L.J. 260 in the following words:
>
> "Undoubtedly, the management of a concern has power to direct its own internal administration and discipline; but the power is not unlimited and when a dispute arises, industrial tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In cases of dismissal on misconduct, the tribunal does not, however, act as a Court of appeal and substitute its own judgment for that of the management. It will interfere—
>
> (i) when there is want of good faith,
>
> (ii) when there is victimization or unfair labour practice,
>
> (iii) when the management has been guilty of a basic error or violation of a principle of natural justice, and
>
> (iv) when on the materials the finding is completely baseless or perverse."

It is for the management to determine what constitutes major misconduct within its standing orders sufficient to merit dismissal of a workman but in determining such misconduct it must have facts upon which to base its conclusion and it must act in good faith without caprice or discrimination and without motives of vindictiveness, intimidation or resorting to unfair labour practice and there must be no infraction of the accepted rules of natural justice. When the management does have facts from which it can conclude misconduct, its judgment cannot be questioned provided the abovementioned principles are not violated. But in the absence of these facts or in case of violation of the principles set out above, its position is untenable.

In the absence of any of the vitiating circumstances mentioned above, it would not be open to the Industrial Tribunal (in the instant case by the Labour Appellate Tribunal in appeal) to disbelieve the evidence of a witness examined at the domestic enquiry and come to a different conclusion on merits.

In the circumstances, I find that the charge of insubordination and indiscipline was duly established in this case, and the Court cannot interfere. As regards the punishment, the law is quite clear that punishment is in the discretion of the Management, and the Court will not interfere as it is not deemed too harsh or severe in view of the insubordination and indiscipline exhibited by the driver on this occasion. The Court, therefore, finds that the dismissal of the driver workman is fully justified, and he is entitled to no relief.

This is my award.

Interim award

The Government of West Bengal in the Department of Labour, by order No. 2192-I.R./IR/4L-29/58, dated 30th May 1958, and corrigendum No. 3129-I.R./IR/4L-29/58, dated 25th July 1958, referred, under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between (1) Messrs. Walford Transprot, Ltd., (2) Messrs. French Motor Car Co., Ltd., (3) Messrs. India Automobiles, (4) Messrs. Austin Distributors, Ltd., (5) Messrs. Auto Distributors, Ltd., (6) Messrs. Poddar Automobiles, represented by the Motor Industries Association, 60/3 Dharamtola Street, Calcutta-13, and (7) Messrs. Dewars Garage (India) Private, Ltd., 4 Council House Street, Calcutta-1, on the one hand, and the car-salesmen of these companies represented by the Automobile Sales Staff Association of West Bengal, 4 Jugipara Road, Calcutta-6, on the other, relating to the undermentioned issue to this Tribunal for adjudication.

Issue

Terms and conditions of service of car-salesmen employed by the seven concerns.

Notices were issued on all parties and written statements were filed by all the parties to the case. The Automobile Sales Staff Association of West Bengal, hereinafter mentioned as the Union, filed written statement of the car-salesmen for all the companies involved in the order of reference. The Motor Industries Association filed a written statement on behalf of Walford Transport, Ltd., French Motor Car Co., Ltd., India Automobiles, Auto Distributors, Poddar Automobiles and Austin Distributors Private Ltd. Messrs. Dewars Garage (India) Private, Ltd. filed a separate written statement.

The case was taken up for hearing on 6th July 1959. In the meantime, Messrs. Auto Distributors, and Poddar Automobiles and their car-salesmen filed a joint petition stating that these two companies and their car-salesmen have no dispute as regards the issue referred to the Tribunal, and that, they do not intend that the dispute should be proceeded with on their behalf. Similar petitions denying existence of any dispute between the companies and their salesmen were filed by French Motor Car Co. and Austin Distributors Private, Ltd. Messrs. India Automobiles filed a joint petition of compromise of their dispute with the car-salesmen and some terms of compromise were mentioned in their petition, and a prayer has been made for an award in terms thereof. The compromise petition of Messrs. India Automobiles and their car-salesmen will be considered at the time of making the final award. Messrs. Dewars Garage (India) Private, Ltd., in their written statement, state that they had no dispute with their only car-salesman Shri Deb Kumar Chatterjee, and that, in support of this fact, a joint Vakalatnama is filed by the company and its only car-salesman Shri Chatterjee. Messrs. Dewars Garage (India) Private, Ltd., or its car-salesman Shri Deb Kumar Chatterjee, did not appear in the court on 6th July 1959. The learned Advocate for the Motor Industries Association pressed that as Messrs. French Motor Car Co., Ltd., Auto Distributors, Ltd., Poddar Automobiles and Austin Distributors and also India Automobiles had filed joint petitions with their respective car-salesmen stating that there was no dispute between these companies and their car-salesmen, the Tribunal should pass a "no dispute" award in respect of these companies. I have already stated that India Automobiles and their car-salesmen have filed a compromise petition stating that the dispute between the parties had been settled out of court with a prayer that an award should be made in terms of the compromise petition. This petition shall not be considered at this stage and shall be considered at the time of making the final award. The only question is whether the Tribunal should adjudicate on the dispute as referred to it in respect of the companies who have filed joint petitions stating that they had no dispute with their respective car-salesmen. The learned Advocate for these companies stated that under section 10(5) of the Act, the Government might include companies which had no dispute with their workmen in the reference of a dispute concerning an establishment of a similar nature, but that the Tribunal should refrain from adjudicating on the issue referred to it in respect of the establishments which filed joint petitions with their workmen, stating that they had no dispute. Section 18(3)(b) of the Industrial Disputes Act was also referred to by the learned Advocate and it was pressed that in such a case as mentioned above, the Tribunal should make an award that these parties who had no dispute with the workmen were summoned without proper cause. The learned Advocate for the Union opposed this claim of the learned Advocate for the Companies.

The question at issue is by no means difficult. It is clear that Messrs. Walford Transport, Ltd. and their workmen, being the car-salesmen in this case, have a dispute between themselves which requires adjudication. Some of the companies, who are parties to the reference, viz., French Motor Car Co., Auto Distributors, Poddar Automobiles and Austin Distributors, state in joint petitions subscribed by their car-salesmen that they had no dispute between them. This is just the case in which the Government under section 10(5) of the Act is empowered to include an establishment, group or class of establishments of a similar nature, where a dispute concerning an establishment is referred to a Tribunal when the appropriate Government is of the opinion that the dispute is of such a nature that these other establishment, groups or class of establishments of a similar nature is likely to be interested in or affected by such dispute whether or not at the time of such inclusion a dispute exists or is apprehended in that establishment, group or class of establishments. It is, therefore, clear that even though there is no dispute in existence or apprehended between French Motor Car Co. and the other companies mentioned above who have filed joint petitions with their car-salesmen and their car-salesmen, the appropriate Government may, if it thinks proper, include them in the dispute between Walford Transport Co., Ltd. and their car-salesmen when it is referred to the Tribunal. This power has been given to the appropriate Government expressly under section 10(5) of the Act. Messrs. Dewars Garage (India) Private, Ltd. and its only car-salesman Shri Deb Kumar Chatterjee, purport to state in the written statement of the company that they had no dispute between themselves. Even then, as explained above, this company and its car-salesman were rightly included in this order of reference. Messrs. India Automobile and its car-salesmen filed a joint petition of compromise stating some terms. The Tribunal will consider at the time of the adjudication whether this compromise petition should be accepted or not. The reference to section 18(3)(b) of the Act in this connection is inappropriate, because this clause covers parties who are not included in the industrial dispute as it is referred by the appropriate Government, but are summoned to appear in the proceedings by the Tribunal. Clause (b) of section 18(3) has, therefore, no application to the present case. French Motor Car Co. and other companies mentioned above and their car-salesmen are parties to the industrial dispute as referred to the Tribunal and they are covered by clause (a) of section 18(3) of the Act.

Considering all these circumstances, it is awarded that all the Companies and their car-salesmen who are parties to the order of reference shall be bound by the adjudication of the dispute on the issue mentioned in the order of reference by the appropriate Government by virtue of clause 10(5) of the Industrial Disputes Act. The joint petition filed by Auto Distributors, Ltd. and Poddar Automobiles, French Motor Car Co. and Austin Distributors and the written statement of Dewars Garage stating that they had no dispute need no consideration. The compromise petition of India Automobiles and their car-salesmen shall be duly considered at the time of making the final award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Fort William Jute Co., Ltd., Sibpur, Howrah, and their clerical staff represented by the West Bengal Jute Mills Clerks Federation, 12 Raj Narayan Roy Choudhury Ghat Road, Sibpur, Howrah.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI W. C. BASU MAZOOMDER, *Judge, Fourth Industrial Tribunal*

For the Union: Shri Supravat Mukherjee, Pleader.

For the Company: Shri S. C. Sen, Advocate.

This industrial dispute between Messrs. Fort William Jute Co., Ltd. (hereinafter referred to as the Company), Sibpur, Howrah, and their clerical staff represented by the West Bengal Jute Mills Clerks Federation, 12 Raj Narayan Roy Choudhury Ghat Road, Sibpur, Howrah, over the following issues, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 1418-I R./IR/7L-16/57, dated the 7th April 1958.

Issues

(1) To what payment the clerical staff are entitled for overtime work done on the eve of festival holidays?

(2) Whether the clerical staff are entitled to any extra payment for such overtime work done where management paid them at single rate in the past.

Both the parties filed written statements in this case.

Decision

The case came up for hearing on 24th June 1959. It was opened by both sides. One witness, viz., Shri G. Ganguly, was examined-in-chief, and while the examination-in-chief was being continued, a petition was filed on behalf of the Union stating that the issues as framed would not serve their purpose and, as such, they would not be pressed. It was also stated that the matters in dispute would be reagitated upon a reference with proper issues. To this petition the Company noted "no objection" through their representative. It was submitted on behalf of the Union that their claim was for double the wages for overtime works done on the eve and after the Festival Holidays as the Management paid them at single rate violating the existing practice. The demand for payment of wages on account of overtime works is being made on behalf of the pay-sheet clerks numbering about 14 or 15. The issue No. 1 as framed did not specify the same clearly. Further, the Union demanded back wages at double the rates for the overtime works done in the past by the pay-sheet clerks both on the eve and after the Festival Holidays. This was also not clearly mentioned in issue No. 2. The grievance of the Union is that complications will arise if decision be not taken regarding overtime wages after the Festival Holidays for which no provision has been made in the issues framed. Further, it is said that there may be conflict of decisions if the two items of claims (one for wages on account of overtime works on the eve of Festival Holidays, and the other for the same after the Festival Holidays) are heard separately. Accordingly, the Union did not press the issues as framed. On behalf of the Company it is also said that purposes would be better served if in the issues the claim for overtime wages is included both on the eve and after the Festival Holidays with the mention of the particular section of the clerical staff, viz., the pay-sheet clerks concerned. In my opinion, the prayer of the Union for reagitating the matters in dispute by a reference upon proper issues is quite reasonable and acceptable. And when the Company also accepts the Union's prayer, the case should be disposed of in terms of the petition filed. It is, accordingly, directed that the case be disposed of in terms of the petition filed and the petition be formed a part of the award and it is made annexure "A" to the same.

This is my award, and it will not stand in the way of fresh one as desired and agreed upon by the parties.

SHRI M. C. BANERJI, *District Judge (Retd.). Judge, First Industrial Tribunal.*

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 938-I.R./IR/8L-12/59, dated 11th March 1959, and corrigendum No. 1885-I.R./IR/8L-12/59, dated 6th May 1959, referred, under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bharat Woollen Mills, Ltd. (Works No. 1 at 13/14 Pran Krishna Chandra Lane, Calcutta-33, and office at 11 Esplanade East, Calcutta-1), and their workmen represented by Bharat Woollen Mills Workers' Union, 19/2 Russa Road South 3rd Lane, Calcutta-33, relating to the undermentioned issue to this Tribunal for adjudication.

Issue

Whether the retrenchment notified on the 25th February 1959 is jutsified? What relief, if any, are the workmen entitled to?

On 1st June 1959 both the parties appeared and filed a joint petition stating that the dispute has been settled by compromise. The terms of compromise are contained in Annexure A to the compromise petition. It is prayed that an award may be passed in accordance with the terms of the compromise petition. Perused the petition of compromise in Appendix A, as also the terms of agreement between the management of Bharat Woollen Mills, Ltd. No. 1 and the workmen represented by the Bharat Woollen Mills No. 1 Workers' Union in Annexure A to the compromise petition and it appears that these terms are fair and reasonable and should be accepted. The compromise petition, together with its Annexure A, appears as Appendix A to this award. The compromise petition in Appendix A together with Annexure A are accordingly accepted and an award is made on the basis of its terms. The compromise petition in Appendix A, together with Annexure A, shall form a part of this award.

ANNEXURE A

Agreement between the management of Bharat Woollen Mills, Ltd. No. 1 and the workmen represented by the Bharat Woollen Mills No. 1 Workers' Union.

Short recital of the case: The management gave one month's notice to 211 workmen on 23rd February 1959 for the purpose of retrenchment. The management's contention for giving this notice was that due to the restriction on the import of basic raw material, the management could not keep all the three shifts running.

The Union opposed this contention of the management and also opposed the retrenchment, and went on strike since 24th February 1959. Both sides agree to come to a settlement through negotiation. Therefore, the following agreement is being arrived at—

1. Both sides agree that the workers who will be prepared to take retrenchment benefit and quit would be paid the same by the management.

2. (a) The rest of the workmen who have been served with notices of retrenchment will be laid off for 45 days with effect from today and after this period of laid off, will be given leave without pay for a period of 2½ months.

(b) If any worker wants to be on leave without pay and does not want to be laid off, such workman be given leave without pay for 4 months. In the meantime Mill No. 1 will work with the remaining workmen. Both the management and the Union agree to try to increase the quota of the basic raw material in the meantime through the Government machineries.

3. The management agrees to take back the requisite number of workmen laid off and on leave according to the quota available.

4. If the quota is not increased compared to today's position, the Union agrees to accept the retrenchment of the workmen laid off and on leave provided the management pays their retrenchment benefit. The compensation paid during the laid off period will be adjusted against their retrenchment compensation according to the law.

5. The workers will not claim any wages during this strike period, and the management agrees to pay Rs. 12 to all workmen as a gesture of goodwill.

6. The Union agrees to call off the strike immediately, and the management agrees to start the mill without delay. Ten days' time will be given to workmen to resume work who are out of Calcutta.

7. Both sides agree to settle any other dispute within a period of one month after the starting of the mill.

No. 3012-I.R./IR/13L-22/58.—10th July 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 4020-I.R./IR/13L-22/58, dated the 22nd September 1958, the industrial dispute between Messrs. A. T. Deb (Private) Ltd., 21 Jhamapukur Lane, Calcutta-9, and their workmen represented by the Press Employees' Association, 249-B Bowbazar Street, Calcutta-12, regarding the issue mentioned in the said order, being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Fourth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal, Shri Ganapati Sahoo and 18 other workmen of the said Company made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had altered to the prejudice of the said workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by one Shri Ganapati Sahoo and 18 others, represented by the Press Employees Association, 240-B, Bowbazar Street, Calcutta, all employees of Messrs. A. T. Dev (Private) Ltd., 21 Jhamapukur Lane, Calcutta, against the aforesaid Company.

PRESENT:

SHRI W. BASU MAZOOMDER, *Judge, Fourth Industrial Tribunal.*

For the workmen: Shri Biswanath Ash, Advocate.

For the Company: Shri N. K. Mukherjee, Advocate.

AWARD

The case of the petitioners is that during the pendency of their main case before the Tribunal they have been compelled to work in other branches of the Company where they have been asked to sign different Attendance Registers in order to deprive them of their continuity of services.

The Company contests the application stating that the petitioners' allegations do not represent the correct state of things. It says that the petitioners have been transferred to other branches of the Company as there was no work for them in the units where they were working. They became surplus hands, and it is for the sake of their safety that they have been transferred to other branches without any reduction of their pay and as a matter of fact, they are working in similar nature of jobs in the branches to which they have been transferred. Their continuity of services has not been affected, and there has been no alteration in the conditions of services. They are required to sign Attendance Registers in the new places following the usual practice of the Company.

The case came up for hearing on 24th June 1959. On behalf of the Company Shri K. C. Majumdar, O.P.W. 1., was examined and he said as follows:

> "I am one of the Directors of the Company. The petitioners are working in our branches on transfer. They are doing jobs of similar nature which they were doing before. They are given the same emoluments as before. They are continuing the same services and there has been no change in their conditions of services. They have not been prejudiced in any way. I agree that my statements will not be prejudicial to the workmen's case which is pending before this Tribunal."

The petitioners declined to cross-examine the witness. It was submitted on behalf of the petitioners that in view of the statements of the Company's Director, the petitioners have no grievance. I also find that actually there has not been any change in the conditions of services applicable to the petitioners. As the Company could not give them work in the original places where they had been working, and as they were found surplus, the Company, for the interest of the petitioners, asked them to work in other branches and this was not against any contract or rule. It is also seen that they are getting similar emoluments at their new places of business where similar nature of jobs has also been provided for them. There has not been any contravention of the provisions of section 33 of the Industrial Disputes Act. It is, accordingly, concluded that the petitioners are not entitled to any reliefs in this case. Further, it is noted at the desire of the parties that the decision of this case will not be prejudicial in any way to the main case which is pending in this Court between them. The petition is liable to be rejected and I reject it.

This is my award.

Judge, Fourth Industrial Tribunal.

By order of the Governor,
S. C. MUKHERJEE,
Asst. Secy. to the Govt. of West Bengal

No. 3090-I.R./IR/10L-109/59.—11th July 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 146-I.R./D/10L-27/56, dated the 10th January 1957, the industrial dispute between Messrs. Bengal Electric Lamp Works, Ltd., 137 Prince Golam Hossain Shah Road, Calcutta, and their workmen represented by Bengal Electric Lamp Workers' Union, 142 Prince Golam Hossain Shah Road, Calcutta-32, and Bengal Lamp Sramik Panchayat, 59B Chowringhee Road, "Congress Bhavan" (Ground floor), Calcutta-20, regarding the matters specified in schedule B to the said order was referred for adjudication to the First Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal Shrimati Ranu Dutt, a workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had discharged the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Ranu Dutt, Ticket No. 66, Putiary Colony, Ward No. 5, Plot No. 40, Calcutta, a workman of Messrs. Bengal Electric Lamp Works, Ltd., in connection with Government of West Bengal, Labour Department, order No. 146-I.R./D/10L-27/56, dated 10th January 1957, referring certain industrial disputes between Bengal Electric Lamp Workers' Union and Messrs. Bengal Electric Lamp Works, Ltd. (Case No. 42/57 under section 33A.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal*

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 146-I.R./D/10L-27/57, dated 10th January 1957, referred the industrial dispute between Messrs. Bengal Electric Lamp Works, Ltd., and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award on the dispute referred to this Tribunal under this order of reference was made on 24th August 1957, and was published in the "Calcutta Gazette, Extraordinary," on 23rd September 1957.

On 16th April 1957, Ranu Dutt, a workman of the Company, applied under section 33A of the Industrial Disputes Act complaining against her dismissal on various grounds. The petitioner prays that she may be reinstated with other consequential reliefs. The Company, in its written statement, states that the application is misconceived and not maintainable in law, that there was no contravention of section 33 and no permission was necessary from the Tribunal for the removal of the petitioner's name from the list of the trainee nominated by the Government and that the Company acted bona fide and in absence of any allegation of ulterior motives, victimisation, etc., no order of reinstatement or otherwise does arise.

On 13th June 1959 Ranu Dutt filed a petition stating that she desired to withdraw the application and did not want to proceed further with it. The petition filed by the workman appears as Appendix A to this award. On a consideration of the matter, it appears that the applicant should be permitted to withdraw the case. The applicant is permitted to withdraw the case, and it is awarded accordingly.

M. C. BANERJI,
Judge, First Industrial Tribunal.

DEPARTMENT OF HEALTH

Public Health

NOTIFICATION

No. P.H./5204/2R-53/59.—25th July 1959.—Whereas the Governor is satisfied that the district of Burdwan is threatened with an outbreak of cholera;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of cholera, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, cholera in the said district for a period of three months:—

TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF CHOLERA

1. In these regulations, unless there is anything repugnant in the subject or context—

(*a*) "Health Officer" means the Health Officer of the district appointed by the State Government, the Chief Medical Officer of Health of the district, the Subdivisional Health Officer of any of the subdivisions of the district within their respective subdivisions;

(*b*) "Sanitary Inspector" means a Sanitary Inspector appointed by the State Government;

(c) "Union Board" means a union board constituted under the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919);

(d) "Suspected cholera" means any disease accompanied by vomiting and diarrhoea;

(e) "Patient" means a person suffering from or suspected to be suffering from cholera;

(f) "Medical practitioner" means any person practising the medical profession.

2. Whenever any land is held jointly by two or more persons, whether as owners or occupiers of that land, such persons shall be held jointly and severally liable for carrying out any measure ordered in a notice under these regulations, and the names of any one or more of such joint-holders may be entered upon such notice at the discretion of the Health Officer and the Health Officer shall not be bound to enter the names of all the joint-holders in the notice.

Notices

3. If in any case the Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such step as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Health Officer shall be entitled to carry out the measure.

Costs and compensation

5. (1) All expenses incurred in carrying out any work in pursuance of any order issued under these regulations shall be paid by the State Government except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the State Government may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The State Government shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done, or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer.

Location of disease

7. When a case of cholera or suspected cholera occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, some male inmate of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of chaukidar or other village watchman to the nearest Sanitary Inspector.

8. (1) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the nearest Sanitary Inspector or rural medical officer and by post to the Health Officer and the cost of such messenger in each case shall be defrayed by the State Government.

(2) The Doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of cholera brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the Health Officer by post and the cost of such messenger in each case shall be defrayed by the State Government.

9. Presidents of union boards in union board areas and thana officers in non-union board areas shall supply to the Health Officer such periodical returns of cases of cholera as he may from time to time call upon them to furnish.

10. The Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from cholera or who, in his opinion, may be infected with or likely to spread cholera.

Isolation of patients and evacuation of houses, etc.

11. When the Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer or the Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12. The Health Officer or a Sanitary Inspector may order any person to take such drugs in such quantities as may be specified by the said Officer or to submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the Health Officer or a Sanitary Inspector.

14. The State Government shall provide free of charge suitable places, with necessary attendants, medicine, diet and other necessaries for persons isolated under regulation 11: provided that a private individual may provide places certified by the Health Officer as being fit for the purpose of such isolation.

15. If it is not possible for the State Government to provide suitable places with necessary attendants, diet and other necessaries for isolation of the patient or if satisfactory arrangement for such isolation is not also possible in the house where the patient is staying, the patient shall be sent, under proper sanitary precautions, to the nearest hospital where there is suitable arrangement for isolation.

16. No person, who is or has been suffering from cholera, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

17. The Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency, and within such time as may be specified in the order, such measures for the disinfection or evacuation of any premises in the occupation of such person or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

18. The Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to cause to be inoculated with anti-cholera vaccine within a time specified in the order any person residing on such premises and under the control of such owner or occupier if the Health Officer or Sanitary Inspector is of opinion that such person has been exposed to infection from cholera.

19. The Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has, to his knowledge, been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

20. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried with proper precautions to a hospital.

21. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

22. No person shall expose in any street, shop, bazar, or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance but nothing in this regulation shall apply to a person who transmits with proper precautions against spreading the disease any such article for the purpose of having the same disinfected.

23. No person shall carry or permit to be carried in a public conveyance the dead body of any person who has died of cholera without the previous written permission of the Health Officer or Sanitary Inspector and without taking proper precautions against spreading the said disease.

Water-supply

24. (1) When the Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or other possible source of water-supply is contaminated or is likely to be contaminated, he may at once take such steps as he deems necessary to close such well, tank, pool or other source of water-supply, or may require the owner or occupier of land upon which such well, tank, pool or other source of water-supply is situated, to take steps to close the same to the satisfaction of the Health Officer or the Sanitary Inspector, as the case may be, within such time as may be specified in the order.

(2) The Health Officer or a Sanitary Inspector may require such owner or occupier to keep closed during such a period as shall be specified in the order any well, tank, pool or other sources of water-supply closed under paragraph (1) of this regulation.

Explanation.—In this regulation, "to close" includes the placing of chaukidars to prevent access to the well, tank, pool or other source of water-supply.

25. When the Health Officer or a Sanitary Inspector is of opinion that the water in well, tank, pool or source of water-supply is contaminated he may disinfect it or order its owner or occupier to disinfect it with such disinfectants as he may specify in such quantities and at such times as he may think fit.

26. The Health Officer or a Sanitary Inspector may prohibit persons from entering into or using for drinking, bathing, or any other purpose, during such period as may be specified in the order, the water in any well, tank, pool or other possible source of water-supply, which, in his opinion, is contaminated or likely to be contaminated.

27. The Health Officer or a Sanitary Inspector may, by an order published at such places as he may think fit, set apart any well, tank, part of a river, stream or channel not being private property, or being private property with the consent of the owner, for the supply of water for drinking or culinary purposes and may prohibit therein or within a distance therefrom to be stated in the order all bathing, washing of clothes or animals, or other acts calculated to pollute the water; and may similarly set apart any well, tank, part of a river, stream or channel for the purpose of bathing or for the purpose of washing animals or clothes or for any other purpose connected with the health and cleanliness of the people using such water-supply.

28. The Health Officer or a Sanitary Inspector may prohibit persons from easing themselves, or throwing, depositing or discharging any rubbish, sewage, or offensive matter, into any well, tank, pool or other source of water-supply, which is used by the public, or within such a distance from such well, tank, pool or source of water-supply as he may fix.

Conservancy and sewage disposal

29. The Health Officer or a Sanitary Inspector may (1) prohibit the committal or continuance of any nuisance, or (2) require the person causing any nuisance or the person occupying the premises on which any nuisance exists to remove such nuisance.

Explanation.—In this regulation "nuisance" means anything which in the opinion of the Health Officer or Sanitary Inspector is likely to spread or to cause the outbreak of cholera.

30. Whenever the Health Officer or a Sanitary Inspector is satisfied that the condition of any privy, urinal, drain, sewer or cesspool is such as to cause risk of spreading cholera to the inhabitants of the neighbourhood he may order the occupier of the land in which such privy, urinal, drain, sewer or cesspool is situated to disinfect, or may take such steps as is deemed necessary to disinfect, the same with such disinfectants in such quantities and at such time as the said officer or inspector shall think fit.

31. The Health Officer or a Sanitary Inspector may, for the prevention of the outbreak or spread of cholera, order the owner or occupier of any land to repair or make efficient to the satisfaction of that officer or inspector any drain, sewer, privy, urinal or cesspool which is situated upon such land or to remove any such drain, sewer, privy, or urinal or close any such cesspool within such time as may be fixed by the said officer or inspector.

Miscellaneous

32. The Health Officer or a Sanitary Inspector may during the prevalence of any outbreak of cholera order that any market, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, *mela*, or other gathering to which people from several villages commonly or periodically resort.

33. The Health Officer or a Sanitary Inspector may require the owner or occupier of any land to clear and remove within the period specified in the order, any vegetation upon such land the existence of which in the opinion of the said officer or inspector conduces to the committing of nuisances upon such land.

34. The Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature such as lime-washing of houses, clearing of latrines or the removal of filth or rubbish shall be carried out to his satisfaction.

35. The Health Officer or a Sanitary Inspector may prohibit persons from retaining or selling clothes taken from the bodies of persons who have died of cholera and may cause any such clothes to be destroyed.

36. No person shall, without the written permission of the Health Officer or a Sanitary Inspector, dispose of any corpse except by burning or burial.

37. The Health Officer may approve burning or burial grounds, and may by order direct, either generally or specially in respect to any specified area, that corpses shall not be burned or buried at places other than those so approved by him.

38. Any person burning or causing to be burnt any corpse shall cause the same to be completely reduced to ashes, and shall likewise cause the clothes or other articles brought with such corpse to be reduced to ashes.

39. The Health Officer may direct that no person shall bury or cause to be buried any corpse which, in the opinion of the Health Officer, is likely to spread cholera in a grave not constructed of masonry and less than six feet deep.

40. The Health Officer may order that no dome or other person employed for the disposal of corpse shall withdraw from his duties without the permission of the Health Officer unless such dome or other person has given notice in writing not less than one month previously of his intention so to withdraw.

41. No. P.H./5019/W-72/58.—11th July 1959.—In pursuance of rule 8 of the rules for the preparation, publication and execution of projects for water-supply, drainage or sewerage by municipal authorities, it is hereby notified for general information that the Water-Supply Augmentation Scheme of the Nabadwip Municipality in Zone V (Teghoriapara area) in the district of Nadia has been approved by the Governor and the particulars of the scheme are as follows:—

1. (a) **A general description of the Scheme.**—The scheme envisages sinking of a 6" dia. 350 feet deep tube-well with 8" dia. 80 feet long strainer and construction of one R.C.C. Elevated Reservoir of 30,000 gallons capacity on a staging height of 40 feet. The expected yield from this tube-well is 18,000 gallons per hour, but the pumping will be restricted to 14,000 gallons per hour to give a longer life to the tube-well. Water will be pumped by a bore-hole pump to the overhead reservoir and will gravitate through a network of distribution system covering approximately 4.5 miles to supply water to the local population from street hydrants and house-connections. There is provision in the headworks for an increased supply of water for additional population of 10,000 on extension of pipe lines from the present distribution system. The scheme has been drawn up suitably for a continuous supply of 24 hours, but the maintenance cost for the present has been worked out on the basis of 8 hours' pumping and 8 hours' supply to meet the present demand.

(b) **An estimate of the cost of carrying it out.**—Rs. 2,31,400.00.

(c) **An estimate of the cost of maintaining it.**—Rs. 10,550.00 annually.

(d) **The source from which the cost will be met.**—

I.—*Capital cost.*—

(i) Government grant—Rs. 1,54,267.00.

(ii) Loan from Government—Rs. 77,133.00.

II. *Maintenance cost.*—By imposition of water rate by the municipality.

(e) **The amount of loan, if any, required for the scheme, the annual instalments by which such loan will be repayable and the number of years required to repay it.**—The loan of Rs. 77,133.00 will be repaid in 30 annual equated instalments of Rs. 4,735.31 nP. each at 4½ per cent. interest per annum.

2. (a) **The total annual charge to be incurred by reason of the water-supply and to be met by water-rate.**—Rs. 10,550.00.

(b) **The percentage of such water rate on the annual value of the holdings.**—1.56 per cent.

(c) **The average incidence of such water rate per head of the population.**—Rs. 0.225.

The scheme will be taken into consideration after expiry of six weeks from the date of publication of this notification and any objection or suggestion with regard thereto, which may be received by the undersigned, on or before that period, will be duly considered.

For the Company: Shri P. R. Mukherjee, Lawyer, Shri K. S. Mitra, Assisted by Shri S. K. Mukherjee.

The Government of West Bengal in the Department of Labour, by order No. 1962-I.R./IR/11L-196/58, dated 14th May 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bangabasi Cinema, 1 and 2 Nityadhan Mukherjee Road, Howrah, and their workmen represented by the Bengal Motion Pictures Employees' Union, 126A Dharamtalla Road, Calcutta, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

(1) Whether the reversion of Shri Kartik Chandra De to the post of Gate-keeper from the post of Booking Clerk after signing of the last agreement between the Bengal Motion Pictures Association and the Bengal Motion Pictures Employees' Union was justified? To what relief is he entitled?

(2) Whether the dismissal of Shri Anil Kumar Das was justified? To what relief by way of reinstatement and/or compensation is he entitled?

AWARD

This is a case arising out of alleged illegal and unjustified reversion of Shri Kartik Chandra De to the post of a Gate-keeper from the post of a Booking Clerk after the signing of the last agreement between the Bengal Motion Pictures Association and the Bengal Motion Pictures Employees' Union as also out of alleged illegal and unjustified dismissal of Shri Anil Kumar Das by Messrs. Bangabasi Cinema, 1 and 2 Nityadhan Mukherjee Road, Howrah, hereinafter referred to as the Cinema Company for the sake of brevity.

The Union's case in short is as follows: Shri Kartik Chandra De was working in the Cinema Company for about three years as a Booking Clerk, who was demoted to the post of Gate-keeper in April 1957. He was appointed as a General Assistant and was all along working as a Booking Clerk till his demotion. As a result of an agreement between the BMPA and BMPEU the entire staff were fitted in different categories, but Shri De was unfairly categorised as a Gate-keeper, possibly because he was a leading member of the Union. The claim of Shri De was superseded by a junior Gate-keeper Shri Krishna Dhan Banerjee, who was taken in the post of a Booking Clerk instead of Shri De. The action of the Cinema Company was *mala fide* and against all principles of justice and fair play.

Next is stated the case of Shri Anil Kumar Das. The Cinema Company alleges that Shri Das wilfully caused demages to a portion of Reel No. 10 measuring about 5½ feet of the film 'Johnny Walker' which was being shown in the House on 1st September 1957. The Cinema Company made a show of enquiry wherein Shri Das was not given any opportunity to defend himself, and the Enquiring Officer came to a perverse finding that Shri Das was guilty of deliberately damaging the film involving the Company in considerable financial loss. The Union stigmatises this finding of the Cinema Company as perverse, and seeks reinstatement of the workman Shri Anil Kumar Das with full back wages.

The Cinema Company, on the other hand, denies the material allegations of the Union and contends that Shri Kartik Chandra De was substantively appointed as a Gate-keeper and Usher on 25th January 1959. Prior to the implementation of the agreement between BMPA and BMPEU, the posts of Gate-keepers, Booking Clerks, etc., were interchangeable carrying the same scale of pay, but with the implementation of the agreement Shri Kartik Chandra De was duly categorised as a Gate-keeper. According to the agreement, the post of Booking Clerk carries a higher scale of pay than that of a Gate-keeper, and so pursuant to the agreement the Management had to adjust the pay scales and put the employees in their proper posts having regard to their length of service. The Management accordingly justifies that Shri Kartik Chandra De was properly categorised as a Gate-keeper and Shri S. P. Bhattacharjee appointed on 7th June 1947 who was senior to Shri Kartik De appointed in 1954, as Booking Clerk. The Company further alleges that the Management had reasons to believe that Kartik indulged in the practice of black-marketing in respect of cinema tickets outside by third persons during his incumbency as Booking Clerk, and as such in the opinion of the Management, Kartik was not found fit for employment as a Booking Clerk in preference to Shri Bhattacharjee. The Cinema Company, therefore, contends that it is a "management function", pure and simple, and the Court cannot interfere with it.

So far as Anil Das is concerned, the Company's case is that he was operating at a show of "Johnny Walker" with a brand new print on the night of 1st September 1957, and at about 10-30 p.m. there was suddenly a break in the show and there was an uproar in the House and abuses were hurled against the Management. The Chief Operator held a preliminary enquiry and found that Anil had deliberately sabotaged the film to the length of 5½ feet. Thereafter charge-sheet was drawn up against Anil, who in his explanation denied the allegation, but the Company after a full-fledged enquiry came to the finding that Anil had deliberately and irrecoverable damaged a considerable length of the film with the design to cause pecuniary loss to the Company and to discredit it, and the Cinema Company had to pay a penalty of Rs. 1,125 to Messrs. Chitralok, Distributors, for the damage done to the film.

Decision

In this case both the workmen concerned, namely, Shri Kartik Chandra De and Shri Anil Kumar Das examined themselves in Court. The Evidence of Kartik is to the effect that he was appointed as a General Assistant on 24th February 1954 on a salary of Rs. 45 per month to act as Booking Clerk. He produced his identity card, dated 1st April 1954 (Ext. 1), which describes him as General Assistant. His case is that since the commencement of his appointment, he was acting as a Booking Clerk up to the date of his reversion. He has also produced two booking charts (Ext. 2, dated 1st June 1956 signed by the Manager and Ext. 2A, a copy thereof) to show that to him was allotted the duty of a Booking Clerk for the periods covered by the charts. His deposition, therefore, aims at establishing that in spite of his initial appointment as a General Assistant to act as a Booking Clerk and his acting as such all through, he was suddenly demoted to the post of Gate-keeper on 5th April 1957 due to his active trade unionism. The Cinema Company, on the other hand, relies on its documents and the oral evidence of the Manager (O.P.W. 4) Shri Nritya Gopal Ganguly that the posts of Gate-keepers and Booking Clerks were inter-changeable till before the implementation of the agreement in September 1956, when there were no posts of Booking Clerks and Gate-keepers carrying different scales of pay. His further evidence is that Kartik never did the duties of a Booking Clerk exclusively, and that his substantive duty was seat-pointing and gate-keeping and when there was a crowded House he was asked to do the duty of a Booking Clerk from time to time as required. The Company has produced payment registers (Exts. B to B-2) from April 1955 to May 1959 wherein he is described as a Gate-keeper. The Cinema Company has produced an agreement, dated 28th September 1957, wherein Shri Kartik Chandra De is described as Usher and Gate-keeper. It is common ground that prior to the agreement, the post of Booking Clerk did not carry any higher emoluments than that of the Gate-keeper. According to the Company these posts were interchangeable, and as a matter of administrative necessity, the Gate-keepers were made to work sometimes as Booking Clerks, and *vice versa*. There is evidence also to the effect that even an Electrician was at times of necessity, called upon to stand at the gate, and even the Manager was not spared from this humble duty. The Union produced series of letters (Exts. C,C-1 and C-2) to show that he protested vehemently against Company's not allowing him to act as a Booking Clerk, but the Company in its reply (Exts. D, D-1 and D-2) maintained the stand that he was a Gatekeeper and Usher. Excepting the protest by the Union, there is nothing to enable the Court to held that Kartik was appointed as a Booking Clerk and that he had all along worked exclusively as Booking Clerk. The identity card describing Kartik as a General Assistant is criticised as a handwork of Nandalal Basu, Kartik's maternal grand-father, previously an employee of Standard Vacuum Oil Company which was connected with the Management, who secured Kartik this job in the Cinema Company. The description as General Assistant is no safe critrion to held that Kartik was appointed as a Booking Clerk. In fact, there is no such post as General Assistant in the Company.

Admittedly, after the implementation of the agreement between BMPA and BMPEU Kartik Chandra De was categorised as a Gate-keeper and since then he was never allowed to work as a Booking Clerk. The Cinema Company has assigned valid reasons for it, in that Kartik was found unfit for the post of Booking Clerk as he was suspected to have been a party to black-marketing in respect of sales of tickets outside House by third parties. Kartik was cross-examined on this point, and he stated that he did not know who were actually the black-marketeers, but he admitted that he talked with many outside the House. There is his further admission that since he stopped working as a Booking Clerk, black-marketing in respect of sales of tickets has much dwindled. So, there may be a presumption that he was partly responsible for the black-marketing in respect of sales of tickets. Furthermore, Kartik's service record is also not clean as he was previously censured (*vide* charge, Ext. E, dated 14th March 1955 and Ext. G). If the Company does not find Kartik fit as Booking Clerk, Court cannot interfere.

Having regard to the entire evidence on record—both oral and documentary—there is nothing to stigmatise the action of the Company in categorising Kartik as a Gate-keeper as *mala fide*, or actuated by any unfair labour practice. The law is very well-settled that promotion is the management function, pure and simple, and the Court cannot interfere unless the action of the Company is found tainted with *mala fides* or unfair labour practice. There is no evidence worth the name on the side of the Union to justify a finding that the Company deliberately victimised Kartik for his any act of trade unionism on his part. If that were so, Company might have proceeded further towards sacking him. In this connection, reference may be made to the rulings reported in 1952 L.A.C. page 349, 1954 L.A.C. page 543, 1955 L.A.C. page 569, 1955 L.L.J. Vol. I, page 651, 1958 L.L. J. Vol. I, page 139, 1958 L.L.J. Vol. II, page 146. In all these cases it has been uniformly held that promotion is a management function and is in the discretion of an employer who considers not only employee's seniority, but also efficiency and qualifications while granting promotion to a higher post. The Court, therefore, finds that Kartik was appointed as a Gatekeeper and Usher substantively, and his mere acting as Booking Clerk at times does not entitle him to claim the post of Booking Clerk permanently which is now higher in grade and scale of pay than that of a Gate-keeper. The Company suspected him of dishonesty in respect of sales of tickets outside the House, and also his past service record is not up to the mark. So, the action of the Company in categorising Kartik as Gate-keeper is found justified and the Court cannot interfere, and he is entitled to no relief.

Next, I come to the case of Shri Anil Kumar Das. Admittedly, on the night of 1st September 1957 Anil was operating Machine No. 1, and the film "Johnny Walker" was being exhibited at the House and at about 10-30 p.m. the show suddenly stopped as a portion of the film was damaged and there was a great uproar in the House. Anil admitted that the film was a newly printed one. Gopal Chandra Banerjee, Chief Operator, held a preliminary enquiry (Exts. J and J-1) which was followed by another full-fledged enquiry (*vide* proceedings, Ext. H) as described by the Company, wherein the Company found Anil guilty of deliberately damaging the film with the premeditated design of causing pecuniary loss to the Company. Admittedly, no expert opinion is available to ascertain the real cause of the damage. There was break-down after the film was shown up to a length of 200 feet and the Company had to pay Rs. 1,125 to the Distributor Company. It has been contended on behalf of the Union that a film may snap also due to wear and tear after it has been shown on some previous occasions. I have carefully considered the evidence recorded at the domestic enquiry, and observe that there is nothing to exclude the possibility of the film being damaged due to an accident. But the view taken by the Company is a possible one, and therefore the Court is not entitled to interfere with it. The law is well settled (*vide* the latest case of G. McKenzie & Co., Ltd., and its workmen and others reported in 1959 L.L.J. Vol. I, page 285) that the Court will interfere—(i) when there is want of good faith, (ii) when there is victimisation or unfair labour practice, (iii) when the management has been guilty of basic error or violation of a principle of natural justice and (iv) when on the materials the finding is completely baseless or perverse. In the instant case no vitiating element is noticed. Therefore, the view taken by the Company stands good. Even assuming that Anil did not deliberately damage the film as alleged there is very good ground for suspecting Anil of damaging the film deliberately. In the circumstances, the Company cannot be forced to reinstate Anil as that would not be conducive to industrial peace and harmonious relationship. Accordingly, I would only convert the order of dismissal into one of discharge, and hold that the Cinema Company was justified in discharging Anil, but I would award him his three months' wages inclusive of dearness allowance as compensation for his loss of service as he put in six years' service. In this view of mine, I am supported by the L. A. T. decision reported in 1956 L.L.J. Vol. I, page 453 (Bimala Kanta Mukherjee and Newman's Printing Works).

To sum up, there has been no reversion of Shri Kartik Chandra De from the post of a Booking Clerk to that of a Gate-keeper as alleged, and as such he is entitled to no relief. As regards Shri Anil Kumar Das, the order of dismissal is converted into one of discharge, and he is awarded three months' wages inclusive of all allowances which the Cinema Company is directed to pay within a month of the publication of the award.

This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Sahabad Tea Estate, P.O. Kamalabagan, Darjeeling, and their workmen, represented by the Terai Cha Bagan Shramik Union, c/o Bhojnarain Tea Estate, P.O. Kamalabagan, Darjeeling. (Case No. VII-C-135 of 1958.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

SHRI P. C. MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court.*

Appearances:

For the Company: Shri J. K. Ghosh, Advocate, of Messrs. Orr Dignam & Co., Solicitors with Shri Suniti Kumar Saha, Manager of the Garden.

For the Union: Shri G. Prodhan, Office Secretary, with Shri H. B. Chhetri, General Secretary of the Union.

Government of West Bengal, Labour Department, by its order No. 2473-I.R./1R/9L-32/58, dated Calcutta, the 14th June 1958, referred to me an industrial dispute between Messrs. Shahabad Tea Estate and their workmen, represented by the Terai Cha Bagan Shramik Union, for adjudication.

Issue for adjudication is as follows:—

Issue.

Is Shrimati Mankumari, wife of Shri Ram Minj, a dismissed workman, entitled to reinstatement and/or relief? Should she be provided with an accommodation within the estate?

On receipt of reference, notices were issued on the parties and both the parties submitted their written statement. Secretary, Terai Cha Bagan Shramik Union, further prayed that the case be fixed at Darjeeling in view of the fact that it will entail heavy expenses for the poor workman, to come to Calcutta. The case was therefore taken up at Darjeeling on 20th May 1959. Both the parties were present and the case was opened by G. Prodhan on behalf of the Union and Shri J. K. Ghosh, Advocate, on behalf of the Company. The Union examined three witnesses, viz., Mankumari, the aggrieved workwoman, Shri Suleman and Shri H. B. Chhetri and the Company examined their Manager Shri Suniti Kumar Saha, and both the sides were cross-examined by the other. Both the parties filed their documents which are enclosed in the record as exhibits and which I have carefully examined and both the parties argued their case after the evidence was recorded.

It appears that the husband of this woman Ram Minj was dismissed by the Company after he was charged with some serious offences which are subversive of discipline and on 9th January 1958, when Shibben Chowkidar was patrolling in the garden at about 8-30 a.m. Ram Minj threatened to endanger his life if he reports against any mischiever. Ram Minj was charge-sheeted and after enquiry he was dismissed on 18th January 1958 and on 20th January his wife was dismissed who was also an employee of this Company and was living with her husband in the same room which was allotted by the Company for the couple in accordance with the practice prevailing in the Darjeeling district and Dooars. The Manager however wrote a letter to Mankumari, the workwoman concerned, wife of Ram Minj.

> "As you are liable to discharge in view of your husband's dismissal for misconduct as per the Industry Customs, I wish to hear you as to why your service should not be terminated and I, therefore, grant you an interview for this purpose in my office at 5 p.m. of this day or tomorrow, i.e., 19th January 1958, at 3 p.m.".

The woman did not turn up and did not see the Manager and the Manager also wrote a letter to Ram Minj, the dismissed workman, asking him to vacate the Company's quarter which he had been occupying as an incident of his employment and asked him to leave with all expedition, failing which, action will be taken to have him evicted. He further informed him not to cultivate the paddy land of this estate which was allowed to him according to the prevailing practice of the Tea Garden. Ram Minj, however, did not leave the garden and he along with some other workmen tried to assault the Manager and the Manager wrote a letter to the Officer-in-charge of Chapra police-station, district West Dinajpur, requesting him to take steps. In his further letter to the Officer-in-charge, the Manager also wrote that Ram Minj in course of his illegal activities, moved in the workside of labourers, male and females and incited them to indulge in illegal activities. The workers then adopted "go slow" policy and became utterly negligent in discharging their duties. Following the dismissal order, the Manager directed the dismissed workmen to leave the garden. The wife of Ram Minj who was living in the quarters given to her husband was also dismissed. The husband and wife of Ram Minj, Mankumari, have no longer any employment in the Tea Estate and have been asked not to go to the work or interfere with the garden work in any way. Their dues were offered to them and they did not accept any payment. They disregarded the order of the management and they have been attending the plantation every day and Ram Minj cutting the trees (tea bushes) wantonly, with a view to cause mischief and they have been doing so, since their dismissal and the Manager requested the Officer-in-charge to take necessary step against them. The Officer-in-charge came to the garden and sent for Ram Minj and his wife but they did not turn up. It appears further that the husband Ram Minj, was guilty of serious misconduct, subversive of discipline and he was rightly dismissed and his wife Mankumari also joined with him and did not leave the quarters although she was discharged according to the prevailing practice in the tea garden and they did not vacate their quarters.

Shahabad Tea Estate was originally in the State of Bihar and since the reorganisation of the States, it went into the district of West Dinajpur and, thereafter, it was included within the jurisdiction of the Darjeeling district.

In her evidence, Mankumari had stated that her husband was first discharged and then after that, the Company told her that she is also discharged. Her daily rate of wages was Rs. 1-9 per day on "no work no pay" basis, and she does not know of any subscription being paid to the Union. She does not know of any Union. She does not know how many Unions are there in the Company. Her husband asked her to put thumb impression on a plain sheet of paper, which she did. It appears, then so far as the Union is concerned, she had no knowledge and simply because her husband was a member of the Union, she also became a member of the Union and it is for that reason, the Company raised a preliminary objection that it is an individual dispute and not an industrial dispute. I have not allowed this contention of the Company, in view of the fact that from the facts and circumstances, it appears that both husband and wife were members of Terai Cha Bagan Shramik Union although there was another Union, Shahabad Tea Estate Karmachari Union, sponsored by the Company. I have not also accepted the story of victimisation so far as this woman worker Mankumari is concerned, might be, that the husband was a prominent member of the Union, but she has been discharged, not because of that, but simply on account of her being an adjunct to her husband and according to the prevailing custom of Darjeeling and Dooars and that when the husband loses his job, the wife is automatically discharged. Shri H. B. Chhetri, who is the General Secretary of the Terai Cha Bagan Shramik Union and who represents several other Tea Estates including this Tea Estate, has deposed in his evidence that there is another Union in the Shahabad Tea Estate styled as Shahabad Tea Estate Karmachari Union. Shahabad Karmachari Union is located within the garden of Shahabad Tea Estate. Their Union is located in another garden and the Head Office is at Bhojnarayan. He has taken up the case of Mankumari as she requested them to take up the case. In his cross-examination, he had also admitted that they took up the case of Ram Minj, the dismissed workman who is the husband of this woman, to the Government but the Government informed them that they will not send this case to the Tribunal. Manager of the Tea Garden Shri Suniti Kumar Saha had deposed that Ram Minj and his former wife Lalo were recruited on the family basis and after the death of his former wife, Ram Minj has again married Mankumari and when Ram Minj married Mankumari, they got a letter from the Union Kishan Garg Cha Bagan Mazdur Sabha, requesting them to appoint his wife, Mankumari, on family basis. They were also granted Khetland for the purpose of cultivation. The house was allotted to Ram Minj as being the Head of the family and consisted of only one room. Land that is given, is also on the family basis and is given to the head of family. Firewood that is supplied, is also supplied on the family basis, and is given to the head of the family. Free medical attention is given on the family basis, irrespective of person, that is, to the workmen concerned and to the dependants. Dismissal of workmen on family basis was done in case of Gopal and his wife, Arjun and his wife, Sukhia and his wife, Sukhnath and his wife. Ram Minj was discharged for misconduct and after the dismissal of Ram Minj, they gave notice to Mankumari but Mankumari neither appeared nor submitted any explanation. They also offered compensation to Mankumari but she did not accept. They asked her to vacate the quarters but she did not vacate the quarters also, and both dismissed husband and discharged wife are still living in the company's quarters. The husband and wife did not leave the quarters and engaged in the subversive activities. In his cross-examination he had admitted that when Ram Minj was dismissed, his wife Mankumari was also discharged and that is the prevailing practice in all the tea gardens in Darjeeling district and Dooars. They also did not return the implements of the Company which were in their custody. The practice is that they should first return their implements and then the Company will make payment. The Company has also submitted the Industrial Employment (Standing Orders Act, 1946) Standing Orders for Gardens in West Bengal as certified by the Certifying Officer (Labour Commissioner), West Bengal, on the 21st day of April 1956. In the Standing Orders I find that there is a clause that the following acts and omissions shall be treated as misconduct:—

"C. (i) Wilful insubordination or disobedience whether alone or in combination with

> others to any lawful or reasonable order of a superior............
>
> (viii) riotous or disorderly behaviour on the estate prejudicial to the good running of the estate or any act subversive of discipline".

Upon this clause, the Company insists that in order to the smooth running of the Tea Garden, it is necessary that the dismissed workman and the discharged wife should go and vacate Company's quarters, as they are engaged in subversive activities and are spreading dissatisfaction amongst the other workmen, male and female. From the facts and circumstances of the case, as I have stated above, it would appear that acts subversive of discipline, have been committed both by the dismissed workman and discharged wife and while Government refused to intervene and to send the case of dismissed workman for adjudication, they have however referred to this Labour Court for adjudication, regarding the propriety of discharge of the wife Mankumari and have further referred, whether Mankumari is entitled to be provided with Company's quarters. I will now discuss the prevailing practice in the Darjeeling district and in the Dooars and the decisions regarding analogous cases and then examine how far this practice is sound or not (in view of the fact that there are so many conflicting decisions in favour and against this system and the learned Judges have held different views and there is no fixed law or rule, so far as this instant arrangement in the Tea gardens is concerned) and thereafter, I will discuss how far on the merits of this case, this discharge of Mankumari, the wife of Ram Minj, is justified or not and the relief she is entitled to.

. Broad question remains now, whether on the discharge of the head of the family and of his termination of service, the quarters provided by the management for the husband and wife, who is also an employee of the Company, is to be evicted or not and whether the discharge of the wife is justified or not. Learned Judge Shri N. C. Chatterjee, First Labour Court, West Bengal, in his award between Messrs. Tukdah Tea Estate and their workmen, represented by Darjeeling District Chia Kaman Mazdoor Union, published in the *Calcutta Gazette, Extraordinary*, dated the 12th February 1958, discussed this broad principles in a very lucid way and held that the *bona fides* and honesty of purpose should be the guiding factors in deciding each such case on its individual merits and demerits. He however upheld the discharge and subsequent eviction of wife and daughter of the discharged workman, but not adult working brothers. Divergent views on the above subject have been placed before me by the learned Advocate of the Company Shri J. K. Ghosh and the learned representative of the Union. It is admitted that recruitment of the workman in the tea gardens of the Darjeeling district and Dooars is made on family basis so that if the head member of the family is dismissed, he or she is to leave the quarters allowed to the family. The Union seriously criticised the practice as wholly unreasonable and untenable and this point appears to have been mooted first in a case decided by the Learned Judge Shri G. Palit, in the case published in the *Calcutta Gazette*, dated 12th July 1951, page 1767. The Learned Judge observed:

> "the wives and children of the Tea Garden employees are not *ipso facto* 'workmen' under the Company. They become workmen only when so employed by the Company. Even then, they are mere adjuncts to the workers in regular employ whose dependants they are. If the workers are dismissed from service, they go along with their family members. That is the practice in the garden (Tukdah Tea Estate) and the practice is reasonable. These dependants have no independent existence of their own. So, in the present case, when the employees have been dismissed, the question of their family members being locked out by the Company does not arise. So they must vacate the quarters along with the workers whose dependants they are".

The self-same point was raised in the case between Messrs. Barnesbeg Tea Estate of Darjeeling and their workers represented by the Darjeeling District Chia Kaman Mazdoor Union, published in the *Calcutta Gazette*, August 13, 1953 (page 2633). The Learned Judge Shri M. C. Banerjee also upheld the practice of recruitment of workman on a family basis and gave effect to it and found that the discharge of Subrita Kamini was justified. He further observed that the discharge of the wife on the dismissal of her husband for gross misconduct becomes a matter of necessity, if the husband cannot be allowed to stay in the garden's quarters provided by the Company. The self-same point was also considered by the learned Judge of the then Third Industrial Tribunal Shri J. N. Maitra, in his award published in the *Calcutta Gazette, Extraordinary* issue, December 17, 1953, between Messrs. Bannockburn Tea Estate and their workmen, represented by the Darjeeling Chia Kaman Mazdoor Union, the learned Judge discussed this practice obtaining in the district of Darjeeling and gave effect to this practice of recruitment in plantation on a family basis. In his award between Messrs. Bhagatpur Tea Estate and their workers published in *Calcutta Gazette, Extraordinary*, March 18, 1957, the learned Judge Shri M. C. Banerjee discussed this aspect of the practice of recruitment on a family basis on the Tea Gardens in Darjeeling district and upheld the practice. This is in regard to the practice that is being observed in the tea gardens of Darjeeling district and Dooars. It is to be considered that long years of custom and convention forms the basis of contract. Against this principle, there are divergent principles which has been also cited in this connection, reported in L.A.C. 1953, page 515, between Doom Dooma Circle Cha Mazdoor Sangha *versus* Budla Tea Estate and in the case between Bordubi Tea Estate reported in 1954, L.A.C., page 320 and also in the case between Rungmutee Tea Estate represented by the West Bengal Chah Shramik Union, published in the *Calcutta Gazette*, December 9, 1954, In the case reported in 1953, L.A.C., page 515, the learned Judge held:

> "that the certified Standing Orders enjoins on the Company to provide a permanent workman as an incident of employment with free quarters for his residence and of his immediate dependants. These quarters are admittedly located within the Tea Estate. In accordance with that rule, Ruchi Tanti was allotted free quarters to live in, where he lived with his wife who, though a permanent workman, was not gven separate quarters. We are told that this was in accordance with the accepted practice, which is that where both the husband and the wife are taken in service as permanent workmen free quarters is allotted to the husband only".

The instant case is quite analogous to this, and in the case cited above the learned Judge has further observed that this Ruchi Tanti was dismissed on 21st July 1951 on a charge of insubordination which was misconduct under the Standing Orders for which a workman could be dismissed. The wife Banabashi in spite of the dismissal of her husband continued in service and the Company sent her a letter terminating her employment and thus a dispute arose and the learned Tribunal upheld the discharge of the wife, but in appeal the learned Tribunal's order was set aside and the wife was directed to be reinstated to service. The learned Appellate Tribunal had further observed:

> "There is nothing in Aege's Report on an enquiry into the conditions of labour plantations in India 1945 in support of the alleged usage that wives when employed as workman, were regarded as adjuncts of their husbands in the matter of their employment in the sense that the continuity of their employment depended on that of their husbands.
>
> The mediaevel concept of a wife being regarded as a dependant having no separate existence of her own apart from her husband had long lost its ground with the changed conditions of society. It will lead to serious anomalies in view of the modern trend of legislation which includes in its ambit the Industrial Disputes Act, 1947.
>
> Husband and wife are undoubtedly partners in life socially but not so in respect of their legal or contractual rights and obligations in relation to others. As the contract of service was separate and distinct, the matter of termination of service of each must be judged on its own merits".

Viewed from this context of thing, I wonder, how far this practice that when the husband loses his job and is allotted a single quarters for him and his wife, the wife also automatically loses her job and is evicted from her quarters, is in consonance with the modern concept of the society and how far it will be in consonance with our Indian Constitution. In the very Preamble of our Indian Constitution it has been resolved "to constitute India into Sovereign Democratic Republic and to secure to all its citizen, justice, social, economic and political." The Constitution of India has provided equal rights as citizen, for husband and wife and one vote for each, as adult couple. If that be so, I cannot persuade myself to accept the theory that the wife is an adjunct of the husband and if the husband is dismissed because of misconduct, wife is also dismissed and should be evicted from the quarters which was provided for the couple. In his award published in the *Calcutta Gazette*, December 9, 1954 (in this case when the workman's father was dismissed for misconduct and the Company terminated the services of son on the plea or custom of recruitment on family basis), the learned Judge Shri Motilal Chakravorty observed:

> "I do not accept the plea of custom of recruitment on family basis as being reasonable and I decide the case against the Company and reinstate the son workman".

In deciding this case Shri Chakraborty found that there was no satisfactory proof, either oral or documentary, of the custom of recruitment on family basis and further found that even if there were any such custom, the same was an unreasonable one being against natural and social justice. It is the practice in the Tea gardens of Darjeeling and Dooars, that fire wood is also supplied on the family basis and khetland for cultivation is also allotted to the family according to size of the family, to the head of the family and ration also, if there be, is also allotted to the head of the family and the house is also allotted in the name of the head of the family. So if the head of the family is dismissed, automatically his wife who is considered as adjunct, loses her job and loses all these facilities, and she is evicted from the quarters although a permanent workman, herself, and does not get any further facilities, offered by the Company. In the Plantation Labour Rules, 1926, of West Bengal published as per notification No. 5629G., dated 22nd November 1956, with the previous approval of the Central Government. It has been provided:

> "Occupation of houses: (1) Houses shall be allotted on the basis of one house for one worker:
>
> (i) Provided that it shall be open to an employer to allot houses to single worker at the rate of a house for not more than four such workers:
>
> (ii) Provided further that if there are more than one worker in a family, only one house shall be allotted to the husband, his wife and non-adult children:
>
> (iii) Provided further that it shall be allotted to any other member of the family who is in service of the employer in case of termination of service of the original member in whose name the quarters was previously allotted."

It has been further provided in the rules regarding occupation of accommodation after termination of employment:

> "In the case where the discharge of a worker is disputed and the matter has been referred for conciliation or has been taken to an Industrial Tribunal or Court, for so long as the case is not finally disposed of."

The workman and his family may retain the house up to the period of final disposal of the case. Probably, for that reason the Company has not yet evicted the dismissed workman and his discharged wife.

Being confronted with these divergent views, I will now proceed to place my own views on the subject.

I am inclined to think that the old theory, if the husband is dismissed, automatically his wife will be discharged and will have to vacate the quarters which was provided for the couple both being employees of the Company, will no longer hold good in view of the progressive ideal of the society and in consonance with the provision of the Indian Constitution which provides equal rights both for husband and wife and wife can be considered in no way, adjunct to her husband. In the eye of law, she is as good a juristic person as her husband and she cannot be penalised for the offence committed by her husband. Neither she can be driven out of the quarters if the husband is dismissed for misconduct and the Company holds that the husband has no longer any right to live within the fence of the garden. I am inclined to think that each case will be decided on its own merits and the *bona fides* and honesty of purpose of the employer Company should be the guiding factor. The learned Advocate on behalf of the Company Shri J. K. Ghosh argued, if the Company has no right to discharge the wife, in case her husband is dismissed for misconduct and to evict her out of the quarters allotted for the couple, the Company has also no obligation to take into the service the wife, when her husband is in the service of the Company, and to provide employment for the family. I think, there is logic in his argument and if I hold that the wife cannot lose her job for no fault of her and cannot be evicted from the quarters allotted for the couple when her husband is dismissed for misconduct, I should also hold, that, the Company has no obligation either legal or moral, to take into the service, the wife of the employee simply because the husband has been taken in. So far as this particular case is concerned, it is in the evidence that the husband was an employee of the garden from long before and his wife has also been taken in, as an employee by the Company and when the first wife died, second wife, namely, present workwoman Shrimati Mankumari, was also taken in as an employee. It is also in evidence that her husband

Ram Minj was dismissed because of his misconduct for subversive activities and when after his dismissal, the Union sought relief from the Labour Department and requested that his case should be referred for adjudication, the Assistant Secretary by his letter 3778-IR., dated 9th September 1958, rejected the prayer stating Government do not consider the case of Shri Ram Minj and Monda, fit for reference, for adjudication, as they are found guilty of the acts subversive of discipline. Government however referred the case of Mankumari, wife of Ram Minj for adjudication, and the issue therein is her reinstatement and/or relief, and whether she should be accommodated within Tea Estate. As I have discussed the principles above, I do not think that on principle, the wife Mankumari should be discharged, in view of the fact that her husband has been dismissed and that she should lose her quarters which has been allotted for the couple. But I shall have to dismiss her case on other grounds, not on the question of principle, but on the question of merits of this particular case. Shri Suniti Kumar Saha, Manager of the Company, had stated in his evidence:

> "We offered compensation to Mankumari but she did not accept. We asked her to vacate the quarters but she did not vacate the quarters. Both the dismissed husband and the discharged wife are still living in the Company's quarters, the husband and the wife did not leave the quarters and were engaged in subversive activities. In spite of their dismissal order they were doing work and as there was no regular supervision they were damaging the tea bushes. We informed the matter to the police and police also gave their findings.
>
> Apart from the custom prevailing in the tea garden, I apprehend that if they are allowed to stay in the garden industrial peace of the garden will be disturbed. In view of the fact that she since then joined in subversive activities, we are not prepared to pay further compensation to her. If it is the order of the Tribunal that more compensation will be paid, we will accept the award".

I have no reason to disbelieve this evidence and it is established that Mankumari, wife of Ram Minj, also indulged in subversive activities and are damaging tea bushes but simply because her case is pending before this Tribunal both she and her husband, dismissed workman about whom Government is satisfied of his subversive activities, are allowed to stay in in their quarters within the garden, as the case of the wife is pending before this Tribunal. If industrial peace is to be maintained and specially in the Tea Industry, which is the valuable industry of West Bengal, for which foreign market is to be attracted and on which, the prosperity of our State depends to a large extent, I cannot put premium to the subversive activities of the discharged wife and on this ground only, I will uphold the discharge order of the Company. I do not find any lack of *bona fides* on the part of the Company, neither it is established that the wife has been victimised for her Union activities. There is no want of honesty of purpose so far as the Company is concerned. In the Industrial Tribunal the workman merits punishment for his or her misconduct and there is no scope of benefit of doubt, as is provided in the criminal law. Viewed from this aspect of the thing, I would consider the discharge of Mankumari to be valid and she is not entitled to reinstatement and she should not be provided with the quarters which was allotted to her and to her husband (although in the name of the husband). She should also return the tools and implements of the Company supplied to her. Only to do social justice, I should give Mankumari some compensation as relief. Justice will be vindicated if she is awarded Rs. 300 as lump sum compensation, and I should direct that the Company should pay her Rs. 300 as lump sum compensation within a month from the date of publication of the award in the *Calcutta Gazette*.

This is my award.

(1) Misc. Case No. 7 of 1959 under section 33(2)(b).

Messrs. Austin Distributors Private, Ltd., Petitioner,

versus

Shri Balai Chandra Karmakar—Opposite Party.

(2) Misc. Case No. 324 of 1958 under section 33A.

Shri Balai Chandra Karmakar—Petitioner

versus

Messrs. Austin Distributors Private Ltd.—Opposite Party.

These two applications under section 33(2)(b) and under section 33A of the Industrial Disputes Act, 1947, are tried up analogously at the desire of the parties and for the sake of convenience. The original reference out of which these two applications have arisen is still pending.

Now, let me take up the application under section 33(2)(b) filed by the Company first for consideration.

The Company in its application states that Shri Balai Chandra Karmakar, who was working as a mechanic under the Company was accused of misconduct because he drove a car within the workshop area at premises No. 173 Lower Circular Road, Calcutta, on 15th September 1958 at 10-30 a.m. without authority, causing damages. On that day he was charge-sheeted for the same. After that an enquiry was held into the charges, with notice to him, on 6th October 1958. At the said enquiry Shri Karmakar admitted his guilt. Subsequently he was dismissed from the service with effect from 7th October 1958. The Company has by the present petition asked for approval of the action taken against Shri Karmakar in view of the section 33(2)(b) of the Industrial Disputes Act.

The workman contests this application saying that the application is not maintainable as the requirements of the proviso to section 33(2)(b) have not been complied with. It is also contended that the workman was wrongfully dismissed from the services by the Company.

In the application under section 33A filed by the workman, Shri Balai Chandra Karmakar states that he was directed to do the needful in connection with the repairing of a car and he accordingly drove the car in order to take it to the repairing centre. Unfortunately an accident took place resulting in damages to another car and he frankly admitted the fact and prayed for sympathetic consideration of his case having regard to his past sincere services under the Company. It is further stated that he drove the car as it was a case of urgent repairs and in doing so he followed the usual practice of the Firm and he had no deliberate motive behind the accident. He prays for reinstatement with back wages and compensation alleging that there was a contravention of the provisions of section 33(2)(b) of the Industrial Disputes Act.

This application is contested by the Company. The Company's case is that the conduct of Shri Karmakar was highly improper as in driving the car he acted without authority and in clear disobedience of the Company's instructions in this behalf. It is said that mechanics are not authorised to drive cars for "shifting" or for any other purpose; in fact they are not permitted to drive a car under any circumstances without holding a driving licence, and the Petitioner had no driving licence, and it was explained to him by his Supervisor that the brakes of the car in question had failed and the master cylinder would have to be overhauled and, as such, it was most dangerous to drive such a car within the Workshop area which is always crowded with workers and owners. The Company further adds that the workman drove the car disregarding the instructions of the Company and it resulted in extensive damage to the car in question and also to another car, and in consideration of the facts and circumstances of the case it was decided that the workman concerned should be dismissed from service and, accordingly, he was dismissed from the Company's services. The Company denies that there was any contravention of provisions of section 33 of the Industrial Disputes Act.

Point for decision

Case No. 7 of 1959, under section 33(2) (b):

Is the application under section 33(2) (b) maintainable? If so, is the Company entitled to get the approval of the action taken?

Case No. 324 of 1958, under section 33A

Is the application maintainable? If so, to what relief the workman is entitled?

Decision

I will first take up the case under section 33(2)(b) of the Industrial Disputes Act for consideration.

The workman's contention is that the Company's application under section 33(2)(b) is not maintainable, and in support of the same it is argued that this application was filed at a very belated stage and there was no payment of one month's wages in accordance with the proviso added to section 33(2)(b). It will be seen that the present application under section 33(2)(b) was filed by the Company on 4th January 1959. The order of dismissal of the workman by the Company is dated 7th October 1958. So it would appear that the present application under section 33(2)(b) was filed nearly three months after the dismissal of the workman concerned.

Now the question is whether the present application should be considered as time barred or not. On a perusal of section 33 it would appear that during the pendency of a proceeding before the Labour Court, Tribunal or National Tribunal in respect of an industrial dispute, the employer may in accordance with the Standing Orders applicable to a workman concerned in such dispute for any misconduct not connected with the dispute, discharge or punish, whether by dismissal or otherwise, that workman provided that no such workman shall be discharged or dismissed, unless he has been paid wages for one month and application has been made by the employer to the authority before which the proceeding is pending for approval of the action taken by the employer. The section further provides that where an employer makes an application to a Conciliation Officer, Board, Labour Court, Tribunal or National Tribunal under the proviso to sub-section (2) for approval of the action taken by him, the authority concerned shall, without delay, hear such application and pass, as expeditiously as possible, such order in relation thereto as it deems fit (*vide* sub-section 5). The present section 33 of the Industrial Disputes Act was substituted by Act 36 of 1956 (section 21). The employer could not under the previous section discharge, dismiss or otherwise punish any workman concerned in an industrial dispute during the pendency of any proceeding before a Tribunal. It has to take express permission in writing of the Tribunal. Of course, the amended section has given some freedom to the employer and now under the new section the employer can during the pendency of the proceedings in respect of the industrial dispute before a Tribunal dismiss a workman concerned in such dispute in accordance with the Standing Orders applicable to him for any misconduct not connected with the dispute. This is, however, subject to certain restrictions, and they are as follows: (i) the aggrieved workman has to be paid one month's wages and (ii) the employer must make an application seeking approval from the Tribunal of the action taken by him. This application for approval is to be filed subsequent to the action taken. No time limit has, however, been prescribed for the same. So, it may be rightly contended that a question of limitation does not at all arise. The learned representative for the workman argued that the application for approval of the action taken against the workman by the employer should be filed simultaneously after the order of dismissal. At the same time it is also argued that the application for approval of the action taken must be filed within a reasonable time. The learned Lawyer for the Company contends that the provisions of section 33 of the Industrial Disputes Act are of penal nature and, as such, the section should be strictly construed. Now, on a reading of section 31 of the Act it would be quite clear that section 33 is a penal section. Sub-section 1 of section 31 lays down that when an employer contravenes the provisions of section 33, he shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both. When section 33 is a penal section, there is no doubt that it should be strictly construed. Under this section the employer must make an application seeking approval from the Tribunal of the action taken by him, and when no period of limitation has been prescribed by the Act or by the rules framed thereunder for the filing of an application seeking approval from the Tribunal for the action taken by the employer against the workman, I must hold that the contention of the workman that the present application is time barred is untenable. If the theory that the application for approval is to be filed within a reasonable time, then I would conclude that the delay as is found in the present case is no inexcusable in any way, as I find that this delay was due to a *bona fide* mistake on the part of the Company. Of course under the ordinary law, an employer has right to dismiss an employee for misconduct. Some restrictions were placed on this right of the employer by section 33(2)(b) of the Act. One of the restrictions is that the employer will have to file an application seeking approval of the Tribunal of the action taken by him. This is necessary in order to judge whether the dismissal is *bona fide* or not. The filing of an application by the employer for the approval of the action taken against the employee has been prescribed by the Legislature in a case covered by section 33(2)(b). But no period of limitation has been prescribed by the Act or by the rules framed thereunder for the filing of such an application. The contention that the instant application is out of time is not at all acceptable.

The other contention of the workman concerned is that he has not been paid as yet one month's wages by the employer as laid down in the proviso to section 33(2)(b) of the Industrial Disputes Act. As against this, the Company's contention is that one month's wages and other dues were offered to the workman on the very day when the order of dismissal was passed. Now it is seen that in the very order of dismissal passed on 7th October 1958, the Company directed the petitioner to receive one month's pay and other dues from the head office on any working day during the working hours. The order of the Company was sent to the workman concerned through registered post with acknowledgment due. It is not denied by the workman that he received the letter of dismissal from the Company. In that letter it was stated that the Accounts Departments have been asked to settle his account with one month's pay and other dues, if not paid, against a clear receipt and he was directed to collect his dues on any day during the working hours. This would certainly constitute a legal tender of one month's wages to the workman concerned. Of course, the section lays down that before dismissal a workman must be paid one month's wages. It was not possible to do so in this case as when the order of dismissal was passed, the workman concerned was absent and the whole order relating to the dismissal and payment of one month's wages and other dues was to be communicated to him through the registered post by his village address at Ramnagar, district 24-Parganas. On the side of the workman concerned it was contended that the Company could very well pay him one month's wages by sending the amount by postal money order. But I find that no such procedure has been laid down either in the Act or in the rules framed thereunder. The Company in its eagerness was ready to pay all his dues including one month's wages and asked him to receive the amount on any working day at the head office during the working hours. It was a good offer and, as such, there was sufficient compliance with the provisions laid down in the proviso to the section 33(2)(b) of the Act. A dismissed workman comes within the defination of the workman as given in section 2(s) of the Act, and the ordinary place of payment of the workman's wages was at the Accounts Office of the Company. After receiving the letter the workman could have asked the Company to send his dues by postal money-order. He kept silent over the matter. The offer by the Company regarding all his dues including one month's wages was a good and genuine offer and I hold that there was sufficient compliance with the provisions laid down in the proviso added to section 33(2)(b) of the Act.

Now I take up the question whether the approval for the action taken by the Company against the workman is to be given or not. The charge against the workman was under two heads, viz., (i) wilful insubordination or disobedience and (ii) conduct which endangers the property, lives and safety of other employees. The incident on the basis of which the Company framed the charges against the workman took place on 15th September 1958 at 10-30 a.m. There is no dispute between the parties regarding the incident. The fact is that a car bearing No. BMU-2854 came to the Company's workshop for repairs. Its brakes were defective, and the cylinder was to be overhauled. It was the car on one side of the workshop, and that side was not meant for executing repair work. The Assistant Supervisor of the Company, Shri Mondal, O.P.W. 2, asked the workman, Shri Karmakar, to bring the switch key from the store as he would take the car to the repairing place. Shri Karmakar accordingly went to bring the key and instead of giving the key to Shri Mondal, he himself drove the defective car and it dashed against the other car bearing number WBC-7697. and as a result both the cars were damaged. In the evidence Shri Mondal further said that the car bearing No. WBC-7697, was upon a stand and that stand was also damaged. The details of damages which occurred are found noted in Ext. H prepared by the Works Manager, Mr. A. K. Perry, and from the same it would appear that the total loss to the Company amounted to Rs. 80 on account of the incident. O.P.W. 1, Shri Sarkar, a Supervisor of the Company, said that the stand upon which the car bearing No. WBC-7697 was standing without wheels was also damaged, and another workman who was engaged in repairing this car did not fortunately receive any hurt. He added that the stand belongs to the Company. According to him, Shri Karmakar was not authorised to drive the car. His clear statement is that Shri Karmakar was instructed not to drive any car within the workshop area. The act of driving the car within the workshop area is to be done by the Supervisors who have got the driving licence, and no mechanics are allowed to drive the car within the workshop area, and there is no such practice in the Company. Of course Shri Karmakar said that he drove the car in order to take it to the repairing place within the workshop area. He further admitted that in course of his driving the car dashed against another car as a result of which the standing car got damaged. According to him the mudguard was slightly bent on account of the incident, and no other damages occurred. But this does not represent the correct state of things. What is found is that both the cars got damaged and the stand on which the car bearing No. WBC-7697 was resting also got damaged. It fell down from the stand and the stand was thus broken. O.P.W. 1, Shri Sarkar, inspected both the cars and found damages. His evidence is that rear bumper, luggage lid, tail and stop light, etc., of the standing car got broken, and the mudguard of the car driven by Shri Karmakar was bent, and the front bumper was also broken. Shri Karmakar admitted that his duty was to do repairing work in the workshop as a motor mechanic of the Company and on the day of incident he was called upon to do the repairing work in connection with the motor car bearing No. BMU-2854. He knew that this car had defective brakes. He has got no driving licence. He was asked by Shri Mondal, O.P.W. 2, only to bring the switch key from the store. He was not asked to drive the car. But he out of his own accord opened the car and drove it and caused the incident. He admitted in his cross-examination that all mechanics were advised to take the help of the licensed drivers of the Company for taking the defective cars, and they were not permitted to drive any car. He further stated that there were other persons within the workshop who drive defective motor car but they have licences. So the position comes out clear that Shri Karmakar drove the defective car wilfully violating the instructions of the Company. Of course, he added that there was a practice of taking the defective cars by driving to the place of repairing by other mechanics, and following that practice he drove the car in question. But the clear evidence of O.P.W. 1, Shri Sarkar, is that no mechanic is allowed to drive a car within the workshop and there is no such a practice. I find that O.P.W. 1, Shri Sarkar, who acted as a Supervisor of the Company, spoke the actual truth. The statement of Shri Karmakar that there is a practice of taking the defective cars driving to the place of repairing by other mechanics is far from being true. When he admitted in his cross-examination that they were not permitted to drive the defective cars and they were to take the help of licensed drivers of the Company for taking the defective cars to the repairing place, it is not at all believable that mechanics had to drive cars following any practice. After scrutinising the evidence I find that the workman, Shri Karmakar, drove the defective car out of his own accord violating the definite instructions of the Company. He was only called to do the repairing work in connection with the car and Shri Mondal, O.P.W. 2, simply asked him to bring the switch key from the store, and not to drive the defective car. It is found that he entered the car with the key and opened it and then drove it knowing fully well that the brakes were defective. He was working in this Company from 1951. At first he was a learner and then he became a mechanic. He realised how difficult it was to drive a car with defective breaks. Knowing all things well he drove the car within the workshop when other workers were doing work. In his cross-examination he admitted that it is dangerous to drive a motor car having defective brakes. He further admitted that about 200 or 250 workmen worked in the workshop. Repairing of motor vehicles and other types of engineering works are done there. After knowing all these things very well, he took the idea of driving the motor car having defective brakes. It was certainly a dangerous work on his part. He admitted the whole thing at the time of enquiry which was held in his presence. He pleaded guilty. In his written explanation, Ext. D, he admitted that he took up key and drove the car and caused the incident. He expressed his regret for the incident in clear language in his explanation. He thought he would be excused this time as he was working quite satisfactorily for the last 7 or 8 years. He prayed for sympathetic consideration having regard to his past sincere services. It was further said that he had no deliberate motive behind the incident.

The learned representative for the workman concerned argued that the workman himself drove the car, although it was defective, for the sake of speedy repairing work as it was an urgent case. The fact, however, remains that his business was not to drive the car and he was instructed not to drive the car and he actually drove the car violating the instructions of the Company. The act of driving was not his duty and he knew it very well that Shri Mondal, O.P.W. 2, would take the car in the repairing centre by driving or otherwise. Under the circumstances his action was not at all justified. Definitely there was a loss to the Company and the Company thought it best to dismiss him for his misconduct. The two charges against the workman were established. Shri Karmakar admitted that an enquiry was held in his presence. At first he was asked to submit an explanation and he submitted a written explanation. Subsequently an enquiry was made. The workman admitted his guilt at the time of enquiry. He further admitted that he was not authorised to drive a car and the Supervisor, Shri Sarkar, O.P.W. 1, explained to him that the brakes of the car had failed and the master cylinder would have to be overhauled. Giving instructions to Shri Karmakar, Shri Sarkar, Supervisor, went out to do another piece of work and the other Supervisor, Jatin Mondal, was attending the neighbouring car. But Shri Karmakar drove the car violating the instructions of Shri Mondal, and by that he caused damage to both the cars.

The Company found that Shri Karmakar committed serious offence by driving the car without licence. The Company further found that the workman concerned was guilty of both the charges. In my conclusion the findings of the Company are quite correct. According to the Standing Orders of the Company (*vide* Ext. 1), major misdemeanours are wilful insubordination or disobedience, and conduct which endangers the property, lives and safety of other employees. It is clear that Shri Karmakar was guilty of major misdemeanour. The Company was justified in dismissing the workman concerned according to the Standing Orders.

Now, it might be argued that when the workman was not previously censured or warned, the Company ought not to have punished him by the extreme penalty of dismissing him. But the fact remains that the workman acted like a man devoid of ordinary sense and made himself unfit to be retained in services of the Company. It is argued on the side of the Company that a man who works recklessly without taking any care of human lives and properties, cannot be called a fit man for the purpose of working in the workshop area where numberous men are to work and the valuable properties are to be kept. Considering the facts and circumstances, I find that the punishment which was awarded by the company in the present case was not in any way harsh. The principles which govern the power of the Industrial Tribunal to interfere with the decision of the employer following an enquiry made by him have been laid down by the Hon'ble Supreme Court in 1958(1) L.L.J. 260 in the words—

"Undoubtedly, the Management of a concern has power to direct its own internal administration and discipline but the power is not unlimited and when a dispute arises, Industrial Tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In cases of dismissal on misconduct, the Tribunal does not, however, act as a Court of appeal and substitute its own judgment for that of the Management. It will interfere—

(i) when there is want of good faith,

(ii) when there is victimization or unfair labour practice,

(iii) when the Management has been guilty of a basic error or violation of a principle of natural justice, and

(iv) when on the materials the finding is completely baseless or perversed.

It is for Management to determine what constitutes major misconduct within its Standing Orders sufficient to merit dismisal of a workman, but in determining such misconduct it must have facts upon which to base its conclusion and it must act in good faith without caprice or discrimination and without motives of vindictiveness, intimidation or resorting to unfair labour practice and there must be no infraction of the accepted rules of natural justice. When the Management does have facts from which it can conclude misconduct, its judgment cannot be questioned provided the above mentioned principles are not violated. But in the absence of these facts or in cases of violation of the principles set out above, its position is untenable.

In the absence of any of the vitiating circumstances mentioned above, it would not be open to the Industrial Tribunal (in the instant case by the Labour Appellate Tribunal in appeal) to disbelieve the evidence of a witness examined at the domestic enquiry and come to a different conclusion on merits".

In the present case, the decision arrived at by the Company at the domestic enquiry cannot be interfered with and the punishment and dismissal does not call for interference. I find that the Company had acted *bona fide* in good faith without caprice or discrimination and without any motive of victimisation. In conclusion it is held that the dismissal of the workman was justified. Accordingly, I approve of the action taken by the Company against the workman concerned.

In view of the above findings I hold that there was no contravention of section 33 of the Industrial Disputes Act and, accordingly, the complaint, under section 33A of the Industrial Disputes Act, is not at all maintainable. The petitioner, Shri Karmakar, is not entitled to get any relief in his case under section 33A of the Act.

This is my award.

W. BASU MAZOOMDER,
Judge, Fourth Industrial Tribunal.

The Bill seeks to introduce these amendments. It also seeks to implement the decision taken at the Conference of the State Finance Ministers held at New Delhi on the 18th November, 1957, to impose sales tax at a uniform rate of 7 *per centum* on certain luxury goods. The opportunity has been taken of making certain minor amendments in the Bengal Finance (Sales Tax) Act, 1941, to make the meaning clearer.

8. **Special instruction for grant of loan to a Co-operative Society.**—As regards loan to Co-operative Societies the following special instructions are to be followed. The foregoing instructions will also be applicable to such loans, but only to the extent to which they are not inconsistent with the special instructions laid down below:—

(A) The bye-laws of the Society should *inter alia* provide for:

(i) representation empowering certain office-bearers to execute and sign all deeds and documents creating mortgages charges, pledges or disposing of or otherwise dealing with the properties of the Society on behalf of the Society, and

This is subject to the condition that the maximum amount of loan admissible will be limited to ten times the paid-up share capital.

(iv) For the purpose of this rule assets will include existing fixed assets like lands, buildings, plant and machinery, etc., and the reserve fund separately invested by the Society with the Provincial Co-operative Bank. The Society shall have to maintain the fixed assets in such condition that the value of such fixed assets remains the same and shall replace such of the fixed assets as may be worn out or damaged by wear and tear, or otherwise, with like fixed assets of equal or greater value.

(D) When a loan has been sanctioned to a Society a bond should be executed in the prescribed form (Annexure D) and when the bond has been duly executed and registered the loans shall be actually advanced either in full or in instalments against the execution of a pronote or pronotes (Annexure F) by the Society.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI S. R. GHOSH, *Judge, Third Industrial Tribunal.*

Miscellaneous Case No. 15 of 1959 under section 33A of the Industrial Disputes Act.

Shri Ram Chandra Mohata, Rupnarayanpur, P.O. Hindusthan Cables, district Burdwan, Complainant,

versus

Messrs. Behar Potteries Ltd., Rupnarayanpur, P.O. Hindusthan Cables, district Burdwan, Opposite party,

For the complainant: Shri S. Basu Roy, Secretary of the Union.

For the Opposite party: Shri S. R. Singh, Labour Adviser of the Engineering Association of India.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by workman Shri Ram Chandra Mohata employed under the opposite party Messrs. Behar Potteries Ltd. The complainant alleges that during the pendency of adjudication proceedings in respect of an industrial dispute between the opposite party and their workmen before this Tribunal, he was suspended from work on and from 30th June 1958 on a false charge of stealing a piece of copper cable. Information was lodged to local Police and a criminal case was started against the complainant. On 28th July 1958 the complainant filed an application under section 33A of the Industrial Disputes Act before this Tribunal on the allegation that the opposite party had contravened the provisions of section 33 of the Act. But as suspension pending decision of the criminal case was no punishment, the complainant could not proceed with that application and that application was dismissed for non-prosecution. The complainant was acquitted of the alleged charge of theft of a piece of copper cable by the Criminal Court on 18th December 1958 and he approached the opposite party to resume his duties, but he was not allowed to do so. The complainant, therefore, filed this complaint under section 33A of the Industrial Disputes Act on 7th February 1959 on the plea that the opposite party has contravened the provisions of section 33 of the Industrial Disputes Act in having suspended him for an indefinite period.

Opposite party contends that the present complaint under section 33A of the Industrial Disputes Act is not maintainable in view of the fact that the previous complaint on the same subject matter had been dismissed for non-prosecution by this tribunal by its award, dated 5th December 1958 which came into operation on 3rd February 1959 and is binding between the parties and that the complainant is not entitled to reagitate the matter.

The only point for decision, therefore, is: whether the present application under section 33A of the Industrial Disputes Act is maintainable in law.

Decision

It is an admitted fact that during the pendency of an adjudication proceeding in respect of an industrial dispute between the opposite party and their workmen before this Tribunal the present complainant was put under suspension with effect from 30th June 1958 on a charge of theft of a piece of copper cable by the complainant, and it is not disputed that the order of suspension is still subsisting. It is also not disputed that the complainant had previously filed an application under section 33A of the Industrial Disputes Act before this Tribunal which was dismissed for non-prosecution on 5th December 1958 by an award which has come into operation. It is urged on behalf of the opposite party that since the previous application has been dismissed for non-prosecution, the complainant is not entitled to reagitate the same matter by a fresh application like the present one, and in support of this contention reference has been made to a decision reported in 1959 L.L.J. (I), page 369, in the case between Sreegopal Paper Mill Ltd. and State of Punjab and others decided by the Punjab High Court. In that case it has been decided that during the currency of a prior award in an application under section 33A dismissing the application preferred by workman under section 33A of the Industrial Disputes Act the same subject matter cannot be reagitated by the same workman by a fresh application under section 33A. The fact that prior award was not given on merits but was only an order dismissing the complaint for default, does not alter legal position. In view of this decision I find that the present application by the complainant under section 33A of the Industrial Disputes Act upon the same subject matter is not maintainable in law, the earlier application on the same subject matter having been dismissed for default and the award given having come into operation and being in force even now.

Secondly, up to the decision of the criminal case on 18th December 1958 the suspension incurred by the complainant was no punishment within the meaning of section 33 of the Industrial Disputes Act and even during the pendency of the application for approval by the opposite party under section 33(2)(b), the order of suspension was not a punishment so as to entitle the complainant to come before the Tribunal with an application under section 33A of the Industrial Disputes Act for appropriate relief. It has been held by the Supreme Court in the case of Laksmi Debi Sugar Mills Ltd. versus Ram Swarup and others reported in 1957 L.L.J. I, page 17, that suspension without pay even for an indefinite period pending enquiry or pending permission of the appropriate Tribunal to dismiss the workman could not be held to be a punishment which would require permission of the Tribunal before the same could be meted out to the worker. Application for approval was struck off on 27th June 1959 as the Tribunal had become functus officio on the expiry of 30 days from the date of publication of the award in the main case on 18th April 1959. Therefore, the suspension of the present complainant for an indefinite period being no punishment for which approval would be required by the employer according to section 33 of the Industrial Disputes Act, the employer cannot be said to have contravened the provisions of section 33 of the Act and as such the present application by the complainant under section 33 of the Industrial Disputes Act is incompetent in law.

So, in any view of the matter, the present complaint under section 33A of the Industrial Disputes Act is not maintainable in law and is, therefore, rejected.

This is my award.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Labour Department, by order No. 2840-I.R./IR/13L-5(B)/57, dated 8th July 1958, and corrigendum No. 2819-I.R./IR/13L-17/58, dated 27th June 1959, referred, under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between the Statesman Private Ltd., Statesman House, Calcutta, and their workmen represented by the Statesman Employees' Union, Statesman House, 4 Chowringhee Square, Calcutta, relating to the following issues to this Tribunal for adjudication.

Issues

(1) Revision of grades.

(2) Whether the dismissal of Sarvashri Narayan Laha, Ram Singh and Suraj Prasad Singh is justified? To what relief are they entitled?

AWARD

Decisions

6. **Issue No. 1—Revision of grades:** The Statesman Private Ltd. publishes the *Statesman*, an English daily newspaper, with an extensive circulation in India. The Union's written statement states that this newspaper has also a wide circulation in Pakistan and Burma and that it has possibly the largest circulation and that it has a fine make-up unmatched by any other newspaper in India that has merited it three consecutive State awards. The number of workers involved in this proceeding is about 900, of whom about 200 are in the clerical staff and the rest of 700 are in the printing establishment.

7. By an order, dated 4th September 1951, the Government of West Bengal, Labour Department, referred the disputes between the Company and the workmen to the Sixth Industrial Tribunal for adjudication of 11 issues including the following issues:—

(1) Grades and scales,

(2) Re-organisation of the existing peon staff, if necessary, and

(3) Dearness allowance.

8. The award of the proceedings on that order of reference was made by the Tribunal on 19th July 1952, and was published in the *Calcutta Gazette*, dated 21st August 1952. The award was based upon a settlement, the terms whereof appear in Appendix A to the award. The Union states in its written statement that the Statesman Employees' Union was persuaded by the Company to withdraw from the said adjudication proceedings and in the interest of industrial peace and to maintain cordial relations with the Management, the Union withdrew from the proceeding by filing a joint petition and on terms which were embodied in the award published in the *Calcutta Gazette*, dated 21st August 1952. It is stated that the terms of the joint petition on which the aforesaid award was based was settled on *ad hoc* basis and were interim in nature. The Union states that the Company failed to do anything for the workmen in the course of the next five years, and a charter of demands was submitted to the Company by letter, dated 21st July 1956. The Company replied to the said charter of demand by letter, dated 2nd August 1956, asking the workmen to wait till the return of Mr. Harris, Director and Secretary of the Company, who was proceeding on home leave to England. The Union waited patiently and negotiated in the matter till April 1957 and when nothing materialised in such negotiations and on return of Mr. Harris, the Union placed a copy of the charter of demands to the Labour Commissioner, West Bengal, with a forwarding letter, dated 3rd June 1957. A copy of the said forwarding letter appears as Annexure A to the Union's written statement. The existing scales of pay of the workmen and the claimed scales of pay appear in Annexure B to the Union's written statement. It is stated that the existing minimum, maximum and the annual increments are all inadequate and the scheme is defective. The existing dearness allowance of the workmen of the Company in 1952, and as changed in 1958, appears as Annexure C to the Union's written statement. The Union shows the total minimum, maximum and the medial wages of a manual worker and a clerical staff in some factories and offices including this Company in Annexure D to its written statement. The Union states that the increase in dearness allowance is insufficient and was thurst upon the workmen under threat. The cost of the balanced diet in the present market is shown by the Union in Annexure E to its written statement. The Union states that whatever may be the view taken in the past, price index will not stabilise at any point below, 250, taking 1939 as the base and accordingly, the scales of pay should be considered and adjusted accordingly since the bonus, gratuity and such other benefits are linked up with pay.

9. The Company, in its written statement, raises two preliminary objections. It is stated that the members of the clerical staff broke away from the Statesman Employees' Union and formed a Union of their own, the Statesman Clerical Staff Union, which is a registered body. The Company pleaded that the Statesman Employees' Union was competent in law to represent the clerical staff in this proceeding.

10. It is further pleaded that grades and scales of pay as obtained today were confirmed by agreement between the parties and formed a part of the award of the Sixth Industrial Tribunal, published in the *Calcutta Gazette*, dated 21st August 1952, and confirmed by the decision of the Hon'ble Labour Appellate Tribunal, dated 15th September 1953. The Company states that the said award of the Sixth Industrial Tribunal is still binding and has not been terminated in accordance with law, and the present reference concerning revision of grades is not maintainable.

11. On Issue No. 1, the Company states that the original grades and scales of pay of the workmen were settled by agreement between the parties in 1946-47. In 1951, there was a demand for revision of those grades and scales of pay, and the said demands were ultimately referred to the Sixth Industrial Tribunal for adjudication. The Company and the Statesman Employees' Union filed a joint petition of settlement before the said Tribunal whereby the scales of pay of certain specified categories of workmen were revised by consent and the parties agreed that other grades and scales would remain unchanged and that, there would be no change in the minimum basic wages. The said settlement formed a part of the award of the Sixth Industrial Tribunal, which was published in the *Calcutta Gazette*, dated 21st August 1952. The dispute before the said Tribunal, however, continued concerning the rates and scales of pay of the members of the lower subordinate staff only and the Tribunal held that the scales of only a few categories of subordinate staff should be revised on the basis of the offer made by the Company leaving the general question of the minimum basic wage or of the revision of the grades and scales of other members of the lower subordinate staff undisturbed. Against the said award of the Sixth Industrial Tribunal, there was an appeal to the Hon'ble Labour Appellate Tribunal of India by the members of the subordinate staff as represented by the Press Employees' Union and the Hon'ble Labour Appellate Tribunal held on the materials on record that they agreed with the findings of the Sixth Industrial Tribunal that neither the grades nor the rates of pay required any revision, and that, they were adequate. The Company states that it has subsequently voluntarily revised the grades and scales of pay of some categories of workmen when it has found justifiable grounds to do so. The Company states that the rates of pay of the different kinds of jobs has been assessed on the basis of and are commensurate with the skill and responsibilities involved and are fair and reasonable and generally more than those paid in other newspaper or printing industries in the region. The Company also submits that the total emoluments which the different categories of the employees receive are generally higher than what their counterparts get in other newspaper concerns in the region. The Company states that the demands of the Union as made in Annexure "B" to its written statement are excessive, arbitrary, hypothetical and without any scientific basis. The Company, therefore, opposes the said demands, for

which no justification has been shown. The Company also states that the existing scales, as shown in Annexure "B" are, in many cases, incorrect. The Company states that the workmen are receiving more than the minimum wages and that, in view of the anticipated restricted revenue for various reasons, including restriction of imports, and cut in newsprint quota imposed by the Administration, any further increase in the existing wage structure would jeopardise the financial position of the Company. The Company admits that it received a charter of demands from the Union and held discussions with the Union's representatives in order to arrive at an amicable settlement, but as the demands were excessive and the Union remained adament, no amicable settlement was possible. In respect of dearness allowance, the Company revised the scheme in 1958 by linking the scale of dearness allowance to the cost of living and the scheme of dearness allowance as modified has inured to the benefit of the workmen. The Company states that Annexures D and E to the Union's written statement are not applicable to the present case. The Company, therefore, states that there should be no revision of the grades as claimed by the Union.

12. It would appear that two preliminary objections were advanced by the Company to counter the Union's claim for revision of the grades and scales of pay in Issue No. 1. The first is that as the Clerical Staff Union was not a party to the present reference, the Tribunal should not adjudicate on the revision of basic wages of the clerical staff of the Company numbering about 200. This objection is unworthy of support. The order of reference is for adjudication of the dispute on the revision of grade scales of wages between the Company and all its workmen and the Employees' Union has been described as representing all the workmen before the Tribunal. That being so, the Tribunal is obliged to adjudicate on the dispute on revision of grade scales of wages of all workmen, including the clerical staff with the Employees' Union representing them before he Tribunal.

13. The second objection is that the award between the parties made by Shri S. K. Nyogi on grades and scales of pay, published in the *Calcutta Gazette*, dated 21st August 1952, has not been terminated by the Union under section 19(6) of the Industrial Disputes Act and the reference of the dispute in Issue No. 1 was, therefore, incompetent. It is admitted that there was an award by the Sixth Industrial Tribunal, which was published in the *Calcutta Gazette* on 21st August 1952, and the issues included those on grade scales of wages (Issue No. 1), and dearness allowance (Issue No. 7). The award was partly based on an amicable settlement between the parties, and was partly upheld by the Hon'ble Labour Appellate Tribunal on appeal. The learned Advocate for the Union pointed out paragraph 16 of the Agreement in Appendix A, Annexure A to the award, which shows that the Agreement would be submitted to Shri S. K. Nyogi, District Judge, with the request that he would make this his award, which would be binding on both the parties for a period of 12 months from its date. This term in the award will not make it binding only for the period as mentioned in this clause. It has been decided by the Hon'ble Kerala High Court in the case of Indian Aluminium Co., Ltd., that section 19 of the Industrial Disputes Act does not visualise automatic termination of any award framed under the Industrial Disputes Act, and that, even in a case where the award mentions the date till which it would be binding on the parties, notice of termination under section 19 of the Industrial Disputes Act must be held to be necessary [1958(II) L.L.J., 403]. It has been decided in the case of Bhuturia Jute Mills, reported in 1956 L.A.C., 719 at page 731, that an award will bar a fresh reference and a fresh adjudication on the reference of an industrial dispute covered by the award during the statutory period of its operation, and in enacting section 19(6), the Legislature clearly intended to extend this view even beyond the expiry of the operative period of the award at least till two months after the termination of the award by any of the parties as provided in the section. It is, therefore, clear that unless the award of the Sixth Industrial Tribunal was terminated by a notice under section 19(6) of the Act, no reference of the dispute on the same matter to the Tribunal would be competent. It has also been held in the case of Bhuturia Jute Mills (page 732) that a notice under section 19(6) may or may not be in writing, and may be communicated in any manner provided a party for whom it is intended has sufficient knowledge of the fact constituting it and further that, the award being one indivisible, any party bound by it, can put an end to the entire award, as the word "the" before the word "award" in sub-clause 19(6) indicates. In the present case, however, there was a revision of the dearness allowance of all categories of workmen, as shown by the Memorandum of Settlement, Ext. F, dated 12th March 1958, in a conciliation proceeding, in which the Company and the Clerical Staff Union were parties. The terms of the settlement were made effective since 1st January 1958. Dearness allowance was a part of the award of the Sixth Industrial Tribunal. This revision of the dearness allowance was at variance with the terms of the award in 1952, and the Company was a party to it. The award is to be considered in its totality and as a consistent whole and under section 19(6) of the Act, when a part of the award is terminated by notice, the whole of it is ended. It further appears from Ext. D, Ext. E and Ext. E(1) that the wages of many individual employees were revised after the date of the award in 1952, and such alterations were made till 1957. The learned Advocate for the Company stated that this revision of grade scales of individual employees after the date of the award in 1952 were an improvement upon the award. This improvement was also at variance with the provisions of the award. It appears to me that the entire clerical grades were also revised at a later date than that of the award, as it appears that the clerical grades in Ext. A, dated 21st January 1947, appear in a much improved form in Ext. E(2). There is no evidence to show when this revision of the clerical grades were made. It is clear that as the Company violated the binding effect of the award regarding the provision of dearness allowance when the settlement in conciliation proceeding shown in Ext. F was made on 12th March 1958, and also when it effected alterations in the wages of a large number of employees from year to year till 1957, it is estopped from pleading the award as a bar to the Union's claim for revision of wages in the present proceedings.

14. The notice under section 19(6) need not be in writing, as it is enjoined in section 19(2) of the Act. It has been decided in the Bhuturia Jute Mills case, mentioned above, that a notice under section 19(6) may be communicated in any manner, provided a party for whom it is intended has sufficient knowledge of the fact constituting it. In the case of Bhuturia Jute Mills, the absence of a specific pleading to the fact that the charter of demands was not received by the employer was taken to be an admission as to the receipt of the charter of demands and as a sufficient notice of the intention of the Union for avoiding the award, as required under section 19(6) of the Act. In the present case, it is admitted by the Company that the charter of demands on the claim of the revision of wages was submitted to the Company and the latter held discussions with the Union on the demands, but no settlement could be arrived at.

That being so, it is clear that a notice of the intention of avoiding the award of 1952 was duly communicated to the Company, as stated by the Union on 21st July 1956. The reference of the dispute was dated 8th July 1958, and is not, therefore, within the mischief of section 19(6) of the Act. The preliminary objections on this point, therefore, also fails.

15. The claim as to Issue No. 1 will now be considered. Evidence was adduced by both the parties. P.W. 1 Shri P. D. Mukherji, General Secretary of the Statesman Employees' Union, P.W. 2 Shri Narayan Lala and P.W. 3 Shri Suraj Protap Singh deposed for the Union. Documents, Ext. 1 to Ext. 5(a), were marked for the Union. O.P.W. 1 Shri B. E. Gomes, Administrative Officer of the Statesman Office, and O.P.W. 2 Shri A. K. Chatterji, Manager, Process Department, deposed for the Company. Documents, Ext. A to Ext. O(3) were marked for the Company. Evidence as mentioned above relates to both the issues.

16. The Union claimed a revision of the grade scales of basic wages on the ground that the scales of basic wages were fixed on an ad hoc basis, and the minimum wage was not fixed on accepted principles of wage fixation. The learned Advocate for the Union claimed that there was an error of a fundamental character in the fixation of the minimum wages. It was stated that Annexure B, which shows the existing grade scales and the claimed grade scales of wages, shows a claim for the minimum wage of Rs. 40 per month in place of Rs. 20, Rs. 25, Rs. 27 and Rs. 30 per month for various categories of workers. It was stated that the total minimum wage was Rs. 57, being a total of Rs. 20 as basic pay and Rs. 37 as dearness allowance. It was pointed out by the learned Advocate for the Union that the minimum wages in the Jute Textile Industry, Engineering Industry and in the Collieries were much higher than Rs. 57 per month. In the Jute Textile Industry, the minmum total wage was Rs. 67.17 per month. The minimum wage in the Collieries is nearabout Rs. 75 per month. The learned Advocate for the Union pressed at the time of his argument that the basic pay should be fixed at a cost of living index of 180 points with the base of 1939=100 and the Company's differentials should be maintained. This, he stated, will be attained by fixing the minmum wage at Rs. 40 per month. As regards the clerical staff, he referred to the award of the Hon'ble Labour Appellate Tribunal in the case of Caltex, reported in 1952 L.A.C., 402, and claimed that D Grade should be abolished and the minimum scale should be according to the Grade B as awarded in the Caltex case, starting with Rs. 80 per month. The learned Advocate also stated that for the last three or four years, the Company was making profit while in 1952 it suffered a loss. This was a sufficient change of circumstances to justify a change in the grades of wages. The Company opposed all these suggestions and claims. Annexure D is a chart showing the existing minimum and maximum of wages of several Companies, being Imperial Tobacco Co., Dunlop Rubber Co., Hindusthan Lever Co., Marshall & Sons, Imperial Chemical, Bridge & Roof and Wimco, Alambazar factory. P.W. 1 Shri P. D. Mukherji did not support Annexure D in his evidence and stated that the entries as to maximum and minimum were incorrect owing to wrong typing. I should observe that the approach of assessment of wage in the Statesman Private Ltd. on the basis of the companies mentioned in Annexure D is entirely erroneous. Wage is to be fixed on an industry-*cum*-region basis. The industries in Annexure D are almost all engineering industries with great resources. An assessment of the wage structure of the employees of the Statesman Private Ltd. should be made by a comparison of wage structure in other newspaper concerns in the Calcutta region. P.W. 1 admitted in his evidence that except in the case of Drivers of lorries and vans, the employees of *Statesman* receive better emoluments than those obtained by the employees in the other newspaper offices. The objection as to the wages of drivers of lorries and vans were not clarified. It would appear that on a consideration of the industry-cum-region basis, the wages of the employees of the Statesman Private Ltd. cannot be considered to be open to objection. The Union filed with its written statement Annexure E showing the cost of balanced diet according to the dietary as recommended by the Famine Enquiry Report in page 106. P.W. 1 Shri P. D. Mukherji states that he has compiled Annexure E, and that he has not noted the period when this price chart was obtaining in the market. He has not also mentioned the market from which the price was collected. Annexure E shows the market price of the items of diet for an adult per day according to the recommendation of the Famine Enquiry Report and the cost of food for 3 adults for a month has been found to be Rs. 215-2-6. Annexure E adds another Rs. 47 as the cost of clothing and beddings, housing, medical, fuel and oil and miscellaneous expenses for a month and strikes the grand total of Rs. 262-2-6 as the cost of a family per month. The claim that the cost of food for a balanced diet for a standard family would come to Rs. 215-2-6 is unworthy of support. Without taking into account the fact that the total cost of food to the extent of Rs. 215 and odd would mean a wage of much higher figure for the lowest paid worker, even a minimum of Rs. 215 per month in place of the existing minimum which appears to be Rs. 80 and odd in Ext. E(2), with suitable increments all along the scale, to maintain the existing differentials, is not possible for the Company to sustain. The approach made by the Union is also open to objection on other grounds. Even if the worker was entitled to a balanced diet as mentioned in the Famine Enquiry Report, stated in Annexure E, to the written statement, the cost therefor at the present market value would not give a picture of his wage requirements, as he is not entitled to a cent. per cent. neutralisation for a rise in the cost of living. The workman has to bear to some extent the burden of the increased cost of living. The observations of the Hon'ble Labour Appellate Tribunal of India in the case of Nelli Marla Jute Mills, reported in 1953 L.A.C., 440 at page 445, is referred to on the point. The workmen in Nelli Marla Jute Mills got neutralisation on the rise of the cost of living to the extent of only 66 per cent. The Revised Health Bulletin No. 23 of 1951 by Dr. Ackroyd, Fourth Edition (1951), fully revised by Shri V. N. Patwardhan, Director, and Shri S. Ranganathan, Chief Chemist, Nutrition Research Laboratories Coonoor, shows at page 16 in Table II the composition of the "well-balanced diet" and at page 18 in Table III the composition of the "ill-balanced diet," and in Table IV of the same page the composition of "improved diet," which provided for the essential nutrients of a balanced diet and made a compromise by temporarily sacrificing the ideal diet with the necessity of making the improvement economically possible. It is stated that this improved diet has been conceived and enunciated by the nutrition experts as the well-balanced diet in Table II will be too expensive and beyond the means of many. At page 19, it is stated that the insufficient and the ill-balanced diet would have cost Rs. 2-8 per adult and the well-balanced diet, which is richer in milk and other food, would have cost Rs. 5 to Rs. 6 per adult per month in the pre-war days. The improved diet, as mentioned in Table IV at page 18 would, therefore, cost the worker less than Rs. 5 per head. The dietary mentioned at page 106 of the Final Report of the Famine Enquiry Commission, mentioned in Annexure E

to the Union's written statement, is the same as the well-balanced diet in Table II of the Health Bulletin, mentioned above. The arguments of the learned Advocate that the cost of food for 3-consumption unit would come up to Rs. 215 and the worker is entitled to that sum with the cost of clothing, etc., as his total wage in a month is, therefore, unworthy of support. It is, therefore, clear that the claim of the learned Advocate for the Union that the wages should be fixed on the cost of a family of 3 adult units as deduced in Annexure E is unworthy of support.

17. The plea of the learned Advocate for the Union that the scales of basic wages were fixed on an ad hoc basis is unworthy of acceptance. O.P.W. 1 Shri B. E. Gomes states in his cross-examination that in fixing the scales of basic wages, the Manager consulted the departmental heads and considered the skill and responsibilities required by each man and then fixed the scales of pay. This amounts to a process of job evaluation to the best of the judgment of the Management. Ext. E(2) shows that the minimum wage received by the employees of this concern is offered to Boys. The number of them is 2, and their basic scale is Rs. 20 to Rs. 34. Ext. E(2) shows that the dearness allowance is Rs. 37 + Rs. 7.50. Canteen allowance is Rs. 13, December payment of dearness allowance is Rs. 3. The total minimum pay for a Boy, who gets Rs. 20 as his basic wage is Rs. 80.50. The scale of Rs. 20 to Rs. 34 gives a total emolument of Rs. 80.50 to Rs. 95.70 with allowances. The Major Mercantile Tribunal in its award on the industrial dispute between the Bengal Chamber of Commerce and their workmen observed that as the total emoluments of the subordinate staff did not go below Rs. 67, the Tribunal considered that their cases did not require interference. The Major Mercantile Tribunal in its award in respect of some of the mercantile firms of Calcutta directed that when basic wage of a subordinate staff was less than Rs. 30 per month, but the total wage was Rs. 60 or more the differential in the basic wage below Rs. 30 should be supplied by drawing the necessary amount from the dearness allowance. In the present case, the learned Advocate for the Union only wanted an increase in the minimum basic wage to Rs. 40 and an increase of the basic wage all along the scale was demanded to maintain the existing differentials as fixed by the Company. It, therefore, appears that the objection of the Union is as to the minimum basic wage and not in respect of the differentials in the basic wage fixed by the Company for the higher categories of wages. The minimum wage in the Major Industries in West Bengal as fixed by Industrial Tribunals will appear below:—

Industry.		Basic wage.	D. A.	Total wage.
		Rs. nP.	Rs. nP.	Rs. nP.
Jute Textile Industry	..	34 67	32·50	67·17
Cotton Textile Industry	..	28·17	32·50	60·67
Engineering Industry	..	35·00	36·00	71·00
Collieries	..	27·10	41·07	69·06

It would be realised that in the collieries, the price of coal is fixed by the Government to cover any wage increase that is allowed by statutory authorities. Ext. E(2) shows the grade scales of wages along with all allowances of some categories of employees of the Company, including the lowest and the highest scales. This document shows that the minimum wage received by a Boy, who are only 2 in number, is Rs. 80.50. He has yet a time scale grade of basic wage, being Rs. 20 to Rs. 34, and the highest wage of his scale is Rs. 95.70. It may be noted that in the major industries mentioned above, there is no provision for incremental scales for the lowest paid monthly worker. There is some provision for incremental scale for a part of the unskilled categories of workers in the engineering industry and this is limited to those workmen who improve in efficiency in respect of nature and quality of work by efflux of time. I do consider that an incremental scale for the lowest paid manual worker in the Statesman Company is a commendable feature in its wage-fixing policy. It would also appear that the minimum wage paid to the lowest paid manual worker in this Company does not suffer in comparison with that offered in the major industries employing the majority of the working population in this State. The merit of the existing wage structure should be assessed on the industry-cum-region basis. In the case of Buckingham & Carnatic Co., Ltd. versus their workmen, reported in 1952 L.A.C., 490, the Hon'ble Labour Appellate Tribunal accepted the principles laid down in the report of the Committee on Fair Wages and applied them in the fixation of fair wages of workmen. It was observed by the Hon'ble Judges in that case that the "prevailing rate of wages in the same and similar occupations in the same or neighbouring localities is an import factor for unless the same wage level of workers employed in the same occupation in the same locality or in the neighbourhood was maintained, there would be a flow of labour from one unit of the same Industry to another unit, resulting in unfair competition and undesirable consequences". According to the evidence of P.W. 1 Shri P. D. Mukherji, the General Secretary of the Union, the wage rates in this Company is higher than that of employees in the other newspaper industries in Calcutta. It appears that two other newspapers in Calcutta, who along with the Statesman have been placed in Class I on the basis of gross revenue by the Working Journalists Wages Committee. It is, therefore, clear that the total wages of the employees in this Company do not suffer in comparison with similar categories of workmen in the newspaper industry or in the major industries in the State. The decision of the Hon'ble Supreme Court in the case of Burn & Co., reported in 1956 L.A.C., page 799, has laid down that although an award may be avoided under section 19(6) of the Act, the rights flowing from it will continue to be operative unless they are liable to be modified by change of circumstances on which they were based. The Hon'ble Supreme Court approved the decision to this effect made by the Hon'ble Labour Appellate Tribunal in the cases of Army & Navy Stores, Ltd., at Bombay [1951 (II) L.L.J., 31], and Ford Motor Co. of India, [1951 (II) L.L.J., 231]. The learned Advocate for the Union presses that as in 1952 the Company was suffering loss and the Company has been earning a profit for the last 3 or 4 years, this is to be considered as a sufficient change of circumstances to justify an increase in the basic wages. Annexure B to the Company's written statement shows a chart of the profit and loss for the years 1943 to 1957. The balance-sheets of the Company for the years 1951 to 1958, appears as Ext. N to Ext. N(7). Ext. B shows that there were losses in 1950 and 1951 and also in 1953. Profit and loss appropriation account shows loss from 1950 to 1955, and it appears that the losses were wiped out in 1956, and there was a profit since 1956. Dividends were not paid from 1950 to 1956, although bonus was paid in 1953 and 1955 onwards. Earning of a net profit since 1956 is in a way a change of circumstances since the last award in 1952, when there was a nett loss, but this would not justify an upward revision of the wage structure, as that may cause a relapse of infirmity that has been overcome. There has been a rise of the cost of living since 1952, and since 1st January 1958 the dearness allowance has been increased by a settlement in a conciliation proceeding. Considering all circumstances as discussed above, I hold that there has been no such change of circumstances as may justify an increase in the wages of the workmen of this Company. Judging the wage structure from the wages offered to the workmen of similar categories in the newspaper industry in Calcutta, as also the minimum wages given to the employees of the major industries in the State, the claim for an upward revision of the wage structure appears to be justified.

18. The above observations apply to the total wages paid to the workmen in the Statesman Company. It has, however, been shown above that the minimum basic wage of the Boy in this Company is only Rs. 20, whereas his dearness allowance and other allowances amount to Rs. 60.50. The basic wage in none of the major industries, as shown above, is so low as Rs. 20 per month, although it would appear that the total wages in this Company for the lowest paid worker is quite high. A low basic wage means a low provident fund contribution and a low retiring gratuity. I consider the overloading of allowances at the cost of basic wage to be an anomally in the wage structure, which calls for redress. Ext. E(2) shows some of the scales of pay and some of the categories of employees in the services of the Company. I understand that the canteen allowance of Rs. 13 per month is enjoyed by all the manual and the clerical staff. I have mentioned above that the Major Mercantile Tribunal increased the basic wage of all the subordinate staff in some mercantile firms of Calcutta up to Rs. 30 by taking a necessary sum from the dearness allowance, because it considered that the basic pay should not go below Rs. 30 per month in the case of the subordinate staff. In the same way, I also consider that the minimum basic pay of the Boys should not go below Rs. 30 per month and the deficiency should be made up by drawing an amount from the canteen allowance. It is, therefore, awarded that the basic pay of the Boys shall be increased by Rs. 10 per month, and the scale of the Boys should be re-constructed as Rs. 30 to Rs. 44, and the canteen allowance of the Boys should be reduced by Rs. 10 and fixed at Rs. 3. I consider that this adjustment of the wage structure of the Boys would remove any reasonable complaint of the Union to the effect that they were getting a very low basic wage. In order to maintain the existing differentials, it is awarded that all categories of employees shall have their canteen allowance reduced by Rs. 10 per month and this amount added to their basic pay. All categories of employees shall, therefore, get a canteen allowance of Rs. 3 only per month. I consider that this adjustment of the wage structure will meet the ends of justice in the present case. A further increase in the wage structure would be unjustified and would create an industrial dispute in the newspaper industry where there was none.

19. Regarding the clerical grade, the learned Advocate for the Union pointed out that Grade D which extended from Rs. 60 to Rs. 130 per month was redundant in the presence of Grade C, which had the scale of Rs. 70 to Rs. 140. It appears that there was only one employee in Grade D and the learned Advocate for the Company states that this clerk is only a probationer, and he would be absorbed in Grade C after the completion of his probationary period. I consider that Grade D is redundant in the presence of Grade C. I, therefore, direct that after the completion of the probationary period of the present employee in Grade D, no further recruitment shall be made in Grade D and all recruitments, whether on probation or in permanent service, shall be made in Grade C in place of Grade D. I am not, however, limiting recruitment of employees in Grade B or Grade A I consider that no further directions in regard to the wage structure need be made and Issue No. 1 is accordingly answered.

Issue No. 2: Whether the dismissal of Sarvashri Narayan Lala, Ram Singh and Suraj Prosad Singh is justified? To what relief are they entitled?

20. This issue is in relation to the dismissal of three workmen, viz., Shri Narayan Lala (mentioned as Narayan Laha in the order of Reference), Shri Ram Singh and Shri Suraj Protap Singh (mentioned as Suraj Prasad Singh in the order of Reference). I shall take the case of these three persons separately here below:—

I.—Shri Narayan Lala

The Union states in his written statement that Shri Narayan Lala was charge-sheeted on 27th December 1956, and that he submitted his explanation denying all allegations on 29th December 1956, and an enquiry was held on 2nd January 1957, and he was dismissed on 15th January 1957. The copy of the charge-sheet, explanation and dismissal letter appear as Annexure F, G and H respectively to the Union's written statement. The Union states that the enquiry did not disclose any guilt of Narayan Lala as far as he could gather and no copy of the proceedings was given to him in spite of his demand in his letter, dated 8th January 1957, which appears as Annexure I to the Union's written statement. The statements recorded were neither explained to him, nor was he given the proper opportunity to fully cross-examining the witnesses of the Company. It is stated that Narayan Lala served the Company for 18 years, and was drawing a total emolument of about Rs. 150 per month, and had a clean and meritorious record of service. The Union states that the allegations against Narayan Lala are false, perverse, malicious and that even if the finding was proved, there are enough extenuating circumstances in his favour not to justify the punishment of dismissal.

21. The Company states in its written statement about Narayan Lala as follows:—

On 27th December 1956, Narayan Lala was charged with disobedience to a lawful and reasonable order in that he refused to pass two lead-mounted blocks for press, which he was instructed to do by his Departmental Manager, Shri A. K. Chatterjee, and repeated by the Circulation Manager, Mr. Courtenay. This incident occurred after he had previously been sent for on the same date by the Director and Secretary of the Company, Mr. Harris, on a similar complaint by Shri A. K. Chatterjee of refusing to carry out legitimate order on 24th December 1956, and after Mr. Harris, in the presence of Shri A. K. Chatterjee, had warned Narayan Lala of the serious consequences which would result if he continued such disobedience. He was accordingly asked by the Company by its letter, dated 27th December 1956, as to why disciplinary action should not be taken against him for contravention of section 13(b)(1) of the Company's Service Rules. A copy of the charge-sheet appears as Annexure C to the Company's written statement. The Company received the explanation of Narayan Lala on 29th December 1956, and in order to give him an opportunity to substantiate his explanation, proposed to hold an enquiry, with due notice to Narayan Lala, on 2nd January 1957. On 2nd January 1957, the Company held an enquiry into the charges and gave every opportunity to the workman to defend himself and to question the witnesses who gave evidence at the enquiry. The said enquiry was properly and regularly held and the questions and answers recorded were fully interpreted and explained to him. Subsequent to the holding of the enquiry, the Secretary of the Union and the workman asked for a copy of the proceedings of the enquiry; the Company, however, could not oblige them, as the proceedings of the enquiry were treated as confidential and it was not the practice of the Company to part with such records, or to allow copies thereof to be obtained. The Company, however, undertook even at that stage and for the second time to have the proceedings of the enquiry explained and interpreted to the workman in his own language and in fact fixed several dates for the purpose; such opportunities however were not availed of by him. On the results of the enquiry, the members of the Enquiry Committee recorded their findings, copy of which appears as Annexure D to the Company's written statement. The Management considered the charges, the explanations of the workman and the proceedings of the enquiry and agreed with the findings of the Enquiry Committee. The Management therefore decided that as the workman was guilty of misconduct, he should be dismissed from the Company's service and notified him accordingly by its letter, dated 15th January 1957, which appears as Annexure E to its written statement.

22. Ext. J(10), dated 27th December 1956, is the report of Shri A. K. Chatterjee, Manager, Process Department, to Mr. Harris, the Director and Secretary of the Company, stating that on 24th December 1956 at about 5 p.m. the Supervisor of Stereo Section reported that Narayan Lala was going slow with his work. The Manager, Process Department, went over and found that he was indeed working very slowly, and when the Manager told him to get on with his work properly, he replied that he could not work any faster. On the same evening, Narayan Lala refused to carry out the instructions of the Manager, Process Department, to finish the block and send it across to press. Narayan Lala was insolent and refused to carry out the instructions of the Manager, Process Department, stating that those who were paid more than him, might do this work. Ext. J(11), dated 27th December 1956, is the report of Shri A. K. Chatterjee to Mr. Harris, stating that Narayan Lala refused to carry out his instructions that afternoon at 4 p.m. in the presence of Shri A. K. Sinha, and Supervisor Provash Ch. Dutt II. Shri A. K. Chatterjee instructed Narayan Lala to pass two lead-mounted blocks for press, which he refused to do. Mr. Courtenay himself then asked him to do this work, but he again refused. It is stated also that the work which he was asked to do was a part of his normal duties. Narayan Lala in his evidence admitted that on 24th December 1956, the Manager, Shri A. K. Chatterjee, asked him to pass a block for press, but he did not do so. In his deposition, he explained that he told Shri Chatterjee that he was doing an urgent job and that Shri Chatterjee should pass an order to the effect that he should leave his allotted work and pass the block as ordered. He also states that the passing of the block is the normal work of the Supervisor. The witness also admits that on 27th December at 4 p.m., he did not pass the block as instructed, because he was afraid that he might fall into trouble. He says that he did not do the work, as at that time there was some trouble between the Company and the Union. The Supervisor was present on the 27th when the order was given to him. In his cross-examination, he admits that Mr. Harris called him on the date of the charge-sheet at 3 or 3-30 p.m. and that, Mr. Harris asked him to do his work properly. He also states that on the 27th, Mr. Courtenay asked him to pass the block in the presence of Shri Chatterjee, and Shri A. K. Singha and Shri Provash Ch. Dutt II. About the enquiry, Narayan Lala says that he attended the enquiry, and Shri Provash Chandra Dutta, Banamali and Rampada Babu and Aswini Babu were present. Shri A. K. Chatterjee came and after leaving some papers, went away. Nakul Mitra was present at the enquiry. The Sahibs questioned him in Hindi and Nakul Mitra translated the questions to him in Bengali. After his statements, he was asked to sign, but he did not sign. The Company sent him a letter before the enquiry to attend it. He did not take any witness to the enquiry. He wanted a copy of the proceedings when he was asked to sign it. He says that he did not ask for a copy on any other date. The evidence of Shri A. K. Chatterjee, O.P.W. 2, is that Lala was a stereo worker, and it was the duty of the stereo worker to pass blocks for press and it was not the duty of the Supervisor. The stereo workers do this work always and the Supervisors also do this work. On 27th December 1956 Shri Chatterjee asked Narayan Lala to send two lead-mounted blocks to press. He refused to do this job. Shri Chatterjee then reported to the Manager to the effect that his orders were not being carried out by Narayan Lala. The Manager, Mr. Harris, sent Mr. Courtenay of his Department. Shri Chatterjee asked Narayan Lala again in the presence of Mr. Courtenay, but he again refused. Thereupon Mr. Courtenay himself ordered Narayan Lala to do the work and this order was also not carried out. The Assistant Manager, Shri A. K. Guha and Supervisor, Shri Provash Chandra Dutta, were present when orders were given by Shri Chatterjee and Mr. Courtenay. Shri Chatterjee also states in his evidence that there was an enquiry after this incident by Mr. Lakin, Mr. Gomes and Mr. Moore. Lala was present at the enquiry. Shri Provash Chandra Dutta, Shri A. K. Sinha and Shri Banamali Chandra Kundu deposed for the Company. Lala cross-examined some witnesses. Shri Aswini Kumar Ghosh and Shri Rampada Dey were witnesses to the proceedings. Shri N. C. Mitra was the Interpretor. Narayan Lala also stated that Nakul Mitra translated questions to him in Bengali. Shri Chatterjee states that Mr. Lakin put questions in English and the Interpretor explained the questions in Bengali to Narayan Lala and the latter gave his replies also in Bengali and the interpretor translated his answers in English. There were two Stenographers who recorded the proceedings in English. At the completion of the enquiry, the proceedings were typed. Lala was present there. The proceedings were read over to Lala in the presence of the witnesses. Lala was asked to sign on the proceedings, which he refused to do. Shri Chatterjee also states that on 24th December 1956 there was an incident. He asked Lala to pass a block for press, but Lala refused to carry out his orders. He reported the incident to the General Manager on the 27th. Shri Chatterjee appeared before Mr. Harris with Narayan Lala on the 27th, and Mr. Harris asked him why he did not work. Lala replied that he did not obey Shri Chatterjee. Lala then stated that in future he would carry out the orders. Mr. Harris then warned him and asked him not to do such work again. In cross-examination, Shri Chatterjee states that while refusing to obey the orders on the 24th or 27th, Narayan Lala stated that those who were drawing better pay than himself would do the job. Narayan Lala in his evidence admitted his signatures in the papers, Ext. B, showing passing of blocks for press. These papers show that the work of passing of blocks for press were done by him as well as by other workers, who signed on these papers when the blocks were passed for press.

23. I have stated above that Ext. J(10) and Ext. J(11) are the reports of Shri Chatterjee on the incidents on 24th December 1956 and 27th December 1956, about Lala refusing to obey the orders of Shri Chatterjee in respect of passing of blocks for press. Exts. J(12) and J(13) are the reports of Shri A. K. Sinha and Shri Provash Chandra Dutt II about the incident on 27th December 1956. The charge-sheet Ext. J(9) shows that Lala committed the same offence on 24th December 1957, and was reprimanded by the Director, Mr. Harris for such conduct, and he also warned him against repetition of such incident in

future. Exhibit J(8) is the explanation of Narayan Lala. He states that he denied the allegations and that he was verbally asked to work as a Supervisor and he only asked for an order in writing in reply. This explanation does not touch the question of refusal to pass blocks for press on the 27th, on which he was asked to submit an explanation. Exhibit J(7), dated 31st December 1956, is the letter to Narayan Lala that an enquiry would be held on the charge-sheet on 2nd January 1957 at 2-30 p.m. Exhibit J(6) is the proceedings of the enquiry held by Mr. D. A. Lakin, assisted by Shri B. E. Gomes, and Mr. S. Moore on 2nd January 1957 at 2-30 p.m. It shows the endorsement of the witnesses, Shri Aswini Kr. Ghose and Shri Rampada Dey, stating that the statements had been correctly recorded and the contents correctly explained to Shri Narayan Ch. Lala. Narayan Lala admitted that he refused to do the work as asked by Shri Chatterjee. He also admitted in his statement before the Enquiry Committee that he also did this type of work before from time to time. The explanation which he gave for his refusal to do the work was that he did not get justice from the Company and a junior was given a rise over him and that this happened about 3 or 4 years ago. He states that he knows the work of a Supervisor, but he was not given that job, and the Company could do justice to him as was done to Banamali Kundu. It appears from the statements of the proceedings that Banamali Kundu was not a Supervisor, and that he was also an "A" Grade worker just as Narayan Lala was. Lala states that there was a Supervisor over him, but there was no Supervisor over Kundu. That was his complaint. Exhibit J(5) is the statement of witnesses Aswini Kr. Ghose and Rampada Dey and the Interpretor N. C. Mitter, stating that the complete record of the proceedings of the enquiry held by Mr. D. A. Lakin had been correctly interpreted and explained to Shri Narayan Lala by Shri N. C. Mitter on 2nd January 1957. The statement also shows that Mr. D. A. Lakin then requested Lala to sign the copy of the proceedings, which he refused to do. Narayan Lala admitted in his cross-examination that Nakul Mitter translated the proceedings to him in Bengali and he was asked to sign on it, but he did not do so. Exhibit J(4) is a letter of Shri P. D. Mukherjee, General Secretary to the Union, addressed to the Director and Secretary of the Company, complaining that he was sorry to learn that the Company tried to secure the signature of Shri Narayan Lala in the purported statement without telling him what was recorded, and a copy of the proceedings of the enquiry was demanded in the matter. This letter is dated 3rd January 1957. The reply to this letter is Ext. J(3), dated 4th January 1957. The Company states that everything which took place at the enquiry was translated to Shri Lala at the same time as it was recorded, that the record of the proceedings of this enquiry was a confidential document and it could not be made available to the Secretary, and if Narayan Lala was of the opinion that he had not had this document explained to him, the Director and Secretary would be pleased to have this read to him in the latter's own language in front of two witnesses to the enquiry, if he would be in the Board Room of the Statesman Office at 10 a.m. on 7th January 1957. P.W. 1 Shri P. D. Mukherjee states in his cross-examination that he did not ask Narayan Lala to go to the Company on receipt of the Company's instructions and he was not aware whether he went to the Company's office to hear the translation of the proceedings. Annexure I to the Union's written statement, dated 8th January 1957, shows copy of a letter by Narayan Lala to the Director, stating that he was an Oriya and Oriya was his mother tongue, that questions were being put to him in Bengali and, therefore, he could not follow them all at times and that whenever he wanted clarification, he was seriously rebuffed by the committee members and he was kept standing for 5 hours. The objection as mentioned in Annexure I that he could not understand questions in Bengali because he was an Oriya, was not repeated in his evidence before the Tribunal. In the Tribunal the questions of Advocates of both sides were put in Bengali to Shri Narayan Lala and he gave his replies also in Bengali and a note has been appended to his deposition to this effect by the Tribunal. It is, therefore, idle to contend, and it was not also contended before the Tribunal, that Narayan Lala could not understand any question put in Bengali unless they were explained to him in Oriya. The proceedings themselves would show that he admitted that he was following every part of the proceedings. Exhibit J(2) is the finding of the Members of the Enquiry Committee that they were satisfied that Narayan Lala was guilty of the charge of misconduct in that he did not carry out the reasonable orders of his superiors, and that he was accordingly liable to dismissal under the Company's Service Rules. It is also stated that there are no extenuating circumstances, that it was a case of deliberate refusal and that is why the workman put up different pleas at different times. The finding is that Narayan Lala should be dismissed forthwith. Exhibit J, dated 15th January 1957, is the order of dismissal by the Company.

24. The Hon'ble Labour Appellate Tribunal of India, in the case of Buckingham & Carnatic Co., Ltd., 1952 L.A.C., 490, lays down the principles which should be observed by the Tribunal when an employee is dismissed by the Management for alleged misconduct. The Hon'ble Tribunal lays down that it would be open to the Tribunal to examine the findings of the Management on the charge of misconduct to assure itself that there is evidence to support the findings and that the decision of the Management is a possible view on the evidence before it. In such a case, the Tribunal should refrain from substituting its own judgment for the judgment of the Management, and the Tribunal should act as a supervisory body, exercising what would ordinarily be regarded as powers of revision for correction of basic errors which go to the root of the matter and of perverse findings. The decision of the Management in relation to the charges will not prevail against the employee if (a) there is want of bona fides, or (b) it is a case of victimisation or unfair labour practice or violation of the principles of natural justice, or (c) there is a basic error of facts or (d) there has been a perverse finding on the materials. These principles have been supported by the Hon'ble Supreme Court in the case of Indian Iron & Steel Co., Ltd., reported in 1948(I) L.L.J., 260 at 270. The decision of the Hon'ble High Court of Allahabad in the case of Bajpai and others, reported in 1957(II) L.L.J., 15, on the same question is also illuminating. It states that the Tribunal has to see whether the evidence of the domestic enquiry justify the finding of the workman being guilty of misconduct; it is not required to enter into another enquiry on the allegations of misconduct. It had no power to make an enquiry into the allegations itself and on the basis of evidence received to decide whether the finding of misconduct was correct or not. The question of punishment must be held to be within the discretion of the employer, and exercise of that discretion by the employer could not be interfered with by the Tribunal on the ground that the punishment was excessive in its view. When the punishment could not be regarded as arbitrary or unauthorised by the relevant Standing Orders, it could not be interfered with by the Tribunal. I consider that there was no want of bona fides on the part of the Management in relation to the proceedings in question. There is nothing to show that the Company was guilty

of victimisation or unfair labour practice. Narayan Lala was not an official of the Union or a member of the Executive Committee of the Union. There is nothing to show that he had Union activities to his credit which antagonised the Company. I do not find that the plea of victimisation or unfair labour practice, as set up by the Union, has been substantiated. There is no violation of the principles of natural justice, as Narayan Lala was given sufficient opportunity of defending himself, and he also did so at the proceedings of the enquiry. I do not find that there is a basic error of facts. The Standing Orders, Ext. O(1) in section 13(b)(1) shows that a workman may be dismissed without notice or any compensation in lieu of notice, if he is found to be guilty of the misconduct of wilful insubordination or disobedience, whether alone or in combination with others of any lawful or reasonable order of any superior officer. The order of dismissal was, therefore, authorised by the Standing Orders of the Company and justified on the materials before it. It is, therefore, clear that there has been no perverse findings on the materials. That being so, I have no other alternative than to hold that the order of dismissal passed on Narayan Lala in Ext. J, dated 15th January 1957, was justified and should be and is supported by this Tribunal. Narayan Lala is, therefore, not entitled to any relief in this case.

II.—Shri Ram Singh

25. The Union states that Ram Singh, Vice-President of the Union, with 14 years' clean and meritorious service, was dismissed by a letter, dated 18th January 1957, copy of which is Annexure J to the Union's written statement, on the ground of absence of some days beyond the period of authorised leave. There was no chargesheet and he was not given any scope of any defence, and there was no enquiry in his case. Even if the offence was proved, he should not have been dismissed, as there were extenuating circumstances in his favour. Ram Singh started from his native place in time to attend to his duties, as advised, and on his way to Calcutta, he dropped at Ajodhya where his wife was attacked with small-pox. According to the general practice of the local people of the quarter, writing letters in such circumstances are forbidden. Ram Singh did not accordingly write to the Company as to the reason of his absence prior to 15th January 1957. Ram Singh reported for work on 26th January 1957 after his wife and brother-in-law were cured.

26. The Company states in its written statement that Ram Singh was on authorised leave from 22nd December 1955 to 7th June 1956. He failed to report for duty on the expiry of his authorised leave and remained absent for more than a month without leave or intimation. On 12th July 1956 the Company for the first time heard about him when he submitted a medical certificate, dated 9th July 1956, recommending leave for one month with effect from 8th July 1956, on the ground that he was suffering from dysentery and fever. Thereafter he submitted a number of medical certificates including the one, dated 8th October 1956, whereby he was recommended one month's extension of leave with effect from 7th November 1956, followed by another certificate from a different doctor recommending further leave for one month from 7th December 1956. On receipt of the said medical certificate, the Company wrote to Ram Singh on 15th December 1956, stating that he had already over-stayed his leave originally granted to him by over six months and that it was not in the interest of the Company to continue employment of one who kept indifferent health and informed him that it would not be possible for the Company to retain his services if he did not report for duty by 31st December 1956 at the latest. As he did not report for duty by 31st December 1956, the Company by its letter, dated 18th January 1957, dismissed him from service for his unauthorised absence. Ram Singh sought to explain by his letter, dated 15th January 1957, the reason for his failure to report for duty as directed, but the Company was not prepared to re-consider its decision, which was taken on a full consideration of the facts and circumstances of the case as well as his previous unsatisfactory service records. Ram Singh was guilty of unauthorised absence, and was accordingly dismissed for valid and bona fide reasons.

27. Exhibit K series are the documents on the case of Ram Singh. The Union also filed some letters in connection with this case. They are also found in the letters filed by the Company. Exhibit K(13) is the leave application of Ram Singh, dated 19th December 1955. He kept one Amar Nath Pandey to act in his place. Exhibit K(12) is the medical report on Amar Nath Pandey, and he was found fit to work. Exhibit K(11) is the Employment Card of Amar Nath Pandey, who was employed in place of Ram Singh, who was allowed leave for 168 days from 22nd December 1955 to 7th June 1956. Exhibit K(11) shows the order granting medical leave to Ram Singh. Exhibit K(10), dated 9th July 1956, Ext. K(9), dated 13th August 1956, Ext. K(8), dated 11th September 1956, Ext. K(7), dated 7th October 1956 and Ext. K(6), dated 8th October 1956, are medical certificates granted by Dr. S. K. Saha of Azamgarh. All these certificates are for one month's extension of leave. Exhibit K(5), dated 22nd November 1956 is the letter by the Company to Dr. S. K. Saha, Azamgarh, informing him that the Company was proposing to hold a thorough enquiry into the illness of Ram Singh before he was permitted to re-join and Dr. Saha was asked to let the Company have the full history of Ram Singh's case from the time he first reported to him for treatment to assist the Board of Enquiry of the Company. It appears that after this letter was received by Dr. Saha, no reply was given and that Ram Singh went to another doctor, viz., Dr. B. N. Sen of Azamgarh and secured a certificate from him for extension of leave for one month from 7th December 1956. It will appear that the period from 8th July 1956 to 6th December 1956 was covered by certificates from Dr. S. K. Saha. Exhibit K(3) is the letter, dated 15th December 1956, by which the Company informed Ram Singh that unless he joined his duty by 31st December 1956, his services would not be retained. Exhibit K(14) is the extract of Service Sheet of Ram Singh showing that he over-stayed leave in 1953, 1954, as well as in 1955. It will also appear from what has been stated above that the period of his absence from 8th June 1956 to 8th July 1956 was not at all covered by any certificate. Under the Standing Orders of the Company, Ext. O(1), he was liable to dismissal under section 13(b)(5) for absence without leave for more than 14 days at a time. The fact that he changed his doctor, who granted him five certificates for extension of leave for five months, is a piece of suspicious circumstance which goes against the bona fides of the case of Ram Singh. The Company was entitled to dismiss Ram Singh on the expiry of 14 days of unauthorised absence from 8th June 1956. The continued absence of the employee and his inability to do work is a sufficient ground for the discharge of the employee. This point has been covered by the dictum of the Hon'ble Supreme Court in the case of Burn & Co., Ltd., reported in 1957(I) L.L.J., 226, which has been followed in the case of Indian Iron & Steel Co., Ltd., reported in 1958(I) L.L.J., 260 at page 268. The learned Advocate for the Union stated that the fact that Ram Singh gave a substitute to work during his

absence was a fact that distinguished the present case from the case of Burn & Co. and Indian Iron & Steel Co. The learned Advocate argued that the Company had no bona fide necessity to discharge the substitute of Ram Singh and call for his presence. I do not accept this argument of the learned Advocate. The fact that Ram Singh was allowed to give a substitute, which was permitted by the Company only to help the family, did not in any way give greater liberty to Ram Singh in the matter of his re-joining to duty in proper time than if no substitute were taken from him. The Company was not obliged to continue the services of the substitute in place of Ram Singh at the latter's discretion. In the circumstances, I find that the dismissal of Ram Singh was bona fide and justified. The fact that he was the Vice-President of the Union did not make any difference to the case. His position in the Union carried with it the responsibilities which he failed to appreciate and discharge (vide 1954 L.A.C., 473). There is no evidence to justify the suggestion that his dismissal was the result of victimisation or unfair labour practice. It is awarded that the dismissal of Ram Singh was justified. The workman is not, therefore, entitled to any relief.

III.—Suraj Protap Singh

28. The Union states that Suraj Protap Singh, an employee of the Company with long 15 years' clean and meritorious service, was dismissed by a letter of the Company, dated 29th June 1957, without any charge-sheet or enquiry. In effecting the order of dismissal, the Company did not consider the extenuating circumstances at all, particularly the fact that Suraj Protap Singh was actually ill and every time he asked for extension of leave supported by medical certificate. He gave a substitute to the Company before he was allowed to leave.

29. The Company states in its written statement that the Company denies the allegation of victimisation or unfair treatment, and submits that the workman was guilty of unauthorised absence and was therefore properly discharged in accordance with the Standing Orders. The workman was granted 15 days' special leave with effect from 14th March 1957. He did not report for duty on the expiry of his leave, but asked for extension of leave on medical certificate. On 1st June 1957, the Company informed him by a letter as well as by a telegram that no further extension of leave could be granted to him and that he must report for duty by 6th June 1957. He again defaulted to report for duty by 6th June 1957, but submitted a further certificate recommending another month's extension of leave and the said medical certificate was received by the Company on 10th June 1957. The Company, therefore, issued a charge-sheet to him on 18th June 1957, asking him to show cause as to why disciplinary action should not be taken against him for his unauthorised absence and for his failure to report for duty by 6th June 1957, as directed by the Company. The workman did not submit any explanation, although 10 days' time in which to do so was granted to him. The Company considered the facts of the case and was satisfied that he was guilty of unauthorised absence and accordingly dismissed him by its letter, dated 29th June 1957. In taking such decision, the Company also took into account the previous service record of the workman, which was quite unsatisfactory.

30. P.W. 3 Shri Suraj Protap Singh deposed. He states that his brother worked in his place during his absence. He states that he fell ill and sent a medical report, and the Company extended his leave twice. The Company then sent a letter to him asking him to come, but he could not come as he was ill. The witness also states that he came to join after recovery, which was about 20 or 25 days after the expiry of his leave. Ext. 2 series are some letters in respect of the case of Suraj Protap Singh. The Company's documents, Ext. L series, are the letters in respect of the case of Suraj Protap Singh. Ext. L(3) is the Employment Card, which shows that Suraj Protap Singh was granted leave from 14th March 1957 to 28th March 1957. One Suraj Narayan Singh was appointed in his place for the period of absence. Ext. 2(b) is the Company's letter, dated 1st June 1957, and Ext. 2(a) is the telegram to Suraj Protap Singh, informing Suraj Protap Singh that no further extension of leave would be granted to him and that, he must return to duty by 6th June 1957. It appears that he did not report for duty on 6th June 1957, and the Company issued the charge-sheet, Ext. L(2), same as Ext. 2(h), to the workmen, asking him to show cause in writing within 10 days from the date of the letter, why he should not be dismissed from service for failure to report for duty on 6th June 1957. It appears from the evidence of O.P.W. 1 Shri Gomes that this letter, dated 18th June 1957, was received by Suraj Protap Singh on 24th June 1957, and this fact also appears from Ext. M(1), the postal acknowledgement receipt. The letter, Ext. L(1), dated 29th June 1957, shows that the Company dismissed Suraj Protap Singh for not submitting explanation within 10 days, as ordered by letter, dated 18th June 1957. Ext. L(4), an extract of Service Sheet of the workman, shows that he got warning and punishment 11 times between 1945 and 1953, and further that he resumed duty long after the expiry of the authorised leave once in each of the years, 1954, 1955 and 1956. The Company, it appears, had just grounds to consider that the workman was negligent in joining his duty after the expiry of his leave. There is no evidence on record to show that the Company committed any act of victimisation or unfair labour practice in dismissing this worker. The worker put in service for 16 years. In the circumstances of the case, the order of dismissal on Shri Suraj Protap Singh is altered by this Tribunal to an order of termination of service under section 12 of the Standing Orders, Ext. O(1). It is therefore, awarded that Shri Suraj Protap Singh be allowed one month's pay and dearness allowance as notice pay and compensation equivalent to 15 days' pay and dearness allowance for every completed year of service or any part thereof in excess of six months till the date of his dismissal on 29th June 1957. This worker was present at the hearing and deposed and the Company was agreeable to the Tribunal granting the relief as has been done.

31. This issue is answered accordingly.

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court.*

Government of West Bengal, Labour Department, by their order No. 2427-I.R./IR/10L-50/58, dated Calcutta, the 12th June 1958, referred to me an industrial dispute existing between Messrs. Schedule

Whether the supersession of the claim of Shri P. C. Das for promotion to the post of the 2nd Clerk, Satali Tea Estate, was justified? What relief is he entitled to?

AWARD

Decision

The position of the staff is stated in Ext. 1. At the apex is the Company Manager's office where Shri J. C. Paul, Head Clerk, was due to retire. It appears, 4 tea gardens, viz., (1) Satali, (2) Bharnabari, (3) Malangi, and (4) Beech appertain to Messrs. Hasimara Tea Co., Ltd. The Company Manager's office controls the administration of the 4 gardens. As such the Company Manager's office holds the controlling position, and its Head Clerk holds a very responsible position. In Management's opinion, Shri J. C. Das, 2nd clerk of Satali Tea Estate, is the best and most efficient clerk to be taken in as Head Clerk in Company Manager's office in place of Shri J. C. Paul due to retire. There is no dispute about the requisite merits and efficiency of Shri J. C. Das, 2nd clerk of Satali, selected as Head Clerk in Company Manager's office.

The dispute is as to who should be promoted as 2nd clerk in place of Shri J. C. Das. Shri P. C. Das is the 3rd clerk at Satali Tea Estate. Naturally Shri Das was looking forward to the post of the 2nd clerk which fell vacant consequent on the selection of Shri J. C. Das as Head Clerk in Company Manager's office. Shri P. C. Das was disappointed when Shri S. K. Ghosh, 2nd clerk of Beech Tea Estate, was brought over to Satali Tea Estate as the 2nd clerk in place of Shri J. C. Das.

Now the moot point is whether the supersession of Shri P. C. Das's claim for promotion to the post of the 2nd clerk of Satali is justified. The Union criticises the transfer of Shri S. K. Ghosh as 2nd clerk of Satali in preference to Shri P. C. Das purely whimsical, arbitrary and unjustified. On the other hand, the learned Counsel for the Company strenuously contends that promotion is a Management function, pure and simple, and that the Company after considering the case of Shri P. C. Das did not find him suitable for promotion as a 2nd clerk, and therefore transferred Shri S. K. Ghosh who was already working as a 2nd clerk at Beech Tea Estate to fill in the vacant post of the 2nd clerk at Satali. In supporting Management's action, the learned Counsel has dwelt on the relative merits and demerits of the two clerks, viz., Shri S. K. Ghosh and Shri P. C. Das as follows:—

Shri P. C. Das, 3rd clerk of Satali Tea Estate.

(a) He is the 3rd clerk.

(b) He has officiated as 2nd clerk from time to time for about 26 months in leave vacancies of the Head Clerk, Shri A. K. Kar and of the 2nd clerk. Thus Ghosh was never a permanent 2nd clerk.

(c) Management does not find him suitable as omissions and commissions on his part were detected.

(d) He is a second division matriculate.

(e) He is 41 years old, i.e., he will have chances after the retirement of Shri S. K. Ghosh who retires earlier than Shri P. C. Das.

Shri S. K. Ghosh, 2nd clerk of Beech Tea Estate.

(a) He is the 2nd clerk of 9 years' standing.

(b) He has been a permanent 2nd clerk for 9 years in Beech Tea Estate. Thus Ghosh is senior to Das in point of seniority as 2nd clerk.

(c) In Management's opinion, Ghosh is a very efficient and meritorious officer, accurate and fast and cent. per cent. superior to Shri P. C. Das and found fit and suitable to fill in the post of Head Clerk of Satali when A. K. Kar retires in 3/4 years' time.

(d) He is a first division matriculate.

(e) He is 45—47 years old (retires earlier when Shri P. C. Das will have chances for getting higher posts).

As against this, the learned Advocate for the Union contends that the Company has not been able to show any defect and lack of efficiency and merits on the part of Shri P. C. Das which disentitle him from the promotion to the post of the 2nd clerk in the same garden which is his legitimate expectation, and that the opinions of Managers of Satali and Beech Tea Gardens respectively, viz., Mr. Illingworth and Mr. Donahue who had very little scope of coming in close contact with the 2nd clerk and supervising his works, merits and demerits should be out-weighed by the opinion of the Head Clerk, Shri A. K. Kar who bears testimony to the abilities and fitness of Shri P. C. Das for the post of the 2nd clerk at Satali. Beyond the verbal statements of two Managers on this score, there is nothing on record to show the merits and demerits, fitness and unsuitability of Shri P. C. Das for the promotion and no records have been produced though they are said to exist. Thus there appears to be nothing on record which detracts from the fitness of Shri P. C. Das to be promoted as second clerk in a tea garden, having regard to the evidence of Shri A. K. Kar, Head Clerk, who obviously came in close contact with the works of Shri P. C. Das in day-to-day administration. The Manager is at the top and supervises the works of the office through the Head Clerk. It is a matter of common practice and knowledge that the Manager usually sends for the Head Clerk when required, and not the second clerk. The position of the Head Clerk is very responsible and arduous. He has got to keep everything relating to the garden at his finger's ends and is directly responsible to the Management. The Manager is not expected to devote his personal attention to the minute details of the workings in the garden—both inside and outside, nor is it possible. In this case, there is difference in the opinion of the Manager and of the Head Clerk (Shri A. K. Kar) as to the merits and efficiency of Shri P. C. Das. In Head Clerk's opinion Shri P. C. Das is fit, and in Manager's opinion he is not fit. If Head Clerk's opinion is accepted in preference to that of the European Manager, Shri P. C. Das is found fit for promotion to the post of the second clerk. The Management, however, took a view of the overall position of the relative merits and demerits as already detailed above, and selected Shri S. K. Ghosh as second clerk of Satali rather than promoting Shri P. C. Das. So far as Shri Ghosh is concerned, it is no promotion to him as he will get no additional pecuniary gain, but so far as Shri Das is concerned, it is indeed his supersession, as he loses a chance of promotion that came in his way.

Now the action of the Company is to be judged with reference to tests of promotion. According to accepted principles of promotion, merits and efficiency should be the principal tests of promotion, and seniority comes next, and when seniorities are equal, merits and efficiency should prevail. The learned Counsel on behalf of the Company has drawn my attention to paragraph 3 of Union's written statement which states that the Association often protested against whimsical promotions and urged for a rigid principle of promotion by seniority. The learned Advocate for the Union, however, has referred to some extraneous consideration—which is denied by the Company's Manager—namely, that the Company apprehended that Shri P. C. Das, if promoted now, would again claim to be the Head Clerk on the retirement of Shri A. K. Kar in 3/4 years' time for which he is not fit and it is argued that this extraneous consideration has vitiated the decision of the Company and its discretion is thus improperly exercised and that entitles the Court to interfere though it is not disputed that promotion is purely Management's function. The learned Counsel for the Company has drawn my attention to 1951 I.C.R., page 494 (Tata Oil Mills Co., Ltd., Bombay versus Workmen employed under it, etc.) wherein it is, inter alia, laid down that seniority cannot be the only consideration but also efficiency, as there is danger of deterioration in efficiency if an incumbent of a post knows that he will be promoted only on his putting in certain number of years. In other words, if promotion comes automatically with the lapse of years irrespective of merits and efficiency, there will remain no incentive to good work. In this view, the overall position as set-forth above by the Company is duly considered, and I think, I shall not be justified in stigmatising Company's action in transferring Shri S. K. Ghosh as second clerk of Satali Tea Estate in preference to promoting Shri P. C. Das as arbitrary and whimsical. In respect of seniority in the position of second clerk, Shri S. K. Ghosh being a permanent second clerk excels Shri P. C. Das who simply officiated as second clerk from time to time as also in age. Thus viewed in the perspective of seniority alone as second clerk, Shri Ghosh is senior as he has been a permanent second clerk for 9 years, while Shri Das merely officiated for two months a year in leave vacancies during his 13 years' service. It is also rightly argued for the Company that mere officiating in a higher post from time to time in the exigency of service does not necessarily entitle the incumbent so officiating to permanently claim the higher post as of right, and that several factors come up for consideration when a higher post is required to be filled up permanently. In this connection, I may refer to the case laws cited before me by the learned Counsel for the Company during his arguments:—

(1) 1952 L.A.C., page 347—U.P. Electric Supply Co., Ltd., Allahabad versus Bijli Mazdoor Sangh, Allahabad.

(2) 1954 L.A.C., page 543 at page 550—Assam Oil Company's case.

(3) 1955 L.A.C., page 569—Associated Cement Ltd.

(4) 1955 L.L.J., Vol. I, page 651—Dhrangadhra Chemical Works Ltd. and Lalsinh Ramsinh and others.

(5) 1957 L.L.J., Vol. II, page 559—Associated Cement.

(6) 1958 L.L.J., Vol. I, page 139—Pirbhai Rahmanbhai and Laxmi Cotton Mills Co., Ltd.

(7) 1958 L.L.J., Vol. II, page 146—Swadesh Mitram Ltd. and its workmen.

In all these decisions it has been uniformly laid down that promotion is primarily a Management's function and is in the discretion of the employer who will consider not only employee's seniority but also his efficiency and qualifications, and that Industrial Tribunals should not interfere in matters of promotions unless the power has been improperly exercised, and it would require a very strong case for interference with the decision of the management in such a case.

Now the point is whether the discretion has been improperly exercised by the Company in denying the promotion to Shri P. C. Das, in other words, whether the decision is vitiated by mala fides or any unfair labour practice, favouritism, nepotism, unfairness, etc. If the discretion has been improperly exercised by the Company, the action of the Management will call for interference, otherwise not. In the opinion of Mr. Illingworth (O.P.W. 1), the present Manager of Satali, Shri S. K. Ghosh is a man of exceptional merits, and he had first hand knowledge about works of Shri Ghosh at the end of 1948 or beginning of 1949 and he was also recommended by the Company Manager, Mr. G. E. O. Donahue (O.P.W. 2) of Beech verbally. According to Mr. Illingworth, Shri P. C. Das is not considered competent to be the second clerk, and he was found to have made mistakes in preparation of statements (Exts. B—B-2) regarding synopsis of vehicles accounts for the months of April June 1957. In the opinion of Mr. G. E. O. Donahue, the Manager of Beech Tea Estate, since 1st May 1956 Shri S. K. Ghosh is a first class worker and he will make a first class Head Clerk, because he is speedy, has calibre and does his works with accuracy, speed and calibre which combine to constitute a first class clerk. Thus both these Managers considered Shri S. K. Ghosh to be fit and suitable for promotion to the post of the second clerk at Satali. It may be stated here that admittedly promotion is made garden-wise but as Shri P. C. Das was not found fit for promotion to the post of second clerk at Satali, the evidence is that there was a joint discussion between Mr. Illingworth and Mr. Donahue, and the latter recommended Shri Ghosh for the post of the second clerk at Satali. Mr. Illingworth states further that this matter was discussed at Manager's meeting, and the minutes thereof would show that Shri Ghosh was recommended, but the minutes were not produced and that three of his predecessors-in-office, viz., Mr. Green, Mr. Sangster and Mr. Dinnin also opined that Shri Das was not competent as second clerk, but no records are produced. In the face of his evidence, it is difficult to hold that Mr. Illingworth deliberately perjured himself in Court to support the transfer of Shri S. K. Ghosh. There is indeed nothing on record to show that Mr. Illingworth or Mr. Donahue did not like Shri Das and had bias or favouritism towards Shri Ghosh. In the absence of any such element to cloud their reason or vitiate their judgment, I think, I shall not be justified in holding their decision transferring Shri Ghosh to Satali as second clerk as unjust.

I think for future guidance and as a precaution Managers of Tea Gardens should maintain Confidential Character Rolls of the staff employed under them wherein there should be separate headings for quality of work, character, honesty, integrity, personality, initiative and overall fitness for promotion, etc., and alike there should be entries regarding past service, penalties, if any, and punishment, etc., by the Managers, and in times of the transfer of Managers they would personally hand over such records to their successors-in-office. In this connection, I may also observe that remediable defects should be communicated to the incumbents in order to afford them chances to mend their character and ways and to improve the quality of their works. If such records are maintained, there would be less scope for the Union to challenge Management's discretion as arbitrarily and improperly exercised in future. The above is laid down for guidance of the Management of tea gardens, and the Management may take note of the above instructions for their future guidance.

Having had very careful regard to the evidence on record and the law involved, the Court finds that the Company was justified in transferring Shri S. K. Ghosh as clerk of Satali Tea Estate from Beech Tea Estate where he was the permanent second clerk for several years in preference to promoting Shri P. C. Das as second clerk of Satali Tea Estate, and the Court will not be justified in interfering with the Management's action. In this connection, I may incidentally take notice of the Union's criticism of the action of the Company in promoting Shri I. B. Sen Gupta, typist of Beech, as second clerk there, as extremely arbitrary and whimsical as the Management did not take into consideration the claim either of Shri N. C. Sen Gupta, the third clerk of Beech or of Shri P. C. Das, the third clerk of Satali, who as already observed, has officiated as second clerk for 26 months in leave vacancies. The issue as referred to this Court for adjudication does not in terms give jurisdiction to this Court to adjudicate upon the justifiability or otherwise of Company's action in promoting the typist of Beech Tea Estate as its second clerk in preference to the third clerks' claims of the 4 gardens appertaining to Messrs. Hasimara Tea Co., Ltd. In this connection, the Court would only observe that the Company would do well to properly consider the claims of all the third clerks of the 3 gardens, namely, P. C. Das, H. Ghosal, N. C. Sen Gupta (in Melangi Tea Estate there is no post of third clerk), and make selection for the vacancy in the post of the second clerk of Beech Tea Estate caused by Shri Ghosh's transfer to Satali Tea Estate having regard to efficiency, merits and seniority of the incumbents. The above recommendation is made in the interests of industrial peace and harmonious relationship between the Management and the staff.

The learned Counsel for the Company also raised the contention that the dispute is not an industrial one and as such the Court has got no jurisdiction to adjudicate it. Shri S. R. Chatterjee (P.W. 4) has disproved this contention of the Company and Annexures (Exts. F, G, H, K, L, N and S) to Union's written statement will show that the dispute was collectively taken up by the Union, so much so that there was a pen-down strike resorted to by the staff. So, I would hold that it is an industrial dispute, and the Court is competent to adjudicate the dispute.

Thus the Court finds that the supersession of the claim of Shri P. C. Das for promotion to the post of second clerk of Satali by the transfer of Shri S. K. Ghosh, second clerk from Beech Tea Estate is justified and Shri P. C. Das is not entitled to any relief on this score. It is, however, recommended that the Company would forthwith properly consider as observed above the claim of the third clerks, such as Shri P. C. Das, Shri H. Ghosal and Shri N. C. Sen Gupta in filling up the vacancy caused by the transfer of Shri S. K. Ghosh, second clerk of Beech Tea Estate, to Satali Tea Estate in the same capacity, and promote the right man.

This is my award.

In the matter of an industrial dispute existing between Messrs. G. N. Shoe Stores, 26 G. T. Road (South) Howrah, and one of their workmen, named in the undermentioned issue represented by Shop Assistants' Association of Bengal, 7 Padmapukur Road, Bhowanipur, P. O. Elgin Road, Calcutta-20. (Case No. VIII-C-165/59.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court, West Bengal.*

Government of West Bengal, Labour Department, by their order No. 2245-I.R./IR 11L-165/59, dated Calcutta, the 23rd May 1959, referred to me an industrial dispute existing between Messrs. G. N. Shoe Stores and one of their workmen represented by Shop Assistants' Association of Bengal, for adjudication.

Issue formulated in the Order of Reference is as follows:—

> Whether termination of employment of Shri Mahammad Isa Mallick is justified? To what relief, if any, is he entitled?

Notices were issued on both the parties and the Union submitted their written statement. Before the Company could submit their written statement, the workman concerned Shri Md. Isa Mallick appeared before me and he was identified by the proprietor of Shoe Company, his employer and also by another workman. The workman concerned stated that he has no connection with the Shop Assistants' Association of Bengal and he had settled the dispute with his employer amicably and he requested to withdraw the case against the employer and drop the proceeding. In view of the fact that the concerned workman disowns this Union, the case converts into an individual dispute and changes the colour of industrial dispute and cannot be adjudicated upon by the Tribunal, as has been held in a number of decisions. I would therefore give a "no dispute" award into the matter. The petition of the concerned workman will form a part of the Award as an Annexure.

P. C. MAITRA,
Presiding Officer, Second Labour Court.

The 16th July 1959.

Annexure

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

SHRI P. C. MAITRA, *Presiding Officer.*

In the matter of an industrial dispute, *vide* Government of West Bengal, Labour Department, order of Reference No. 2245-I.R./IR 11L-163/59, dated 23rd May 1959.

Between

Messrs. G. N. Shoe Stores, 26 G. T. Road (South), Howrah (hereinafter referred to as the employer),

And

One of their workmen Shri Mohammad Isa Mallick, represented by Shop Assistants' Association of Bengal, 7 Padmapukur Road, Bhowanipur, P. O. Elgin Road, Calcutta-20 (hereinafter referred to as the Association).

The humble petition of Shri Mohammed Isa Mallick, the petitioner abovenamed:—

MOST RESPECTFULLY SHEWETH:

1. That your petitioner does not want to proceed with the above case.
2. That your petitioner has no connection with the aforesaid Shop Assistants' Association of Bengal, Regd. No. 193, of 7 Padmapukur Road, Bhowanipur, Calcutta-20.
3. That your petitioner has settled the dispute with his employer amicably.
4. That therefore your petitioner does not claim reinstatement or any other claims from the employer.

Under the circumstances, it is prayed that your Honour will be kind enough to withdraw and drop the above case against the employer or pass order or such other orders as your Honour may deem fit and proper.

And for this act of kindness your petitioner as in duty bound shall ever pray.

I agree.
Wazid Mohammed,
Proprietor,
Messrs. G. N. Shoe Stores.

GENERAL BALANCE SHEET

FOR THE YEAR

1957-58

A

AUDITORS' CERTIFICATE

In accordance with the provisions of section 76 of the Calcutta Port Act, 1890, we have to report as follows :—

We have examined the accounts and the Balance Sheets of the Calcutta Port Trust and verified the same with the Books. We have also examined a portion of the Deeds, Vouchers and other documents relating thereto. We have satisfied ourselves as to the correctness of the balances with the State Bank of India, Calcutta, the Central Bank of India, Calcutta, and Messrs. Coutts & Co., London. We have verified the correctness of the cash in hand and the cheques in course of collection. We have also satisfied ourselves as to the correctness of the Suspense Account balances by verifying them with the respective subsidiary accounts, Bank Pass Books and the outstanding bills in hand. We have also verified the securities representing the investments of the Trust with the Bankers' Safe Custody Receipts and Certificates.

In our opinion, the Balance Sheets as at the 31st March 1958 are properly drawn up so as to exhibit a true and correct view of the state of the affairs of the Port Trust according to the best of our information and explanations given to us and as shown by the books of the Trust.

FINANCE DEPARTMENT

Audit Branch

NOTIFICATION

No. 2888-F.

Calcutta, the 7th August 1959

In exercise of the powers conferred by the proviso to Article 309 of the Constitution of India, the Governor is pleased to make the following rules, regulating the conditions of service relating to conduct of persons appointed to public services or posts in connection with the affairs of the State, namely:

RULES

1. Short title and application.—(*a*) These rules may be called the West Bengal Government Servants' Conduct Rules, 1959. They shall come into force with effect from the 7th day of August 1959.

(*b*) They shall apply to Government servants:

Provided that nothing in these rules shall apply to persons appointed to any all-India service.

2. Definitions.—In these rules, unless the context otherwise requires,—

(*a*) "Appointing authority" in relation to a Government servant means the authority empowered to make appointment to the service or post held by him for the time being:

Provided that in respect of a Government servant referred to in *Explanation I* or *Explanation II* of clause (*d*), the appointing authority shall be the appointing authority in respect of the post or service held by him substantively, before his services were placed at the disposal of, or transferred to, the body or the Government referred to in those *Explanations*.

(*b*) "Foreign service" means service in which a Government servant receives his pay, with the sanction of Government, from any source (including the revenues of a local fund) other than the consolidated fund of the Government of India or of a State Government.

(*c*) "Government" means the Government of West Bengal.

(*d*) "Government servant" means any person appointed to a public service or post in connection with the affairs of the State.

Explanation I.—A Government servant shall not cease to be a Government servant merely because his services have, for the time being, been placed on foreign service at the disposal of a company, corporation, organisation or local authority and his pay, allowances, or other benefits are drawn from sources other than the consolidated fund of the State.

Explanation II.—A Government servant shall not cease to be a Government servant merely because his services have, for the time being, been transferred or placed at the disposal of the Government of India or of any State, other than the State of West Bengal.

(*e*) "Members of the family," in relation to a Government servant, means—

(*i*) the wife, child or step-child of such Government servant whether residing with him or not and where the Government servant is a woman, the husband; but does not include—

(1) a wife or husband legally separated from him or her; and

(2) a child or step-child who is no longer, in any way, dependent on him or her or of whose custody he or she has been deprived by law; and

(*ii*) any other person related, whether by blood or by marriage, to the Government servant or to the Government servant's wife or husband and wholly dependent on such Government servant.

(*f*) "State" means the State of West Bengal.

3. General.—Every Government servant shall, at all times, maintain a very high standard of integrity, impartiality and devotion to duty.

4. Improper and unbecoming conduct.—No Government servant shall behave in a manner which is improper and unbecoming of a public servant and derogatory to the prestige of Government.

5. Cases in which a Government servant or a relation of his is personally interested.—Where a Government servant in the discharge of his official duties is called upon to decide a matter in which he or a relation of his is financially interested, he shall, at the earliest possible opportunity, bring the facts to the notice of the authority to whom he is subordinate.

6. Use of Government vehicles and safes.—Subject to any rules and orders made in this behalf no Government servant shall use or permit any member of his family to use a Government vehicle not meant for his use even on payment of cost of petrol, oil, lubricants, etc., nor shall he use or permit any member of his family to use any Government safe for the custody of his personal valuables.

7. Travelling allowance on tour and transfer.—A Government servant travelling on tour or transfer by rail or steamer shall ordinarily travel in that class of accommodation to which he is entitled to travel. If, however, he has occasion to travel in a lower class in connection with a journey on tour or transfer, he shall not draw the travelling allowance for that journey at the higher rate admissible for journey by the higher class on the ground that he is entitled to travel by the higher class.

8. Application for a patent for an invention made by a Government servant.—A Government servant whose duties involve the carrying out of scientific or technical research shall not apply for or obtain or cause or permit any other person to apply for or obtain a patent for an invention made by such Government servant save with the permission of Government and in accordance with such conditions as Government may impose.

NOTE.—If a question arises whether a Government servant's duties involve the carrying out of scientific or technical research within the meaning of this rule, the decision of Government shall be final.

9. Employment of official subordinates.—No Government servant shall employ any official subordinate on regular domestic service.

10. Gifts.—(1) Save as otherwise provided in this rule, no Government servant shall, except with the previous sanction of the appointing authority, accept either directly or indirectly on his own behalf or on behalf of any other person or permit any member of his family so to accept from any person any gift of more than trifling value:

Provided that gifts of a value, reasonable in all circumstances of the case, may be accepted from relations and personal friends or presented to such persons on occasions such as weddings, anniversaries, funerals and religious functions, when the making or receiving of such gifts is in conformity with the prevailing religious or social customs; but acceptance of such gifts other than those of a trifling value should be reported to the appointing authority and the gifts shall be disposed of in such a manner as he may direct.

(2) If a question arises whether any gift is of a trifling value or not, or where a Government servant is in any doubt whether a gift offered to him is of a trifling value or not, a reference shall be made to the appointing authority by such Government servant and the decision of the appointing authority thereon shall be final.

Explanation.—Whether or not a gift should be treated as of a trifling value shall depend on who the donor is and the circumstances in which the gift is made. A gift exceeding in value 1/20th of the monthly emoluments of a Government servant or Rs.20, whichever is less, from a person who is not his relation or personal friend shall ordinarily be regarded as a gift not of trifling value. Gifts from relatives and personal friends up to the value of 1/8th of the monthly emoluments of the Government servant or Rs.50, whichever is less, or even up to the value of one-half of such emoluments or Rs.200, whichever is less, on special occasions such as mentioned in the proviso to sub-rule (1) may be regarded as of trifling value.

(3) If a Government servant or any member of his family cannot, without giving undue offence, refuse a gift of substantial value, he may accept the same, but the fact should be reported by the Government servant to the appointing authority who may in his discretion either permit him or the member of his family to retain the gift or direct him to return it to the donor or to deliver it to Government.

(4) Nothing in this rule shall be deemed to prevent any Government servant from sitting, at the request of any public body, for a portrait, bust or statue.

NOTE.—For the purpose of this rule, the following shall also be included amongst gifts, namely:

(*a*) habitual use of vehicles or animals belonging to a person who is not his relation or a personal friend;

(*b*) travelling, free of charge, in any public conveyance; and

(*c*) accepting, free of charge or without making adequate payment, any provisions or supplies or other articles which a Government servant may receive from others.

11. Public demonstrations in honour of Government servant.—No Government servant shall, except with the previous sanction of the appointing authority, receive any complimentary or valedictory address or accept any testimonial or attend any meeting or entertainment held in his honour, or in the honour of any other Government servant:

Provided that nothing in this rule shall apply to—

(*i*) a farewell entertainment in honour of a Government servant or any other Government servant on the occasions of his retirement or transfer; and

(*ii*) the acceptance of simple and inexpensive entertainments arranged by public bodies or institutions.

12. Naming of buildings, roads, bridges, etc.—No Government servant shall, without the previous sanction of his appointing authority, allow any buildings, roads, bridges, parks or public institutions such as hospitals, schools or colleges to be named after him.

13. Subscriptions.—Save, as otherwise provided in this rule, no Government servant shall, except in accordance with such orders of Government as may be issued from time to time in this behalf, ask for or accept contributions to, or otherwise associate himself with, the raising of any fund in pursuance of any object whatsoever.

14. Lending and borrowing.—(1) Subject to the provisions of sub-rules (2) and (3) below, no Government servant shall except with the previous sanction of the appointing authority,—

(*a*) lend or permit any member of his family to lend—

(*i*) money (whether with or without interest) to any person possessing land or valuable property or carrying on business or residing within the local limits of his authority; or

(*ii*) money at interest to any other person:

Provided that he may make an advance or permit any member of his family to make any advance of pay to a private servant or give a loan or permit any member of his family to make a loan of small amount free of interest to a personal friend or relative, even if such person possesses land or valuable property or carries on business or resides within the local limits of his authority.

(*b*) save in the ordinary course of business with a bank or a firm of standing, borrow money from or otherwise place himself under a pecuniary obligation to any person residing, possessing land or valuable property or carrying on business within the local limits of his authority or any other person with whom he is likely to have official dealings; nor shall he permit any member of his family to enter into any such transaction:

Provided that he may accept or permit any member of his family to accept a purely temporary loan of small amount, free of interest, from a personal friend or relation or operate a credit account with a bona fide tradesman.

(2) Sub-rule (1) in so far as it relates to the lending to or borrowing by Government servants from Co-operative Societies as defined in the Bengal Co-operative Societies Act, 1940 (Bengal Act XXI of 1940), shall be subject to any general or special restrictions or relaxations made or permitted by Government.

(3) When a Government servant is appointed or transferred to a post of such a nature as to involve him in the breach of any of the provisions of any of the aforesaid sub-rules, he shall forthwith report the circumstances to the appointing authority through the usual channel, and shall thereafter act in accordance with such orders as may be passed by him.

15. Movable, immovable and valuable property.—(1) No Government servant who is in any way connected in his official capacity with the disposal of any kind of property, movable or immovable, at a sale on account of Government dues or under the order of the Court or otherwise shall either himself or through any "benamdar" acquire or attempt to acquire any interest in the property sold or shall permit any member of his family to do so.

(2) No Government servant shall, except with the previous knowledge of the appointing authority,—

(*a*) Acquire or dispose of any immovable property by lease, mortgage, purchase, sale, gift or otherwise, either in his own name or in the name of any member of his family nor shall he permit any member of his family to do so.

(*b*) Enter into any transaction concerning any movable property exceeding one thousand rupees in value, whether by way of purchase, sale or otherwise, nor shall he permit any member of his family to do so:

Provided that, in either case, any such transaction conducted otherwise than through a regular or reputed dealer shall require the previous sanction of the appointing authority.

(3) Notwithstanding anything contained in these rules, a Government servant who is about to quit the station, district or other local limits for which he has been appointed may, without reference to any authority, dispose of or permit any member of his family to dispose of any of his movable property by circulating a list of it among the public generally or by causing it to be sold by public auction.

(4) Subject to the provisions of any general or special order, every Government servant, other than one in Class IV (inferior) service, shall submit to the appointing authority, in the form in the Annexure to these rules, a periodic return of the movable and immovable properties and other assets owned, acquired or inherited by him or by any member of his family:

Provided that when a person enters Government service for the first time, he shall, within a period of three months of his joining Government service, submit his first return showing his assets as they stood on the 1st January immediately preceding the date of his joining and shall thereafter submit periodic returns like all other Government servants.

16. Speculations and investments.—(1) No Government servant shall speculate either himself or through any "benamdar" nor shall he permit any member of his family to do so.

Explanation.—The following will be treated as speculation:

(*i*) the habitual purchase and sale of securities of notoriously fluctuating value and speculative dealings with the stock exchange;

(*ii*) regular participation in gambling on the turf.

(2) No Government servant shall either himself or through any "benamdar" make any investment which is likely to influence or embarrass him in the discharge of his official duties nor shall he permit any member of his family to do so.

17. Private trade or employment.—(1) No Government servant shall, except with the previous sanction of Government, engage in any trade or undertake any employment other than his public duties or carry on directly or indirectly any business or undertaking or use his position as a Government servant to help such business or undertaking.

(2) A Government servant may undertake honorary work of a social or charitable nature or work of a literary, artistic or scientific character, provided that his official duties do not suffer thereby but the appointing authority may, in its discretion, at any time, forbid him to undertake, or require him to abandon any such work, if it is in its opinion undesirable or likely to occupy so much of his time as to interfere with his official duties.

NOTE 1.—Promoting the sale of shares of companies as defined in the Companies' Act, 1956 (I of 1956), or taking up insurance agencies will be regarded as carrying on business for the purpose of sub-rule (1). Canvassing by a Government servant in support of the business of (*a*) companies as defined in the Companies' Act, 1956 (I of 1956), and (*b*) an insurance agency, commission agency, etc., owned or managed by his wife or any other member of his family shall also be regarded as a breach of the sub-rule (1).

NOTE 2.—An honorary chairmanship or honorary secretaryship of philanthropic, charitable, religious or co-operative societies is not employment within the meaning of this rule. The secretaryship of a club consisting mainly of Government servants does not constitute employment in the sense of this rule, provided that it does not occupy so much of an officer's time as to interfere with his official duties and that it is an honorary office. In all these cases, however, the Government servant concerned may be required by his appointing authority to abandon the work either because the work is interfering with the official duties of the Government servant concerned or because it is undesirable in any other way.

18. Promotion and management of companies.—No Government servant shall, except with the previous sanction of Government, take part in the promotion, registration or management of any bank or company as defined in the Banking Companies' Act, 1949 (Act X of 1949), or the Companies Act, 1956 (Act I of 1956).

NOTE.—A Government servant may take part in the promotion, registration or management of a co-operative society as defined in the Bengal Co-operative Societies Act, 1940 (Bengal Act XXI of 1940), or of a literary, scientific or charitable society registered under the Societies Registration Act (XXI of 1860).

19. Employment in other departments of the State Government or under other Governments.—(1) A Government servant shall not apply for an appointment in another office or department of Government or under another Government unless the head of such office or department or such other Government has invited applications for the post.

(2) A Government servant must submit his application for such an appointment through his appointing authority who shall decide whether he may be permitted to apply.

(3) *Bar to candidature for direct appointment in cases of eligibility for promotion.*—A Government servant having a lien or a conditional lien on a permanent post, who is eligible for appointment by promotion to any other service or post, shall not, unless otherwise provided in the recruitment rules relating to such other service or post, apply for appointment by direct recruitment thereto:

Provided that where the recruitment is to be made by an open competitive examination he may, with the previous permission of his appointing authority, apply for appearing at such competitive examination.

(4) *Appearance at examinations for recruitment to services or posts.*—A Government servant shall not appear at a competitive examination held by a Public Service Commission for recruitment to another post or service without the previous permission of the Government.

20. Insolvency and habitual indebtedness.—(1) A Government servant shall so manage his private affairs as to avoid insolvency or habitual indebtedness.

(2) Where a Government servant has been adjudged an insolvent or when a part of the salary of the Government servant is being repeatedly attached or has been continuously under attachment for a period exceeding two years, or is attached for a sum which, in ordinary circumstances, cannot be repaid within a period of two years, the matter shall be reported by the immediate superior of the Government servant concerned to the appointing authority of the said Government servant. The report shall show what is the proportion of debts to the salary; how far they detract from the debtor's efficiency as a Government servant; whether the debtor's position is irretrievable; and whether, in the circumstances of the case, it is desirable to retain him in the post occupied by him at the time when the matter was brought to notice or in any other post under Government.

(3) In every case under this rule, the burden of proving that the insolvency or habitual indebtedness is the result of circumstances which, with the exercise of ordinary diligence, the debtor could not have foreseen or over which he had no control and has not proceeded from extravagant or dissipated habits, shall be upon the debtor.

21. An appeal or representation to a higher authority must not be made unless the appropriate lower authority has already rejected the claim or refused relief or ignored or unduly delayed the disposal of the case. When such an appeal or representation is made, it shall be submitted through the proper channel, though an advance copy of the appeal or representation may, at this stage, be sent direct.

22. Canvassing of non-official or other outside influence.—No Government servant shall bring or attempt to bring any political or other outside influence to bear upon any superior authority to further his interests in respect of matters pertaining to his service under Government.

24. Discussion of the policy or action of Government.—No Government servant shall, in any radio broadcast or in any document published anonymously or in his own name or in the name of any other person or in any communication to the press or in any public utterances, make any statement of fact or opinion—

(*i*) which has the effect of any adverse criticism of any current or recent policy or action of Government or of the Central Government or the Government of any other State; or

(*ii*) which is capable of embarrassing the relations between Government and the Central Government or the Government of any other State; or

(*iii*) which is capable of embarrassing the relations between Government and the Government of any foreign State:

(2) No Government servant shall canvass or otherwise interfere or use his influence in connection with or stand as a candidate or take part in an election to any legislature or local authority:

Provided that—

(*i*) A Government servant qualified to vote at such election may exercise his right to vote, but where he does so, he shall give no indication of the manner in which he proposes to vote or has voted.

(*ii*) A Government servant shall not be deemed to have contravened the provision of this rule by reason only that he assists in the conduct of an election in the due performance of a duty imposed on him by or under any law for the time being in force.

NOTE 1.—The display by a Government servant on his person or vehicle or residence of any electoral symbol shall amount to using his influence in connection with an election within the meaning of this rule.

NOTE 2.—A Government servant who has reason to believe that attempts are being made to induce him to break the provisions of this rule by or on behalf of an official superior or superiors shall report the facts to the Chief Secretary to the Government of West Bengal.

NOTE 3.—Proposing or seconding the nomination of a candidate at an election or acting as a Polling Agent shall be deemed as an active participation in the election.

28. Vindication of acts and character of Government servants.—No Government servant shall, except with the previous sanction of Government, have recourse to any court or to the press for the vindication of any official act which has been the subject-matter of adverse criticism or an attack of defamatory character.

Explanation.—Nothing in this rule shall be deemed to prohibit a Government servant from vindicating his private character or any act done by him in his private capacity.

29. Evidence before Committee or any other authority.—(1) Save as provided in sub-rule (3), no Government servant shall, except with the previous sanction of the appointing authority, give evidence in connection with any inquiry conducted by any person, committee or authority.

(2) Where any sanction has been accorded under sub-rule (1), no Government servant giving such evidence shall criticize the policy or any action of Government or of the Central Government or of the Government of any other State.

(3) Nothing in this rule shall apply to—

(*a*) evidence given at an inquiry before an authority appointed by Government, by Parliament or by a State Legislature; or

(*b*) evidence given in any judicial inquiry; or

(*c*) evidence given at any departmental inquiry ordered by authorities subordinate to Government.

30. Bigamous marriages.—No Government servant, who has a wife living, shall contract another marriage without first obtaining the permission of the appointing authority, notwithstanding that such subsequent marriage is permissible under the personal law for the time being applicable to him.

31. Recognition of service associations.—(1) No Government servant shall be a member, representative or office-bearer of, or attend or take part in the meetings or deliberations of, any association representing, or purporting to represent, Government servants or any class of Government servants, unless such association complies with the conditions as may be laid down by Government in this behalf from time to time and in particular with the conditions specified below and has obtained official recognition accordingly, provided that such recognition may be withdrawn in the event of one or more of such conditions being violated.

(2) Such an association shall consist of a distinct class of Government employees.

(3) Every Government employee of the same class must be eligible for membership of such association.

(8) No such association shall, in any way, be connected with any political party or organisation or engage in any political activity or debate or deliberate or pass resolutions on or participate in any matter which in the opinion of Government is political in nature and/or embarrasses the relations between Government and the people.

(9) No such association shall hold a public meeting or make any communication to the press regarding the conditions of service of Government servants or on any other matter which in the opinion of Government embarrasses the relations between Government and the people.

(10) No such association shall—

(*i*) issue or maintain any periodical publication except in accordance with any general or special order of Government; or

33. Control of Government servants outside India.—Government servants visiting foreign countries, whether on official duty or private affairs, continue to be subject to all the provisions of the West Bengal Government Servants' Conduct Rules, 1959. Declaration of Assets as they stood on....................................

Name (in full) of Officer.................................**Service**.........................

Designation...................................**now appointed as**..........................

Substantive Pay..................

Special Pay.....................

INSTRUCTIONS FOR FILLING UP THE DECLARATION

1. (a) Every Government Servant employed under the administrative control of the Government of West Bengal, other than a person in inferior service, shall submit to the proper authority an annual return of the movable and immovable properties owned, acquired or inherited by him, or his wife or dependants or held on lease or mortgage either in his own name or in the name of any member of his family or of any other person. These orders will not apply to members of the All-India Services who are governed by sub-rule 3 of Rule 15 of the All-India Services (Conduct) Rules, 1954.

(b) This Declaration of Assets must always refer to the 1st January of the current year. Any asset acquired between the 1st January and the date of declaration should not ordinarily be entered in the declaration. But in case of doubt regarding the exact date the assets in question may be entered for the current year but should be repeated in the declaration of the next year too. It is best to submit the Declaration of Assets as soon after New Year's Day as possible.

(c) A person who has entered Government Service for the first time should submit the return within three months of his joining Government Service and it should relate to his assets as they stood on the 1st of January immediately preceding his date of joining.

2. If there is no change of assets on the 1st January of the previous year the declaration should never be nil. There should be a fresh Declaration of Assets in full as on the 1st January of every year.

3. The Declaration of Assets must show the assets belonging to the Government Servant even though they may stand in the name of his wife (in the case of a male Government Servant), children, other dependants or benamdars, and must also show the assets belonging to the wife of a male Government Servant or to his dependants even though they are acquired by the wife or dependants in their own right.

N.B.—If any difficulty arises regarding the declaration of assets of a Government Servant's wife (in the case of a male Government Servant) or dependants, the matter should be reported to Government with full particulars and further instructions sought.

4. Any officer making a declaration discovered to be materially incomplete, misleading or false will earn for himself the penalty of immediate suspension, drawing up of proceedings, which may ultimately result in dismissal from Government Service with forfeiture of pension and all other discretionary benefits. A subsequent explanation that the failure strictly to comply with the instructions or the presence of material defects in the declaration were by oversight or ignorance will not be accepted. Ambiguity in a declaration must be avoided as any ambiguity will be liable to be interpreted against him.

5. In declaring shares and stocks and other securities, jewellery, motor cars, motor cycles, refrigerators, other valuable movable articles and immovable property, the actual price paid by an officer must be mentioned, whatever their face value or depreciation might be. Movable articles costing less than Rs.500 for each item need not be mentioned. In columns 8 of Part A(1), 6 of Parts A(2) and A(3), and 5 of Parts B(1) and B(2) of the form of Declaration of Assets, the manner of acquisition of the property must be clearly and unambiguously given, i.e., whether the property was acquired by means of savings

from the Government Servant's salary or from income from any other source or by inheritance or by any other means to be specified. If an immovable or movable property is in the process of acquisition, for example, a piece of landed property which is being purchased in instalments or under one of the various mortgage schemes, or a car or a refrigerator or other pieces of furniture or jewellery are being paid for under a hire-purchase scheme in instalments or are mortgaged while being acquired, the full particulars of such properties should be given even though the title to the property may not yet have devolved upon the Government Servant making the declaration. It is incumbent upon the declarant in such cases to state the amount paid up to the relevant date for the purchase of the particular property.

6. In declaring Insurance Policies, the number of the policy or policies, the amount of Insurance, the name and address of the Company, the number of years during which premia have to be paid must be mentioned. Fully or partly paid-up Policies, Single or Limited Payment Policies must be described as such. Any omission in this respect will be liable to be interpreted as an attempt to conceal real assets. The names and addresses of the Banks of the declarant and his dependants together with the nature and number of the accounts should be given.

7. Every declaration must be made in the prescribed printed form and the prescribed declaration at the foot of every page must be signed.

8. If in the declaration it is not possible to give a correct statement of every asset as it stood exactly on the 1st January, the statement should be correct to the nearest date and that date should be mentioned. (Sometimes it is difficult to get a precise statement of Bank Accounts for example, as they stood on the 1st January.)

9. A Government Servant whose service is placed temporarily at the disposal of the Central or any other State Government or any other authority should be required to submit the Declaration of Assets to the Government of West Bengal.

10. The categories of assets mentioned in brackets in the printed declaration form are merely illustrative and not meant to be exhaustive.

11. In declaring precise location in column 2 of Schedule A—Immovable Property—(1) Lands, (2) Houses, record correct and full address including the number of municipal holding with street and lane in municipal areas and C. S. Plot numbers, C. S. Mouza number, village, union, thana, subdivision and district in rural areas.

12. In column 6 of A 1 and column 4 of A 2, please state the full value of the land and the house. If the value has not yet been determined please state how much has actually been paid. In case of a building, state the actual amount of money that has been spent up to 1st January or as near that date as possible even if the construction may be incomplete or just started.

13. The last date of submission of this Declaration of Assets is the 30th April every year for assets as they stood on the previous 1st January of that year. Gazetted Officers will submit these declarations by registered post at Government expense direct to the Chief Secretary in double sealed cover. The outer sealed cover will be addressed to the Chief Secretary to the Government of West Bengal and should not contain any indication of the contents. The inner sealed cover should contain the name of the officer, his service, rank and address and a certificate of the date for which the declaration stands (in the form: Declaration of Assets as they stood on 1st January, 19....). Non-gazetted officers will submit their declarations in sealed covers to their respective heads of offices for safe custody, the above instructions being followed mutatis mutandis. Government Servants are not required to supply more than one copy of the return and instructions for submission of returns in duplicate, triplicate, etc., are unauthorised.
